Skills in Business Johnny Sung, David N Ashton, 2014-11-03 Johnny Sung and David Ashton are two of the leading scholars in the area of skills This book combines challenging theories with cutting edge research in a way that should bring skills to life for students I strongly recommend it for anyone researching or studying in this area Irena Grugulis Leeds University Business School A much needed contribution to the complex debate of how skills can best be utilised to enhance company performance with particular emphasis on an innovative sectoral approach It is a model of clarity in its presentation of the authors conceptual models using a historical narrative as well as comparative case studies in both the UK and Singapore Bert Clough Leeds University Business School Public skills policy in most market economies in the last forty years made one repeated error time and again We seem to be unable to learn from those mistakes Consistently public policies view a wide range of economic and social issues e g low productivity low skilled jobs low wage inequality and in work poverty as the consequence of skills deficits and a lack of qualifications held by individual workers Whilst mis diagnosing the source of the problems and failing to deliver any effective change public skills policies continue with a policy prescription of more skills and more degrees If we have not solved the problems with this decade old approach why should the same medicine work this time This book examines the role of public skills policy from a completely different perspective It starts by challenging the lack of a systematic analysis of the link between skills utilisation and business strategy and provides a new model for fresh thinking The book extends this theoretical analysis to examine the implications for the sectoral approach to skills development as a more effective form of public skills policy David N Ashton is Emeritus Professor at the University of Leicester and Honorary Professor at Cardiff University Johnny Sung is at The Institute for Adult Learning Singapore Workforce Development Agency Singapore

High Skills : Globalization, Competitiveness, and Skill Formation Phillip Brown, Andy Green, Hugh Lauder, 2001-09-20 Economic globalization has led to intense debates about the competitiveness of nations Prosperity social justice and welfare are now seen to depend on the creation of a high skilled workforce This international consensus around high skills has led recent American presidents to claim themselves education presidents and in Britain Tony Blair has announced that talent is 21st century wealth This view of knowledge driven capitalism has led all the developed economies to increase numbers of highly trained people in preparation for technical

professional and managerial employment But it also harbours the view that what we regard as a skilled worker is being transformed The pace of technological innovation corporate restructuring and the changing nature of work require a new configuration of skills described in the language of creativity teamwork employability self management and lifelong learning But is this optimistic account of a future of high skilled work for all justified This book draws on the findings of a major international comparative study of national routes to a high skills economy in Britain Germany Japan Singapore South Korea and the United States and includes data from interviews with over 250 key stakeholders It is the first book to offer a comparative examination of high skill policies a topic of major public debate that is destined to become of even greater importance in all the developed economies in the early decades of the twenty first century Getting Skills Right: Italy OECD,2017-12-15 This report identifies effective strategies to tackle skills imbalances in Italy **OECD Skills Studies**

OECD Skills Strategy Diagnostic Report: Peru 2016 OECD,2016-11-25 Skills are central to Peru s future prosperity and the well being of its people Peru s economic development to date has largely been driven by abundant natural resources and high commodity prices in the global market The goal for the future is to ensure productive diversification expand OECD Skills Studies Skills Development and Training in SMEs OECD,2013-06-21 This book examines access to training by SMEs across seven regions in six OECD countries New Zealand Poland Belgium UK Turkey and Canada *Getting Skills Right: Good Practice in Adapting to Changing Skill Needs A Perspective on France, Italy, Spain, South Africa and the United Kingdom* OECD,2017-07-10 This report identifies effective strategies to tackle skills imbalances based on five country specific policy notes for France Italy Spain South Africa and the United Kingdom **Skills Shortages and Training in Russian Enterprises** ,2007 In the transition to a market economy the Russian workforce underwent a wrenching period of change with excess supply of some industrial skills coexisting with reports of skills shortages by many enterprises This paper uses data from the Russia Competitiveness and Investment Climate Survey and related local research to gain insight into the changing supply and demand for skills over time and the potential reasons for reported staffing problems and skills shortages including labor turnover compensation policies and the inhibiting effects of labor regulations It discusses in service training as an enterprise strategy for meeting staffing and skills needs and presents evidence on the distribution intensity and determinants of in service training in Russia It investigates the productivity and wage outcomes of in service training and the supportive role of training in firms research and development and innovative activities A final section concludes with some policy implications of the findings Universal Basic Skills What Countries Stand to Gain OECD,Hanushek Eric A.,Woessmann Ludger,2015-05-13 While access to schooling has expanded around the world many countries have not realised the hoped for improvements in economic and social well being Contemporary ELT Strategies in Engineering Pedagogy S. Mekala,Geetha R,2022-03-17 This book explores innovative pedagogical practices and teaching and learning strategies in the engineering curriculum for empowered learning It highlights the urgency for developing specific skill sets

among students that meet the current market recruitment needs The authors present a detailed framework for fostering a higher level of competence in students especially in their communication skills their knowledge of media and technology tools and their leadership skills The book offers examples of new and effective teaching strategies including cognitive metacognitive and socio affective strategies which align well with the existing and evolving technical curriculum The book will be of interest to teachers students and researchers of education engineering and higher education It will also be useful for English language teachers educators and curriculum developers

Skills Policy in Britain and the Future of Work

Tom Bewick,2025-10-29 What role did Winston Churchill play in excluding comprehensive schooling from the 1944 Education Act What was the failed promise of technical education in the post war period Why did Margaret Thatcher manipulate government training programmes before the 1987 General Election And what was the fallout of Tony Blair s government over lifelong learning In this book Tom Bewick examines the evolution of UK skills policy from the 1881 Royal Commission on Technical Instruction to the present day revealing how shifting political ideologies have shaped workforce development He applies a chronological historical political policy analysis framework to explain the four training states of skills policy and workforce development between the 1940s and the 2020s The interventionist state 1939 1979 The laissez faire state 1980 1988 Localism and the devolved states 1989 2010 The technocratic state 2010 present Traversing time periods to uncover political and economic driving forces this book challenges conventional thinking and offers insights into how future skills policies can be more effective

Elgar Encyclopedia of Labour Studies

Tor Eriksson,2023-09-06 This authoritative Elgar Encyclopedia provides a comprehensive overview of central concepts in labour studies and how they can be used to analyse labour markets Examining regional and sectoral labour markets alongside the internal labour markets of firms it clearly lays out the current state of social scientific knowledge on labour

Prolonged Employment of Older Workers

Kasia Karpińska,2025-10-01 Prolonged and productive employment of older workers is a necessary condition to maintain welfare and social security systems threatened by ageing populations Yet not much is known about the factors that define the opportunities for older workers in the labour market The current study has evaluated which individual characteristics of older workers organisations and managers affect managers decisions to hire older workers offer them training opportunities and retain them in organisations as well as the potential role of managers attitudes on their behaviour with respect to older workers

OECD Reviews on Local Job Creation Employment and Skills Strategies in Slovenia

OECD,2017-09-04 With the rising economic importance of human resources and skills employment and training agencies are now often expected to play a more important role in local strategies to support new job creation facilitate restructuring and increase productivity
