Slavery A Problem In American Institutional And Intellectual Life:

Slavery Stanley M. Elkins, 2013-08-16 This third edition of Stanley M. Elkins's classic study offers two new chapters by the author. The first, *Slavery and Ideology*, considers the discussion and criticism occasioned by this controversial work. Elkins amplifies his original purpose in writing the book and takes into consideration the substantial body of critical commentary. He also attempts a prediction on the course of future research and discussion. [Slavery: a Problem in American Institutional and Intellectual Life. 2nd Ed](#) Stanley Maurice ELKINS, 1968 [Slavery A Problem in American Institutional and Intellectual Life](#) Stanley M. Elkins, 1963

The Birth of African-American Culture Sidney Wilfred Mintz, 1992-07-01 This compelling look at the wellsprings of cultural vitality during one of the most dehumanizing experiences in history provides a fresh perspective on the African American past. **Dark Horizons** Tom Moylan, Raffaella Baccolini, 2003

Dark Horizons presents new essays on the dystopian turn of late twentieth century science fiction. Leading scholars discuss major dystopian traditions including cyberpunk and feminist utopian dystopian narratives as seen in works such as Octavia Butler's novel *Xenogenesis* and the film *Fight Club*. These essays draw out the ways in which contemporary science fiction literature and film has served as a prophetic vehicle for writers with ethical and political concerns. *The Atlantic Slave Trade* Jeremy Black, 2022-12-30

Originally published as a collection in 2006, this volume discusses the development of the Atlantic slave trade in the seventeenth century, looking at issues such as how African societies reacted to the trade, the economic origins of black slavery in the British West Indies, and the growth of plantations responding to changes in European diet, particularly the rise of the sugar economy. The volume also has an introduction by the editor commenting on the contribution each essay makes.

[Longman Companion to Slavery, Emancipation and Civil Rights](#) Harry Harmer, 2014-06-11 This Companion provides the essential background to the defining fate of the African diaspora in the Americas and the Caribbean from the 15th to the 20th centuries. Central to the book are detailed chronologies on the development and decline of the slave trade, slavery in colonial North and South America, the Caribbean, and the United States; movements for emancipation and the progress of black civil rights. Separate sections look at the long-running resistance against slavery and the black civil rights movements in the Americas and the Caribbean, with a comparative chronology of apartheid in South Africa. Supported by biographies of over 100 key individuals and a full glossary providing definitions of crucial terms, expressions, ideas, and events, this is required reading for anyone interested in the historical experience of slavery. [Critical White Studies](#) Richard Delgado, Jean Stefancic, 1997-06-29

This work, drawn from sociology, law, history, cultural studies, and literature, presents an analysis of the emerging field of whiteness studies as the next step of critical race theory. It investigates what it means to be white from both a nonwhite and a white perspective. [The Background to Ethnic Conflict \(=IJCS XX,1-2\)](#) William Petersen, 2022-04-25

[Handbook Global History of Work](#) Karin Hofmeester, Marcel van der Linden, 2017-11-20 Coffee from East Africa, wine from California, chocolate from the Ivory Coast: all those everyday products are based on labour, often produced under

appalling conditions but always involving the combination of various work processes we are often not aware of What is the day to day reality for workers in various parts of the world and how was it in the past How do they work today and how did they work in the past These and many other questions comprise the field of the global history of work a young discipline that is introduced with this handbook In 8 thematic chapters this book discusses these aspects of work in a global and long term perspective paying attention to several kinds of work Convict labour slave and wage labour labour migration and workers of the textile industry but also workers organisation strikes and motivations for work are part of this first handbook of global labour history written by the most renowned scholars of the profession *Writing the History of Slavery* David Stefan Doddington, Enrico Dal Lago, 2022-01-13 Exploring the major historiographical theoretical and methodological approaches that have shaped studies on slavery this addition to the Writing History series highlights the varied ways that historians have approached the fluid and complex systems of human bondage domination and exploitation that have developed in societies across the world The first part examines more recent attempts to place slavery in a global context touching on contexts such as religion empire and capitalism In its second part the book looks closely at the key themes and methods that emerge as historians reckon with the dynamics of historical slavery These range from politics economics and quantitative analyses to race and gender to psychohistory history from below and many more Throughout examples of slavery and its impact are considered across time and place in Ancient Greece and Rome Medieval Europe colonial Asia Africa and the Americas and trades throughout the Atlantic and Indian Oceans Also taken into account are thinkers from Antiquity to the 20th century and the impact their ideas have had on the subject and the debates that follow This book is essential reading for students and scholars at all levels who are interested in not only the history of slavery but in how that history has come to be written and how its debates have been framed across civilizations **Liberty and Union** Edgar J. McManus, Tara Helfman, 2013-12-04 This the first of two volumes of Liberty and Union is a comprehensive constitutional history of the United States from the Anglo American origins of the Constitution through the colonial and antebellum periods to the Civil War and the consequent restructuring of the nation Written in a clear and engaging narrative style it successfully unites thorough chronological coverage with a thematic approach offering critical analysis of core constitutional history topics set in the political social and economic context that made them constitutional issues in the first place Combining a thoughtful and balanced narrative with an authoritative stance on key issues the authors explain the past in the light of the past without imposing upon it the standards of later generations Authored by two experienced professors of History and Law this textbook has been thoughtfully constructed to offer an accessible alternative to dense scholarly works avoiding unnecessary technical jargon defining legal terms and historical personalities where appropriate and making explicit connections between constitutional themes and historical events For students in an undergraduate or postgraduate constitutional history course or anyone with a general interest in constitutional developments this book will be essential reading Useful features include Full glossary of

legal terminology Recommended reading A table of cases Extensive supporting artwork Companion website Useful documents provided Declaration of Independence Articles of Confederation Constitution of the United States of America Chronological list of Supreme Court justices **In Harm's Way** Joel Feinberg, Jules L. Coleman, Allen Buchanan, 1994-06-24 This 1994 volume contains fifteen essays by leading philosophers exploring themes developed in the work of Joel Feinberg

Domesticating Slavery Jeffrey Robert Young, 2005-10-12 In this carefully crafted work Jeffrey Young illuminates southern slaveholders strange and tragic path toward a defiantly sectional mentality Drawing on a wealth of archival evidence and integrating political religious economic and literary sources he chronicles the growth of a slaveowning culture that cast the southern planter in the role of benevolent Christian steward even as slaveholders were brutally exploiting their slaves for maximum fiscal gain Domesticating Slavery offers a surprising answer to the long standing question about slaveholders relationship with the proliferating capitalistic markets of early nineteenth century America Whereas previous scholars have depicted southern planters either as efficient businessmen who embraced market economics or as paternalists whose ideals placed them at odds with the industrializing capitalist society in the North Young instead demonstrates how capitalism and paternalism acted together in unexpected ways to shape slaveholders identity as a ruling elite Beginning with slaveowners responses to British imperialism in the colonial period and ending with the sectional crises of the 1830s he traces the rise of a self consciously southern master class in the Deep South and the attendant growth of political tensions that would eventually shatter the union **When Men Revolt and Why** Harold J. Bershad, 2020-03-26 The environment within which humans interact has changed dramatically since the Industrial Revolution However their expectations stem from the same hopes and dreams people have had from the beginning of humankind When Men Revolt and Why encourages readers to look closer and more deeply into the relationships between humans and the institutions that have originated to help them realize their full potential The contributors not only examine people but also the need to change institutions that have outworn their usefulness When institutions inhibit rather than facilitate everyone's desire to live a full life the result is likely to be violence This book offers the ideas of many people who have tried to dig deeper into basic causes of violence Included in this volume are selections by Aristotle Tocqueville Marx and Engels and Brinton The ideas they espoused still hold vitality In his new introduction James Davies talks about the circumstances under which this book was originally published In Vietnam a people were fighting for their autonomy In the United States many Americans were protesting against American involvement in the Vietnam War Blacks were marching for their civil rights Women were fighting for equality Time has tempered these conflicts Davies maintains that we remain ignorant of the elemental forces that impel people and nations to resort to violence We are usually surprised by their anger and shocked by their violence Davies asserts that we need to learn more about how humans respond to change so as to prepare ourselves for such responses to change When Men Revolt and Why is as timely as ever as we deal with uncertainty in various areas of the world the former Yugoslavia the Middle East and Ireland among others It is

especially pertinent for political scientists historians and sociologists **Race, Ethnicity, and Gender** Joseph F. Healey, Eileen O'Brien, 2007-05-08 The Second Edition of *Race Ethnicity and Gender Selected Readings* offers comprehensive varied and highly readable views of the problems of racism and sexism in American society Editors Joseph F Healey and Eileen T O'Brien present a variety of perspectives on some of the most pressing problems facing American society racism and prejudice inequality and discrimination and assimilation and pluralism This new edition includes historical perspectives case studies of minority groups a strong emphasis on gender clashing perspectives on contemporary problems and a chapter on solutions **The Antislavery Vanguard** Martin B. Duberman, 2015-12-08 The generally accepted historical viewpoint that the abolitionists were meddlesome fanatics is challenged here by a group of contemporary historians In this re examination of these abolitionists the harsh one sided judgment that they were men blind to their own motives to the needs of the country and even to the welfare of the slaves and that their self righteous fury did much to bring on a needless war is not completely reversed but a more sympathetic evaluation of their role does emerge The motives tactics and effects of the abolitionist movement are reviewed and its place in the broader context of the antislavery movement is reconsidered Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Twentieth-Century America** Douglas Tallack, 2014-07-22 The multi volume Longman literature in English series aims to provide students of literature with a critical introduction to the major genres in their historical and cultural context This book looks at cinema painting and architecture in 20th century America as well as the culture of politics Contesting Slave Masculinity in the American South David Stefan Doddington, 2018-07-12 Highlights competing masculine values in slave communities and reveals how masculinity shaped resistance accommodation and survival **Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies
