Small Town and the Nation Don Martindale, Russell Galen Hanson, 1969 **Small Town and the Nation** Don Martindale, Russell Galen Hanson, 1969 **A Place Called Home** Richard O. Davies, David R. Pichaske, Joseph Anthony Amato, 2003 2004 Minnesota Book Award Winner The Midwestern small town has long held an iconic place in American culture from the imaginings of Sinclair Lewis's Main Street and Sherwood Anderson's Winesburg Ohio to Garrison Keillor's Lake Wobegon But the reality is much more complex as the small town has been a study in transition from its very inception In A Place Called Home editors Richard O Davies Joseph A Amato and David R Pichaske offer the first comprehensive examination of the Midwestern small town and its evolving nature from the 1800s to the present This rich collection gleaned from the best writings of historians novelists social scientists poets and journalists features not only such well known authors as Sherwood Anderson Carol Bly Willa Cather Hamlin Garland Langston Hughes Garrison Keillor William Kloefkorn Sinclair Lewis Susan Allen Toth and Mark Twain but also many lesser known and exceptionally talented writers Five chronological sections trace the founding growth and decline of the Midwestern town and introductory comments illuminate its ever changing face The result is a wide ranging collection of writings on the community at the heart of America **Jewish Life in Small-Town America** Lee Shai Weissbach, 2008-10-01 In this book Lee Shai Weissbach offers the first comprehensive portrait of small town Jewish life in America Exploring the history of communities of 100 to 1000 Jews the book focuses on the years from the mid nineteenth century to World War II Weissbach examines the dynamics of 490 communities across the United States and reveals that smaller Jewish centers were not simply miniature versions of larger communities but were instead alternative kinds of communities in many respects The book investigates topics ranging from migration patterns to occupational choices from Jewish education and marriage strategies to congregational organization The story of smaller Jewish communities attests to the richness and complexity of American Jewish history and also serves to remind us of the diversity of small town society in times past *Postcolonial Translocations* Marga Munkelt, Markus Schmitz, Mark Stein, Silke Stroh, 2013 The sites from which postcolonial cultural articulations develop and the sites at which they are received have undergone profound transformations within the last decades This book traces the accelerating emergence of cultural crossovers and overlaps in a global perspective and through a variety of disciplinary approaches It starts from the premise that after the spatial turn human action and cultural representations can no longer be grasped as firmly located in or clearly demarcated by territorial entities The collection of essays investigates postcolonial articulations of various genres and media in their spatiality and locatedness while envisaging acts of location as dynamic cultural processes It explores the ways in which critical spatial thinking can be made Productive Testing the uses and limitations of translocation as an open exploratory model for a critically spatialized postcolonial studies it covers a wide range of cultural expressions from the anglophone world and beyond literature film TV photography and other forms of visual art philosophy historical memory and

tourism The extensive introductory chapter charts various facets of spatial thinking from a variety of disciplines and critically discusses their implications for postcolonial studies The Contributors essays range from theoretical interventions into the critical routines of postcolonial criticism to case studies of specific cultural texts objects and events reflecting temporal and spatial material and intellectual physical and spiritual mobility What emerges is a fascinating survey of the multiple directions postcolonial translocations can take in the future This book is aimed at students and scholars of postcolonial literary and cultural studies diaspora studies migration studies transnational studies globalisation studies critical space studies urban studies film studies media studies art history philosophy history and anthropology Contributors Diana Brydon Lars Eckstein Paloma Fresno Calleja Lucia Kr mer Gesa Mackenthun Thomas Martinek Sandra Meyer Therese M Meyer Marga Munkelt Lynda Ng Claudia Perner Katharina Rennhak Gundo Rial y Costas Markus Schmitz Mark Stein Silke Stroh Kathy Ann Tan Petra Tournay Theodotou Daria Tunca Jessica Voges Roland Walter Dirk Wiemann Changing and Unchanging Face of U.S. Civil Society Marcella Ridlen Ray, 2017-12-02 Ray has written a book that should be read by anyone interested in the current debates about the general health of civil society in the United States American Journal of Sociology The formation maintenance and well being of American civil society is a topic of intense debate in the social sciences Until now this debate has lacked rigor with the term civil society commonly used interchangeably and imprecisely with other terms such as civic engagement Today s discourse also lacks methodological discipline and relies too heavily on narrowly selected evidence in support of a particular argument In this invaluable contribution to the debate Marcella Ridlen Ray supplies an empirical study based on a theoretical model of democratic civil society one that posits high levels of communication diversity autonomy mediation and voluntary association In Ray s account the emergent story of U S civil society is that of a dynamic institution not necessarily one that is linear in its progression It is a tale of flux resilience and stability over the long term that is consistent with subtexts on political equilibrium she notes in the work of early political analysts such as Aristotle Machiavelli Locke Burke and later Tocqueville Ray dispels the widely accepted myth that Americans are increasingly apathetic and withdrawn from common interests The evidence reveals a persistence of long standing public spiritedness despite the fact that individuals use wider discretion in deciding if and how to attach to community and despite a historical lack of enthusiasm for performing civic duties in lieu of more pleasurable leisure activity This public spiritedness continues to reflect embedded religious cultural values that disproportionately influence how and when people dedicate time and money to associational life U S civil society has grown more inclusive and democratic as Americans venture at growing rates across differences in perspective **Rural Development** Keith Hoggart, Henry Buller, 2015-12-22 This book originally published in 1987 provides an integrative analytical approach to rural areas in advanced economies Causation and the consequences of societal change have been emphasised in a framework which draws out processes which operate at different geographical scales and with varying intensities across space **Nearby History** David E. Oneness of Politics and Religion Nicholas C. Eliopoulos,2002-09 A historical and anthropologic retrospective on the evolution of politico religious politic man from the time of Adam until today The two most important aspects of man s developmental civilization and his continuance are politics and religion In a historical sense the two have gone hand in hand regardless of the modern concept of separating church and state It is the author s premise that politics and religion should be in juxtaposition as they were in the Byzantine period The author does not overlook the fact that both politics and religion have had their character stained But the stains are superficial and fade from view when the substantive qualities of both axiomatic systems are brought into focus One of the interesting tools the author uses in bringing these substantive qualities to light is discussing the two systems in terms of their paternalistic and maternalistic behavior and thereby setting up through empirical evaluation a natural order of things according to what paternalism and maternalism make of man For the historical and social testing ground the author especially looks into the Byzantine period for testing the good and evil precepts of his theory From this study comes a oneness an Ecumenical Legacy the author calls it of politics religion and ethics a divine direction for man Synodically oriented that is realistic and optimistic too a joining of those normally interpreted opposites seldom seen these days Government in the Twilight Zone John R. Baker,2015-05-05 Illuminates how local board systems operate and the motivations and experiences of their members While 97 percent of all American cities are smaller than 50 000 and millions of Americans experience civic life in these communities what we know about their politics and governance is limited particularly how local board systems operate who the board members are what motivates them to serve and what they think about their experiences Drawing on a unique and extensive set of survey data from board members mayors and city councilors in sixty cities across six states *Government in the Twilight Zone* significantly expands our knowledge of small city boards and politics By embedding the empirical research in the historical trajectory of small towns John R Baker provides a rich narrative that discusses the role of entities such as planning commissions parks and recreation boards and zoning appeals boards He also clarifies how board and commission members are recruited in small cities explains how these organizations work to make the decisions required of them and reveals what they and their city councilors and mayors think about their importance and effectiveness Professional city managers have long known about the influence and importance of advisory boards and commissions in the decision making in local government Thank you Rob for shedding a little light on these groups that operate in the twilight of government Scot E Simpson City Administrator River Falls Wisconsin *People, Poverty, and Politics* Thomas H. They Treated Us Just Like Indians Paula L. Wagoner, 2002-01-01 On a typical day in Bennett County South Dakota farmers and ranchers work their fields and tend animals merchants order inventory and stock shelves teachers plan and teach classes health workers aid the infirm in the county hospital or clinic and women make quilts and heirlooms for their families or the county fair Life is usually unhurried with time for chatting with neighbors and catching up on gossip But Bennett County is far from typical Nearly a century ago the county was carved out of Pine Ridge Reservation and opened to white settlers Today Bennett County sits awkwardly between the Pine Ridge and Rosebud Sioux Reservations with nearly one third of its land classified as Indian Country and the rest considered by many Pine Ridge Lakotas to still belong to the reservation The county is home to a dynamic population divided by the residents into three groups whites fullbloods and mixedbloods Tensions between the three groups lurk amid the quiet harmony of Bennett County's everyday rural life and emerge in moments of community crisis In a moving account anthropologist Paula L Wagoner tells the story of Bennett County using snapshots of community events and crises past and present to reveal the complexity of race relations and identities there A homecoming weekend at Bennett County High School becomes a flashpoint for controversy because of the differences of meaning ascribed by the county's three identity groups to the school's team name the Warriors At another time the shooting

of a Lakota man by a local non Indian rancher and the volatile wake that follows demonstrate the impulse to racialize disputes that lies just beneath the surface of everyday life Yet such very real problems of identity have not completely overwhelmed Bennett County Wagoner also shows that despite their differences residents have managed to find common ground as a region of diverse insiders who share an economic dependency on federal funds distrust outsiders and above all deeply love their land
