Smugglers Dog:

The Smugglers Charles George Harper, 1909 Opinions have ever been divided on the question of the morality or the immorality of smuggling This is not in itself remarkable since that subject on which all men think alike has not yet been discovered but whatever the views held upon the question of the rights and wrongs of the free traders craft they have long since died down into abstract academic discussion Smuggling is indeed not dead but it is not the potent factor it once was and to what extent Governments are justified in taxing or restricting in any way the export or the import of goods will not again become a living question in this country until the impending Tariff Reform becomes law There have been those who reading the proofs of this book have variously found in it arguments for and others arguments against Protection but as a sheer matter of fact there are in these pages no studied arguments either way and facts are here presented just as they are retrieved from half forgotten records with no other ulterior object than that of entertainment But if these pages also serve to show with what little wisdom people are and generally have been governed they may not be without their uses England it may surely be gathered here and elsewhere is what she is by sheer force of dogged middle class character and in spite of her statesmen and lawgivers

Dirty Dealing Gary Cartwright,2010-11 A hell of a story about drugs corruption and violence told by a virtuoso Playboy magazine Dirty Dealing a true story chronicles the rise and fall of the house of Chagra The Chagra brothers of El Paso were pioneers in smuggling drugs across the Mexican border and were infamous for their fabulous wealth But in the end Lee Chagra was gunned down a federal judge was assassinated Jimmy and Joe Chagra were imprisoned and Charles Harrelson actor Woody Harrelson s father was convicted for the judge s murder When Federal Judge John Maximum Wood was shot outside his home in San Antonio Texas in 1979 the first assassination of a federal judge in more than a hundred years his death sent waves of shock across the country The FBI labeled it the crime of the century Former President Nixon expressed outrage calling for quick arrest and punishment But the crime s solution would be anything but fast Dragging on for years and costing 11 4 million the investigation turned out to be the largest in recent FBI history surpassing even that of President John F Kennedy s assassination Gary Cartwright senior editor of Texas Monthly and author of several nonfiction bestsellers details the full history of the events leading up to this crime and the trials that followed in Dirty Dealing This reprint from Cinco Puntos Press includes a new afterword by the author Complete with shady maneuverings on the part of the federal government and an outcome that Kirkus Reviews has called straight from Oz Dirty Dealing is one of the richest and most fascinating of all true crime stories From the Author Gary Cartwright I don t claim much of a literary background The town where I grew up Arlington Texas had a tiny library above the fire station The first writer who truly impressed me and caused me to wonder if there was something out there for me was Hemingway For a long time I tried to emulate his clean crisp style and feeling for life and death I was going pretty well with Hemingway when I got sidetracked by Durrell s Alexandria Quartet

at which time I lapsed into my Purple Period Nelson Algren's *Walk on the Wildside* I think I read some Conrad about the same time got me out of the stench of lyrical overripe nonsense and back in the dust where I belonged Somewhere in there I read Robert Stone's *A Hall of Mirrors* and later *Dog Soldiers* and began to understand that a writer's true function was storytelling Like a lot of writers my age my head was turned by reading J D Salinger though I didn't understand him I came to prefer William Goldman who wrote more to my level and with a skill I could appreciate and borrow from I know it's popular in literary circles to dismiss Goldman as a hack gone Hollywood but I wish I had his gift as a storyteller In recent years I have fallen in love with such mystery writers as Raymond Chandler Dashiell Hammett and John LeCarr There is something cynical and laconic in the way these writers weave a story as though to say life really has no resolution it's just one damn thing after another but worthwhile if it's done right Two books that influenced my own works were David Storey's *This Sporting Life* which I read shortly before beginning my football novel *The Hundred Yard War* and Truman Capote's *In Cold Blood* which was the inspiration for my two latest books *Blood Will Tell* and *Dirty Dealing* I am fascinated by this genre and have come to recognize that life imitating art is every bit as literate as art imitating life In a way I can't quite explain *Dirty Dealing* was influenced too by John Reed's *Insurgent Mexico* Reed got across a feeling for how the isolation of desert wastelands gives both a meaning and a meaninglessness to life and how codes within cultures are more permanent than laws within nations
