Stello Alfred de Vigny, 2015-11-24 Stello 1832 marks the watershed in Alfred de Vigny's development as a writer from the Romantic lyricist to the philosophical poet from the fabricator of historical romances to the novelist of ideas In the characters of Stello and Doctor Noir he externalizes the conflict in his own nature between the youthful idealist and the mature realist Stello is the patient sick with romantic sentiment who must be cured by the acrid psychiatrist Doctor Noir In order to effect this cure Doctor Noir undertakes to disillusion the young man by describing the deaths of three unfortunate poets each of whom came to grief under a different political and social system Each like Stello tended to ignore the nature of the real world hoping to substitute for it an impossible ideal Each was disappointed Nicholas Joseph Laurent Gilbert and Thomas Chatterton both took their own lives Andre Chenier was the victim of the Reign of Terror From their stories Stello may perhaps learn to free himself from the hope for assurances then in the pathos of his ignorance he may begin to aspire to the peculiar dignity of the human being

Stello Alfred de Vigny, 1963-01-01 **Dream Projects in Theatre, Novels and Films** Yehuda Moraly, 2020-11-02 Every artist has a dream project an enterprise that he or she has continuously taken up but never completed Via archived notes and drafts a retrospective reconstitution of such projects can serve as a key for better understanding the authors artistic corpus The present study reaches out to the authorship of Paul Claudel Jean Genet and Federico Fellini Claudel deferred and never completed the fourth segment of his Trilogie des Coufontaine The only indication of the existence of this prospective fourth part of the theatre sequence is a brief entry in his Journal In 1949 he began writing a third version of his first great work T te d Or Like the unfinished fourth section that was to be added to the trilogy the draft of the third version of T te d Or reveals a dialogue between the Old and New Testaments a theme that appears to be central to Claudel's entire corpus Genet labored over La Mort for many years At the conclusion of Saint Genet com dien et martyr 1952 Sartre mentions this final work of Genet Genet discussed his progress on La Mort in correspondence and even published Fragments of La Mort in the literary magazine Les Temps Modernes While the project never came to fruition it nevertheless remains an important means through which to understand Genet's work The aborted production of Fellini's Voyage de G Mastorna has

become a legend After 8 and Giulietta degli spiriti Fellini wrote a screenplay that he began to film but subsequently abandoned much to the chagrin of producer Dino de Laurentiis who had already invested in sets and costumes Fellini would often revisit this project but never completed it This book also examines additional dream projects taken from different art forms poetry Mallarmé's *Le Livre* literature Vigny's *Daphn* painting Monets *Nymph* as music Schoenberg's *Moses und Aron* and various films Clouzot's *LEnfer* Visconti's *La Recherche* Kubrick's *Napoleon* etc

The Decadent Republic of Letters Matthew Potolsky, 2012-10-15 While scholars have long associated the group of nineteenth century French and English writers and artists known as the decadents with alienation escapism and withdrawal from the social and political world Matthew Potolsky offers an alternative reading of the movement In *The Decadent Republic of Letters* he treats the decadents as fundamentally international defined by a radically cosmopolitan ideal of literary sociability rather than an inward turn toward private aesthetics and exotic sensation *The Decadent Republic of Letters* looks at the way Charles Baudelaire Théophile Gautier and Algernon Charles Swinburne used the language of classical republican political theory to define beauty as a form of civic virtue The libertines an international underground united by subversive erudition gave decadents a model of countercultural affiliation and a vocabulary for criticizing national canon formation and the increasing state control of education Decadent figures such as Joris Karl Huysmans Walter Pater Vernon Lee Aubrey Beardsley and Oscar Wilde envisioned communities formed through the circulation of art Decadents lavishly praised their counterparts from other traditions translated and imitated their works and imagined the possibility of new associations forged through shared tastes and texts Defined by artistic values rather than language geography or ethnic identity these groups anticipated forms of attachment that are now familiar in youth countercultures and on social networking sites Bold and sophisticated *The Decadent Republic of Letters* unearths a pervasive decadent critique of nineteenth century notions of political community and reveals the collective effort by the major figures of the movement to find alternatives to liberalism and nationalism

Fashion and Fetishism David Kunzle, 2006-08-24 Presenting the history of corsetry and body sculpture this edition shows how the relationship between fashion and sex is closely bound up with sexual self expression It demonstrates how the use of the corset rejected the role of the passive maternal woman so that in Victorian times it was seen as a scandalous threat to the social order

Nethered Regions - An Anatomy of Mina Loy Sara Crangle, 2024-04-30 Mina Loy has long been recognised as a writer who insists on the primacy of the corporeal Over two volumes Sara Crangle excavates how Loy's relationship to the human body was inextricable from her esoteric understanding of the human soul *Nethered Regions An Anatomy of Mina Loy* develops new thinking on Loy's representations of the foundations of existence exploring topics that include sentience primitivism evolution vitalism and sensibility Dubbing Loy an atavistic vanguardist this book aligns sacrifice and satire demonstrating how Loy devises an original feminist satirical mode by which sardonic aggression is aimed at generating intimacy and proximity rather than ironised distance Loy's articulations of low body parts feet legs genitals bellies and wombs are

explored in chapters that theorise her deployment of dissident sexualities queerness prostitution women s pleasure and censorship pictorial poetic cartographies of desire and the accursed muse that is unsung counterpart to the poete maudit

The Neural Imagination Irving Massey,2012-11-29 Art and technology have been converging rapidly in the past few years an important example of this convergence is the alliance of neuroscience with aesthetics which has produced the new field of neuroaesthetics Irving Massey examines this alliance in large part to allay the fears of artists and audiences alike that brain science may explain away the arts The first part of the book shows how neuroscience can enhance our understanding of certain features of art The second part of the book illustrates a humanistic approach to the arts it is written entirely without recourse to neuroscience in order to show the differences in methodology between the two approaches The humanistic style is marked particularly by immersion in the individual work and by evaluation rather than by detachment in the search for generalizations In the final section Massey argues that despite these differences once the reality of imagination is accepted neuroscience can be seen as the collaborator not the inquisitor of the arts

Sentimental State(s) Heike Paul,Sarah Pritz,2025-08-12 The word state has a double meaning signifying both a condition and a political entity Starting from this observation the contributors to this volume provide a cross cultural and cross media discussion of the role of the sentimental in political culture In their case studies from all over the world they focus on affective politics of order and belonging in processes and constellations of community building They analyze sentimental encodings used in symbolic interactions ranging from foundational narratives and state orchestrated public rituals to visualizations of citizenship and protest movements

Julius Caesar Richard Wilson,2017-04-29 Julius Caesar A New Casebook provides students and academics with a selection of important essays by leading contemporary critics on Shakespeare s first Globe play New historicist feminist psychoanalytic and Marxist readings of the tragedy have been chosen to highlight the urgency with which this drama of prophecy interpretation and political crisis speaks to twenty first century concerns about democracy the media and mass communication
