

LESSON 5

KEYBOARD FAMILIARIZATION

DOUBLE CHARACTER REPRESENTATIONS THE VOWEL “I” & INITIAL SIDE

Not all alphabetic letters are represented by single keys on the shorthand machine. Some require depression of two keys simultaneously.

I = EU

For example, there is no “I” on the keyboard. The letter “I” is represented by combining and striking together the letters “E” and “U.” Whenever you see “EU” in your notes, call that combination what it represents — the letter “I.”

This practice should apply to all future combinations which you will learn. Do not call combinations by the letters which are written. Call the combination the letter it represents.

Without looking at the machine, place your fingers on the home row of keys.

Practice EU for I by writing the following: (Remember, a hyphen following a letter means it is an initial consonant.)

S- I T- I K- I P- I W- I H- I R- I

In the following exercises, when two or more letters appear together, they are to be pressed simultaneously. That is, “SA” is written in one stroke, not two. This is also true for subsequent exercises.

KEYBOARD PRACTICE 5-1 DOUBLE CHARACTERS—INITIAL SIDE (Audio & Tutorial Exercise T05-1)

Practice writing these combinations:

SA TO KE PU WI HE RE RI
SAI TOI KI PAE WOE HE HOI

The profusion of medieval churches in Norfolk provides not only examples of beautiful church architecture but also records life in their communities and offers an insight into the history of medieval England The third revised and enlarged edition of *The Guide to Norfolk Churches* contains an encyclopaedic glossary and a detailed index which contribute to the comprehensive survey provided by this guide This indispensable guide to the living medieval churches of Norfolk helps the visitor to understand both the general features of churches and the unique aspects of those in different areas The guide is generously illustrated with photographs line drawings and a detailed map to aid in locating each church within the county The expanded reference section is designed to answer a host of questions which may tease the church visitor For example what symbols are used to represent particular saints Why do so many Norfolk churches stand isolated from their villages And why does the pagan Green Man find a place in our Christian churches This book provides the answers to these and other questions Written by enthusiasts for both the churches and the county in which they stand the great appeal of this guide is that once the code of church architecture has been broken and the language learned every church be it ever so humble is shown to be unique with its own story to offer This guide provides the key In this his revised guide to Norfolk churches Mr Mortlock has provided us with a fascinating and illuminating description of each and every one he has visited Armed with this guide the visitor cannot fail to enjoy exploring our lovely churches and having done so it is my earnest hope that he or she will be inspired to lend their support to these marvellous symbols of our heritage From the Foreword by the Countess of Leicester **The Ultimate Fan's Guide to**

Avatar Kevin Patrick Mahoney,2010 Avatar is the most successful movie of all time surpassing the record held by James Cameron s previous monster hit Titanic It is also the most expensive movie ever With its adoption of modern 3D techniques Avatar is arguably the most spectacular film of all time Kevin Patrick Mahoney explores how Avatar has reached this pinnacle of success The film has not been universally praised some critics have pointed to an overly simple plot and dialogue However Kevin reveals that there are many complex themes that lie behind such apparent simplicity This book begins with an in depth

review of events as they happen on screen including the many scenes deleted from the film and then proceeds to explore some of the most interesting themes in more depth Kevin examines how James Cameron has adapted Joseph Campbell's theory of the Hero's Journey in Avatar The Na'vi's planet Pandora is very paradisiacal so this book discusses how it's related to the Biblical Garden of Eden In addition to this Kevin dissects Avatar's rather confused politics the controversial depiction of the US Marine Corps and the accusations of racism that have hurled at the film Since Jake Sully is introduced to us in a wheelchair Kevin examines the representation of disabled people in Avatar and other science fiction dramas Some of Avatar's subtle depictions of sexuality seemed to be mainly directed at adolescent boys so this book also dissects some of the more blue aspects of the movie Moreover Kevin Patrick Mahoney reveals how Avatar relates to James Cameron's previous blockbuster movies Current Catalog National Library of Medicine (U.S.),1980 First multi year cumulation covers six years 1965-70
