H. Ruddock, 2017-11-03 Excerpt from *The Stepping Stone to Homoeopathy and Health* Domestic homoeopathy the profession of medicine cannot in this age of progress be treated as a mystery The aim of the enlightened physician is to make its principles as extensively known as possible conscious that thereby the greatest amount of good will accrue both to the profession and the public Still the objection is often urged that domestic Homoeopathy trenches on the legitimate sphere of the profession and is dangerous in its tendency Neither objection is valid Drugs are and we believe ever will be employed in nearly every household antibilious pills Epsom salts rhubarb sulphur magnesia quinine etc we are not therefore the originators of domestic treatment we have rather sought to reform it by substituting remedies and measures which are not only far less harmful but very much more efficacious than those ordinarily adopted Failure in health of a simple and uncomplicated nature may often be arrested at the outset by carrying out the instructions contained in the following pages while if neglected till the symptoms assume forms which seem to justify the consultation of a medical man it may become converted into serious and even fatal disease About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
