Steps On The Road To Medicare Why Saskatchewan Led The Way:

Steps on the Road to Medicare Clarence Stuart Houston, 2002 An in depth look at why Saskatchewan was the first province to introduce medicare *36 Steps on the Road to Medicare* C. Stuart Houston, Merle Massie, 2013-10-01 The cooperative spirit of citizens in twentieth century Saskatchewan nurtured innovation in health care and health policy 36 Steps on the Road to Medicare showcases the decisions that led to the province's medicare system the forerunner of Canadian health care Stuart Houston and Merle Massie document the range of Saskatchewan leadership on Canadian North American and world stages municipal doctors and municipal hospitals the first Red Cross Outpost Hospital in the British Empire tuberculosis diagnosis and treatment a successful pilot comprehensive regional health care plan government sponsored cancer clinics innovative LSD and patient oriented treatment for psychoses the first full time cancer physicist in Canada and the world's first concerted clinical use of the betatron and Cobalt 60 in cancer treatment They show how North America's first social democratic government the Co-operative Commonwealth Federation elected in 1944 and led by the incomparable Tommy Douglas created the blueprint for comprehensive health care and how sequential steps on the road to medicare were implemented quickly and within budget When federal support for national hospitalization became available Saskatchewan could afford to initiate medicare in 1962 Other Canadian provinces soon followed Saskatchewan's lead Updated to engage with current debates 36 Steps on the Road to Medicare navigates the history of medicare and demonstrates the spirit of innovation that Canada will need to save it Steps on the Road to Medicare C. Stuart Houston, 2003 **The Affordable Care Act and Medicare in Comparative Context** Eleanor D. Kinney, 2015-07-20 Burdened with perennially rising costs and responsible for providing health insurance to more than one sixth of all Americans Medicare in its original form is fiscally and demographically unsustainable In light of dramatic reforms under the Affordable Care Act ACA this book provides a comprehensive overview of the current state of Medicare Eleanor D Kinney explains how the ACA addresses systemic problems of cost and volume inflation quality assurance and fraud Recognizing the potential for more radical change in the future Kinney also explores the potential of Medicare to become a single payer system Comparisons are made with national health systems in Canada and the United Kingdom from which the United States can draw valuable lessons An approachable yet comprehensive account of Medicare and the ACA this book will be invaluable for health care professionals and informed citizens **Tommy Douglas and the Quest for Medicare in Canada** Gregory Marchildon, 2024-11-30 How and why was universal health coverage implemented so early in a poverty stricken province in Canada Why was its design so faithfully replicated in the national standards that ultimately shaped Medicare across the rest of Canada Seeking to answer these questions Tommy Douglas and the Quest for Medicare in Canada explores the history of universal health care through the life of Canadian politician Tommy Douglas identifying the pivotal moments and decisions that led to the establishment of Medicare in Canada The book traces the origins of Medicare back to the 1930s Depression and its devastating impact on the

Prairie populations Marchildon examines how Tommy Douglas and a new generation of reformers radicalized by the Depression prioritized socialized health care The book reveals how as the provincial party leader Douglas leveraged support from both local and external allies to rapidly implement universal hospital insurance and lay the groundwork for a new health system Despite strong opposition from physician and business lobbies Douglas continued to pressure the government for federal cost sharing of universal health coverage Drawing on archival sources including speeches television broadcasts and cabinet documents Tommy Douglas and the Quest for Medicare in Canada illuminates how Douglas's vision leadership and coalition building among unions were crucial to the successful establishment of Medicare in Canada [Making Medicare](#) Gregory P. Marchildon, 2012-01-01 This collection fills a serious gap in the existing literature by providing a comprehensive policy history of Medicare in Canada [Saskatchewan Politics](#) Howard A. Leeson, 2009 Accompanied by DVD videodisc entitled The 2006-08 throne and budget debates between NDP leader Lorne Calvert and Saskatchewan Party leader Brad Wall in jewel case **Party of Conscience** Roberta Lexier, Stephanie Bangarth, Jonathan Weier, 2018-09-24 Surveying the field of political history in Canada one might assume that the politics of the nation have been shaped solely by the Liberal and Conservative parties Relatively little attention has been paid to the contributions of the CCF and NDP in Canadian politics This collection remedies this imbalance with a critical examination of the place of social democracy in Canadian history and politics Bringing together the work of politicians think tank members party activists union members scholars students and social movement actors in important discussions about social democracy delving into an array of topics including municipal provincial and national issues labour relations feminism contemporary social movements war and society security issues and the media Party of Conscience reminds Canadians of the important contributions the CCF and NDP have made to a progressive compassionate idea of Canada [Doctors beyond Borders](#) Laurence Monnais, David Wright, 2016-05-09 The transnational migration of health care practitioners has become a critical issue in global health policy and ethics Doctors beyond Borders provides an essential historical perspective on this international issue showing how foreign trained doctors have challenged and transformed health policy and medical practice in countries around the world Drawing on a wide variety of sources from immigration records and medical directories to oral histories the contributors study topics ranging from the influence of South Asian doctors on geriatric medicine in the United Kingdom to the Swedish reaction to the arrival of Jewish physicians fleeing Nazi Germany and the impact of the Vietnam War on the migration of doctors to Canada Combining social history the history of health and medicine and immigration history Doctors beyond Borders is an impressive selection of essays on a topic that continues to have global relevance **Redistributing Health** Thomas Allan McIntosh, Bonnie Jeffery, Nazeem Muhajarine, 2010 What too few people realize is that as Andre Picard writes in his Foreword to Redistributing Health social justice or lack thereof has a greater impact on the health of the population than the human genome lifestyle choice and medical treatment The truth is that things like poverty social exclusion lack of meaningful employment and lack of

access to education or good housing contribute significantly to ill health in Canada and none of these will be remedied by doctors or hospitals or pill bottles
