Still Alive An Autobiographical Essay:

Still Alive Jan Kott, 1994-01-01 *Still Alive* recounts the perilous odyssey of a renowned man of letters through the endless political crises of Eastern Europe in the mid twentieth century Jan Kott Polish essayist and theater critic author of the landmark work *Shakespeare Our Contemporary* winner of literary awards on two continents tells of his association with the Surrealist circles in Paris before the Second World War his adventures as a partisan in the Polish underground his postwar involvement in the Polish Communist Party his disillusionment with communism and finally his emigration to America His story reveals not only the dramatic turns of an individual life but also the fate of a whole generation of Eastern European intellectuals At once witty suspenseful and profound Kott's memoir begins with a bocce game played in 1939 with Trotsky's future murderer and ends with a deeply moving description of his fifth heart attack in 1991 that illuminates the book's main concern how to make sense of one's own existence Kott does not pose this as a philosophic problem but as a natural response to the extreme situations he was forced to master and survive This is the remarkable testimony of a man whose life brought him many opportunities to face the consequences of radical choice and in whom the consciousness of those essential encounters continues to resonate Published in Polish in 1990 and acclaimed by critics throughout Europe the book is now available in English for the first time Kott has added much new material to this edition including the final chapter

Autobiography ; Essay on Liberty John Stuart Mill, 1909 **The Philosophy of Autobiography** Christopher Cowley, 2015-10-26 This book promises to be the first of its kind a philosophical investigation of autobiographical writing All of us are autobiographers at least some of the time and all of us crave certain kinds of recognition and confirmation from others just as we fear blame and reproach from those who know us well The philosophy of autobiography examines this fundamental story telling process and its place in our lives As such it straddles a number of long standing philosophical questions having to do with the meaning of life the problems of autonomy and responsibility and authenticity the nature of self deception and bad faith the structure of the self and its existence through time the question of the reliability and meaning of memory and the problem of understanding another person and imaginatively identifying with him The contributors to the volume are mostly philosophers but many of them have interests outside philosophy and have been informed by research findings from literary theory and from psychiatry Some of the contributors are also literary theorists and one of them has even published autobiographical work Contributors also examine specific autobiographies and diaries of philosophers and non philosophers as well as fictional works using an autobiographical format in order to explore the philosophical implications and presuppositions of the genre The result is a most useful and productive interdisciplinary exchange
