Still Telling:

Still Telling It As It Was (More Memories of the Black Country) Kathleen Hann, 2005 The second part of Kathleen Hann's autobiography *Still Telling It As It Was* sees us through her early married life in the Black Country from 1951 to her move to Telford in 1969. With her husband Peter just demobbed they face financial hardship due to low wages and high housing costs. Bringing up three children at the time Kathleen shows her love, care, mettle and great skills with make do and mend which have been passed on by her mother. Unwittingly renting a room to a prostitute and her pimp buying a war-bombed house and getting a failing public house back on its feet are just a few of the trials and tribulations which Kathleen and Peter face in this story. Tales of terribly hard physical labour for both of them which left permanent physical and mental scars are retold with chilling accuracy. The progress of her son's major illness is also described with great passion and dignity, especially considering the way she was treated by some of the medical profession at the time. There are lighter notes though: the DIY chimney sweeping saga, the Golden Child who stuffed her knickers down the drains and Kathleen's own very short fuse to an exploding temper. These all bring very different and sometimes highly amusing insights into this very closely knit and loving family. A vital document for any social historian or a grippingly real story of hardship in the Black Country of the 1950s and 60s, this book is a prime candidate for anyone's must-read list.

Tell Me an Ending Jo Harkin, 2022-03 About a tech company that deletes unwanted memories, the consequences for those forced to contend with what they tried to forget and the dissenting doctor who seeks to protect her patients from further harm.

THE GRANDMOTHER KISHORE SHARMA SARASWAT, Revolving around the life of a distressed woman, namely Ram Asari, and her adopted son Munna, it is a saga which tells about her unprecedented motherly love and affection towards him, even at the cost of her own life. It won't be an exaggeration to say that like the protagonist Pelagea Nilovana of the famous novel *The Mother* of the great Russian writer Maxim Gorki, Ram Asari, despite being an uneducated woman, also emerged as a lustrous idol of a woman of strong will and feelings. The only difference between them is that where Nilovana is a face of radicalization, Ram Asari is a symbol of affection and selflessness. With a hope kindled in her mind, she did hard labour to raise her Munna as a personage, and in this pursuit, she ultimately loses the race of her own life. This is such an affectionate story that there could hardly be any reader who won't shed tears from the core of his/her heart by reading this book. It is a very fascinating novel full of attractions, horripilation and curiosity, and thus has great appeal to keep the readers engrossed in it till the finishing of the last line.

A Warrior of the People Joe Starita, 2016-11 An important and riveting story of a 19th-century feminist and change agent. Starita successfully balances the many facts with vivid narrative passages that put the reader inside the very thoughts and emotions of La Flesche. *Chicago Tribune* On March 14, 1889, Susan La Flesche Picotte received her medical degree, becoming the first Native American doctor in U.S. history. She earned her degree thirty-one years before women could vote and thirty-five years before Indians could become citizens in their own country. By age twenty-six, this fragile but indomitable Native

woman became the doctor to her tribe Overnight she acquired 1 244 patients scattered across 1 350 square miles of rolling countryside with few roads Her patients often were desperately poor and desperately sick tuberculosis small pox measles influenza families scattered miles apart whose last hope was a young woman who spoke their language and knew their customs This is the story of an Indian woman who effectively became the chief of an entrenched patriarchal tribe the story of a woman who crashed through thick walls of ethnic racial and gender prejudice then spent the rest of her life using a unique bicultural identity to improve the lot of her people physically emotionally politically and spiritually Joe Starita's *A Warrior of the People* is the moving biography of Susan La Flesche Picotte's inspirational life and dedication to public health and it will finally shine a light on her numerous accomplishments
