Rationality and Social Responsibility Joachim I. Krueger, 2008-04-09 This volume brings together a diverse group of authors who have been associated with Robyn Dawes over the years The breadth of topics covered reflects Dawes s wide ranging impact on psychological theory and empirical practice The two themes of rationality and social responsibility are well developed in the book Dawes had always urged

investigators to take seriously the question of how individuals can reconcile self interest i.e. rationality with the collective good i.e. social responsibility The area of judgment and decision making poses a similar challenge here rational judgment is the most responsible judgment because it minimizes errors To attain rationality in this domain individuals need to accept the limitations of their own intuitions This volume presents an up to date overview of how far psychological science has come in its struggle to reconcile what is true with what is good Each chapter is a stimulus for new research and a reminder not to forget the hard won lessons of the past in particular those taught by Robyn Dawes

Biodiversity L. L. Gaddy, 2005
 Biodiversity is a collection of essays on taxonomy palaeobiology evolution biogeography population biology ecology micro and macro conservation biology and other sub disciplines that make up the study of the diversity of life on earth Empirical rather than theoretical these essays draw strongly upon the author's observations and travels during thirty years of fieldwork as a naturalist in North America and Asia Biodiversity may be used as an introductory text in undergraduate biodiversity or conservation biology courses or as supplementary reading in more advanced courses
