Bede Griffiths Brother Wayne Teasdale, 2012-10-18 One of today's foremost mystics introduces readers to the thought of one of the most important spiritual teachers of the past century Bede Griffiths English Benedictine monk and lifelong friend of C S Lewis who was his tutor at Oxford wrote in 1955 to a friend I'm going out to India to seek the other half of my soul There he explored the intersection of Hinduism and Christianity and was a driving force behind the growth of interspiritual awareness so common today yet almost unheard of a half century ago Wayne Teasdale a longtime personal friend and student of Griffiths provides readers with an intriguing view into the thoughts beliefs and life of this champion of interreligious acceptance and harmony This volume is the first in depth study of Bede Griffiths contemplative experience and thought Fully exploring the antecedents and development of Griffiths theory that the Christian mystery can be expressed through the worldview of Hinduism Bede Griffiths An Introduction to His Interspiritual Thought is a vital starting point for any spiritual seeker who wants to understand the shared territories of these two great faiths On Cassette, 1990 Deep Healing Emmett E. Miller, M.D., 1996-12-01 Deep Healing brings new hope to every reader It awakens even the most skeptical among us to the miraculous inborn self healing capacities of our mind body Emmett Miller M D practicing as a traditional family doctor for 20 years discovered that when a part of your body is sick the whole body system is out of balance He saw that how his patients thought about and saw life affected and seemed to create whatever their current state of health was He has stated that it is not enough to heal the particular illness without understanding the emotional and psychological basis for the ailment or problem We must heal the entire person not just a specific part Dr Miller has had great success with guided imagery to promote physical health and emotional well being He has even been successful using guided imagery to do minor surgery without any anesthetic again proving the mind body connection and the control of our bodies by our thoughts Through the presentation of stories reflections and case studies Dr Miller presents his wonderful deep healing theories that will instill a new sense of hope and optimism into all who read this book *Cassette Books* Library of Congress.
