**The Myth of Enlightenment** Karl Renz, 2005 Whether you meet Karl Renz in person or through this book the encounter will leave you with a radically different sense of yourself Karl's unique ability lies in exposing the beliefs we've built our lives on beginning with our root sense of individuality Our current predicament is the result of believing ourselves to be something other than what we really are This self imposed limitation causes our incessant searching and suffering Throughout these dialogues Karl unceasingly brings us back to the truth of our real nature by helping us recognize the fleeting and impermanent nature of the self we've come to believe in Even momentarily seeing the truth of who we really are immediately frees us if only temporarily from these self imposed limitations Karl's purpose if we can say he even has one is to reflect our own divinity which he skillfully and uncompromisingly expresses throughout the pages of this book By realizing the implication of his words we can live life to its fullest and experience the boundless freedom that is our essence The most detailed and authoritative text on the true meaning of the Taylors Masonic rituals The principal contents of this book are the Official Taylors Lectures on the Three Degrees of Craft Freemasonry These lectures deal with the description of the ritual of those Degrees along with their moral and symbolic significance and are of a formal nature arranged as catechisms that is by question and answer form The text can be studied at home or can be preformed by two or more brethren in open lodge Much evidence suggests that many sections of these lectures are as old as the degrees themselves This book adds much to ones enjoyment and understanding of Freemasonry The most detailed and authoritative text on the true meaning of the Taylors Masonic rituals The principal contents of this book are the Official Taylors Lectures on the Three Degrees of Craft Freemasonry These lectures deal with the description of the ritual

*Every Evening Comes the Moon* Brian Therault, 2022-04-07 Brian takes us on a journey into the paradox of the human condition to the depths of human suffering where there exists the transformational healing opportunity of waking up to the essence of who we are This is described in many contemplative wisdom traditions that point to a reality that exists beyond the identification with the separate self the sense of me to a reality that is unconditioned and considered

the ultimate medicine to pain and suffering With the phases of the Moon serving as a metaphor for waking up out of the darkness of the separate self this book opens our eyes to the healing power of awakening to our true nature in the midst of some of our most terrifying experiences The states of confusion fear and shame the experiences of trauma addictions grief and loss and the suffering of spiritual seeking itself can be met with the restorative power of awakening When we embody surrender grace attention and openness in our darkest moments we can begin to see that in the evening of despair lies the moonlight of our own awakening

[Illusion of Separation](#) Giles Hutchins,2014-10-06 Our modern patterns of thinking and learning are all based on observing a world of things which we think of as separate building blocks This worldview allows us to count and measure objects without their having any innate value it provides neat definitions and a sense of control over life However this approach also sets humans apart from each other and from nature In reality in nature everything is connected in a fluid dynamic way Separateness is an illusion we have created and is fast becoming a dangerous delusion infecting how we relate to business politi and other key areas of our daily reality Giles Hutchins argues that the source of our current social economic and environmental issues springs from the misguided way we see and construct our world With its roots in ancient wisdom this insightful book sets out an accesssible easy to follow exploration of the causes of our current crises offering ways to rectify these issues at source and then pointing to a way ahead

*Blessed Disillusionment* Morgan Caraway, 2011-09-01 Morgan Caraway's book is an excellent  
summary and presentation of the fundamentals of the non-dual perspective It is one of the most direct and uncompromising  
contemporary books on non-duality I have seen Morgan's insights are dead-on target and he does not pull any punches If you  
are looking for a politically correct expression of non-duality this is likely NOT the book for you It is full of sharp clear and  
witty expressions that will delight the discerning reader interested in cutting through the fog of fuzzy spiritual concepts  
and half-truths that often pass for clarity Morgan expresses the universal and timeless themes of non-duality in an original  
fresh way This book is not a retread of worn-out spiritual concepts rather it is a bold and radical wake-up call that dares you  
to recognize your original nature as it is here and now John Wheeler
