The Myth Of The Machine:

The Myth of the Machine Lewis Mumford, 1967 Bibliography v 2 p 439 469 Lewis Mumford, a Life Donald L. Miller, 2002 Malcolm Cowley called Lewis Mumford the last of the great humanists and indeed in more than six decades of writing Mumford made contributions to history philosophy literature art architectural criticism and urban planning The author of some thirty books Mumford produced a body of work almost unequaled in the twentieth century for its range and richness A New York Times Notable Book Donald Miller's engagingly written biography reveals Mumford's full and fascinating life Based on ten years of research and unprecedented access to original and private papers Miller penetrates Mumford's reserved public persona and takes in the complete man his works as well as his days as he struggles to transform the world and his own life in decades marked by unparalleled change Miller is an excellent critical guide to Mumford's voluminous writing The New Yorker A gracefully written biography Francesca McKeon San Francisco Chronicle With this large large spirited life of Lewis Mumford Miller takes his place in the first rank of contemporary American biographers David McCullough Race in the Machine Quincy Thomas Stewart, 2023-01-31 An intelligent machine built to study methods of social warfare struggles to understand and communicate the lived experience of race In a narrative full of social significance and poetically decorated with monks vampires and mythical statistics Race in the Machine presents a world where the stories we use to explain race all simultaneously exist within and around us dictating our interactions and innermost beliefs The nameless protagonist an enigmatic social mechanic at Nearbay Institute living in a population of socially connected intelligent machines encounters a simple query in the context of an introductory lecture What exactly is race And what is it in the context of the social machine This prompt guides the protagonist along a twisting intellectual tale surrounding a series of experiments which explore How many racists does it take to create systems of inequality What role do non racists actors play in upholding them How is bias learned How does it spread The narrator develops a distinct understanding of race through the figurative bending of time dreams of a race code and by confronting a series of mysterious communications that remain just outside comprehension Over the course of this journey the answers to important questions about racial inequality quietly emerge for the protagonist Scholarly encounters with both antagonistic colleagues and unexpected allies culminate when the hero is forced to reach a devastating conclusion about themselves and the world Stirring and luminous Race in the Machine deftly oscillates between the allegorically simplified and the impossibly complex to weave an utterly unique and nuanced portrait of race in the modern world The Myth of the Individual Charles Wesley Wood, 1927 **Welcome to the Machine** Derrick Jensen, George Draffan, 2004 Jensen and Draffan look at the way machine readable devices that track our identities and purchases have infiltrated our lives and have come to define our culture *The Money Hurricane* Pasquale De Marco, 2025-04-27 The Money Hurricane is the ultimate guide to slot machines providing everything you need to know to play smarter and maximize your chances of winning In this comprehensive book

2018 Günter Berghaus,Domenico Pietropaolo,Beatrice Sica,2018-04-09 The eighth volume of the International Yearbook of Futurism Studies is again an open issue and presents in its first section new research into the international impact of Futurism on artists and artistic movements in France Great Britain Hungary and Sweden This is followed by a study that investigates a variety of Futurist inspired developments in architecture and an essay that demonstrates that the Futurist heritage was far from forgotten after the Second World War These papers show how a wealth of connections linked Futurism with Archigram Metabolism Archizoom and Deconstructivism as well as the Nuclear Art movement Spatialism Environmental Art Neon Art Kinetic Art and many other trends of the 1960s and 70s The second section focuses on Futurism and Science and contains a number of papers that were first presented at the fifth bi annual conference of the European Network for Avant Garde and Modernism Studies EAM held on 1 3 June 2016 in Rennes They investigate the impact of science on Futurist aesthetics and the Futurist quest for a new perception and rational understanding of the world as well as the movement s connection with the esoteric domain especially in the field of theosophy the Hermetic tradition Gnostic mysticism and a whole phalanx of Spiritualist beliefs The Archive section offers a survey of collections and archives in Northern Italy that are concerned with Futurist ceramics and a report on the

Fondazione Primo Conti in Fiesole established in April 1980 as a museum library and archive devoted to the documentation of the international avant garde and to Italian Futurism in particular A review section dedicated to exhibitions conferences and publications is followed by an annual bibliography of international Futurism studies exhibition catalogues special issues of periodicals and new editions

The Development Dictionary Wolfgang Sachs,2019-09-15 The original critical guide to key concepts in development studies from some of the world s most eminent critical development scholars and practitioners Each essay in this now classic collection examines one key development concept from the environment to needs and progress to production Each concept is reviewed from a historical and anthropological point of view with particular bias and intellectual flaws being highlighted Overall the authors argue that we must bid farewell to the whole idea of Eurocentric development in order to liberate people s minds in both North and South and to mobilize for bold responses to the environmental and ethical challenges now confronting humanity The result is an indispensable resource for scholars practitioners movements and students of development which invites us to recognize the tinted glasses we put on whenever we participate in the development discourse

Propaganda 2.1 Peter K. Fallon,2022-09-08 Since the US presidential election of 2016 the words propaganda and fake news have been prominent in American political and cultural discourse Yet very few people can provide a coherent explanation of what they mean precisely when using them On the two sides of the political spectrum red and blue each points out messages from the other side that they think are untrue or that they simply don t like Unlike our dangerously biased political system however reality has more than only two sides For decades Americans sat by while their mediated world was carved into a single red reality focused in necessary opposition to a single blue reality We ve been given red media outlets and blue media outlets to stoke our collective rage each against the other s lies But the first two decades of the twenty first century have presented us with a new information environment one of unregulated and seemingly uncontrollable information Like the young boy in a popular folktale we can now see if only we can resist the pressures of social conformity that both emperors red and blue strut proudly before us naked *Propaganda 2.1* is a handbook for seeing reality clearly and coping with it

Technology, Mythology and the Search for Meaning Douglas Francis,2023-11-15 This book offers a big picture look at the evolution of Western thought on technology by focusing on seven periods when there was a paradigm shift in perspective A techno myth is used to identify shape and capture the beliefs of each era Drawing from philosophy literature social sciences physical sciences mythology and cultural history the book brings to life the ideas of the great thinkers and the ancient myths What their message tells us is that we have failed to learn from the mistakes of the past We have allowed technology to take control of our lives and narrowed our thinking to a one dimensional materialistic perspective We have become prisoners in Max Weber s metaphoric iron cage But they also tell us how to free ourselves by humanizing technology so that humans are in control which is explored in depth in this book
