Literary Anthropology Fernando Poyatos, 1988-01-01 The traditional gulf between the theory and practice of literature and the various areas subjoined under anthropology has hindered the development of some very fruitful perspectives in the realm of poetics and the general theory of literature particularly in its narrative forms Poyatos' initial idea of literary anthropology as the study of people and their cultural manifestations through their national literatures without doubt the richest source of documentation of human life styles and the most advanced form of our projection in time and space and of communicating with contemporary and future generations has been enriched by the thoughts of a multi cultural group of scholars from both anthropology and literature who at a first symposium on the subject attempted to define this area leaving the way open to many more research possibilities The A to Z of Slovenia Leopoldina Plut-Pregelj, Carole Rogel, 2010-05-20 For more than 1 300 years Slovenes had lived in Eastern Europe without having a separate Slovene state but in December of 1990 they voted for independence or put more appropriately for disassociation from Yugoslavia Unfortunately Slovenia had to fight for its independence which it did not fully achieve until 1995 after its bloody disintegration with Yugoslavia was over Since independence however Slovenia has prospered its economy is far ahead of other former communist states and in 2004 Slovenia acceded to both NATO and the European Union the only republic of former Yugoslavia to do so The A to Z of Slovenia covers the history of Slovenia and its struggle to gain independence from communism This is done through a detailed chronology an introduction appendixes a bibliography and hundreds of cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets **South Slavs in Michigan** Daniel Cetinich, 2003-07-31 The South Slavs of Michigan Slovenes Croats

Serbs Macedonians and Bosnian Muslims are a microcosm of the immigration waves of southern and eastern Europeans who came to the United States between 1880 and 1924 History has almost forgotten these immigrants who were instrumental in developing the large urban centers of Michigan and the United States and who specifically contributed to development of the auto industry and struck in 1913 1914 for better working conditions in the copper mines of the Upper Peninsula While labor problems were the primary obstacles confronting Michigan s South Slavs the painful process of acculturation has since dimmed their very real accomplishments As Daniel Cetinich shows South Slavs helped shape both a regional and national civilization in North America with their hands backs feet and the labor organizations they helped create

Slovenes in Michigan James E. Seelye, 2017-11-01 The Slovenes represent a small but important microcosm of Michigan history Thousands followed the pioneering missionary Frederic Baraga and settled in the mining regions and forests of the Upper Peninsula before many of them scattered to the auto industry of the Lower Peninsula in the early twentieth century Everywhere they traveled and settled they left a detectable imprint that was clearly Slovene The first Slovene in Michigan Bishop Frederic Baraga traveled extensively throughout the state In his wake families such as the Vertins and Ruppes followed each playing an important role in their communities In many regions of the state the most recognizable names buildings and businesses bear their names and illustrate the long lasting influences of Slovenes on the history of Michigan To understand the history of Slovene immigration in the Great Lakes is to better understand Michigan history

Morawska, 2009-08-27 This book proposes a new theoretical framework for the study of immigration It examines four major issues informing current sociological studies of immigration mechanisms and effects of international migration processes of immigrants assimilation and transnational engagements and the adaptation patterns of the second generation

History from the Bottom Up and the Inside Out James R. Barrett, 2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people s personal lives intersected with their activism and religious racial ethnic and class identities

Slovene Studies , 2000 **Slovenes of Cleveland** Matjaž Klemenčič, 1995 *Pittsburgh Surveyed* Maurine Greenwald, Margo Anderson, 1996-10-15 At the beginning of the century Pittsburgh was the center of one of the nation s most powerful industries iron and steel It was also the site of an unprecedented effort to study the effects of industry on one American city The Pittsburgh Survey 1909 1914 brought together statisticians social workers engineers lawyers physicians

economists labor investigators city planners and photographers They documented Pittsburgh's degraded environment corrupt civic institutions and exploited labor force and made a compelling case in four books and two collections of articles for reforming corporate capitalism In its literary history and visual power breadth and depth the Pittsburgh Survey remains an undisputed classic of social science research Like the Lynds Middletown studies of the 1920s the Survey captured the nation's attention and Pittsburgh came to symbolize the problems and way of life of industrial America as a whole A landmark volume in its own right this book of thirteen essays examines the accuracy and impact of the Pittsburgh Survey both on social science as a discipline and on Pittsburgh itself It also places the Survey firmly in the context of the social reform movement of the early twentieth century

Talkin' Socialism Elliott Shore, 1988 In this history of radical publishing at the turn of the century Elliott Shore focuses on the Appeal to Reason the flagship newspaper of J A Wayland's publishing empire As modern periodical publishing came of age with the appearance of the first mass circulation newspapers and magazines so too did both populism and socialism in the US They drew strength from the same factors the advance of technology spreading industrialisation the growth and concentration of urban populations and rising literacy rates

Community in Conflict Gary Kaunonen, Aaron Goings, 2013-07-01 A mirror of great changes that were occurring on the national labor rights scene the 1913-14 Michigan Copper Strike was a time of unprecedented social upheaval in Michigan's Upper Peninsula With organized labor taking an aggressive stance against the excesses of unfettered capitalism the stage was set for a major struggle between labor and management The Michigan Copper Strike received national attention and garnered the support of luminaries in organized labor like Mother Jones John Mitchell Clarence Darrow and Charles Moyer The hope of victory was overshadowed however by violent incidents like the shooting of striking workers and their family members and the bitterness of a community divided No other event came to symbolize or memorialize the strike more than the Italian Hall tragedy in which dozens of workers and working class children died In Community in Conflict the efforts of

working people to gain a voice on the job and in their community through their unions and the efforts of employers to crush those unions take center stage Previously untapped historical sources such as labor spy reports union newspapers coded messages and artifacts shine new light on this epic and ultimately tragic period in American labor history *Slovenska izseljenska književnost 2* Helga Glušič, 1999 Drugi zvezek je razdeljen na dva dela v prvem je predstavljena knji evnost Slovencev v ZDA drugi del pa obravnava slovenske pisce v Kanadi Kakor v drugih zvezkih se tudi tu vsako poglavje za enja z zgodovinskim uvodom o izseljevanju Slovencev v ta del sveta o njihovem povezovanju in kulturnem delovanju Prvi del ZDA je razdeljen na tiri ir a poglavja V prvem je podan iz rpen pregled knji evnega dela Slovencev v ZDA do leta 1891 drugo poglavje vsebuje pregled knji evnosti starih slovenskih priseljencev v ZDA 1891 1941 in njihovih potomcev tretje poglavje obravnava literarno delo prekmurskih Slovencev v ZDA v etrtem pa so predstavljeni pisci iz vrst povojne emigracije Drugi del zvezka vsebuje obse en uvod o Slovencih v Kanadi sledi mu podrobna predstavitev literarnega ustvarjanja Slovencev v tem delu sveta Poglavja so opremljena z opombami in strokovno bibliografijo V dodatku Biografije in bibliografije je predstavljenih 70 pomembnej ih avtorjev Zvezek je opremljen e s kazalom oseb in periodike **Work, Family, and Protest** Ron Isaac Rothbart, 1988
