Small Comforts

Paul Frederick Brissenden

Small Comforts:

Give Linda Harper, Ph.D. ,2013-03-13 Daily life continually asks us to make choices about how to give whether it is our attention time energy talents love or even money to others and to ourselves Often we juggle our attempts to meet our own needs and the demands of others So the decisions we make about what when and how much to give strongly impact the quality of our everyday lives These choices can cause us stress turmoil guilt exhaustion and depletion or they can bring us immeasurable joy peace of mind and fulfillment So what is the key to giving that energizes and fulfills us rather than exhausts and depletes us Linda R Harper s simple five step guide will help you rediscover the joy in everyday giving using one question What are my heart s true desires at this very moment Give is not about giving more or giving less It is about giving from your deepest self and trusting the natural wisdom of your heart s desires As you become the giver you were meant to be you will deepen the meaning of your life through soulful ordinary acts of giving both to yourself and to others

Small Business in American Life Stuart W. Bruchey,2003 Seventeen scholarly essays provide insights into the role that small business has played in United States history *I Wish There Was Something I Could Do: A Practical Guide to Supporting Grievers* Julie Martella,2025-08-01 You don t need perfect words to make a difference You just need to show up When someone you care about is grieving it s hard to know what to say or how to help Do you bring food Do you give space Do you try to cheer them up or let them cry Most of us were never taught how to support someone through loss We fumble fall quiet or retreat altogether not because we don t care but because we don t know what to do This book changes that I Wish There Was Something I Could Do is a practical compassionate guide for anyone who wants to support a grieving friend colleague neighbor or loved one Written by grief literacy and resiliency expert Julie Martella this book offers tools language and presence to walk alongside someone who is hurting without needing to fix their pain You ll learn How grief actually works What to say and what to avoid How to offer help without overstepping Tangible ways to take action when everything feels helpless A clear flexible framework known as the Five Pillars of Compassionate Support Drawing from lived experience grief education and years of community based mentoring Martella gives readers a toolkit complete with everything they wish they had known sooner From understanding the grieving brain to navigating cultural differences workplace grief ambiguous loss and long term sorrow this guide doesn t just educate It empowers This is not a book about grief theory It is a guide for real life moments Whether the loss happened yesterday or ten years ago whether you are supporting someone you love or someone you barely know I Wish There Was Something I Could Do will help you show up with steadiness kindness and confidence Grief is not a problem to be solved It is a deeply human experience that deserves to be witnessed With the right support no one has to go through it alone **Chronicles of Rampur** Krish Day,2016-01-25 Advocate Kumaron is the only lawyer in town He lives in a crumbling seaside resort on the east coast of India which was once the retreat of British expatriates reluctant to return to the bleak landscape of end of war England now the dilapidated haunt of low end tourism

and pot smoking backpackers The lawyer's meagre income is supplemented by the equally meagre profits from his hotel run with fastidious eccentricity Gradually the sleepy pace of the town gives way to startling and dramatic events The variegated cast of characters is woven into a tapestry that presents the human panorama in all its peculiarities The politician who has risen from dirt poverty to unimaginable heights bloated and flatulent whose unbridled greed finally decrees a grotesque downfall A naive young woman from Tyrol Austria who wandering wide eyed through the exotic East unwittingly seduces an accidental lover to abandon hearth and home The bishop who driven to random promiscuity by an unwilling wife falls from grace The temple head priest who unable to face competition along modern business lines finally resorts to inadvertent violence A Greek tobacco heiress seeking her inner self and who passes from one avaricious and lascivious guru to another finds a melancholy end in the savage carnality of a young lover Both entertaining and thought provoking The Chronicles of Rampur combines the sombre and the joyous to reflect the chaos of modern India *The Launching of the Industrial Workers of the World* Paul Frederick Brissenden, 1913 *Room for One* Gusti Astika, 2025-10-24 Room for One is a quiet meditation on what it means to live alone with intention Set in the rhythms of city life it reflects on solitude as both a mirror and a teacher a space where selfhood purpose and peace unfold without apology Across twelve intimate chapters the book traces a journey from choosing singlehood to finding fulfillment within it It begins with the courage to live beyond social expectations moves through the creation of personal space and purpose and explores the complex textures of loneliness friendship and renewal The reflections uncover how love can take new forms how the city becomes a silent companion and how solitude far from emptiness reveals quiet abundance Room for One invites readers to see independence not as isolation but as expansion an open room where self respect creativity and calm coexist It's a book for those who live alone walk alone or simply wish to understand the gentle art of belonging to themselves **The Turning Point** Amit Paathak, 2020-07-19 For most people life's goals are about getting a good education earning a great college degree and eventually settling down with a nice job with a decent income and a loving family For some however as the shine of educational and career accomplishments dim over the years there comes the pause and ponder phase where questions begin to whisper in your mind Is this the life you envisioned in terms of health wealth career and relationships Are you satisfied with it Does your routine work feel like a drag Does the question what am I doing with my life pop up often in your mind Do you sometimes hear the inner voice say you are meant to do something different Are you dejected that it is too late to start something you are passionate about The Turning Point is for those who want to shift gears in life revisit their dreams and passions but feel scared of abandoning comforts and facing the hard work failures and morale breaking difficulties It is even for those who cannot muster the courage to achieve their goals despite the intent Everyone knows about the power of motivation but here you will experience the power of dissatisfaction and how it can produce unlimited energy to propel you towards achieving challenging goals you have dreamt of The practical system described in this book is a proven scientific process adopted by

numerous people who have benefited from its simplicity and practicality You will come to face what makes you procrastinate and understand how we unknowingly wear layers of limiting beliefs over the years which have slowly changed us from who we used to be in going after what we wished for The system teaches you how to be that way again and set off on a new course of self growth Are you ready for abundant success Are you ready to be unstoppable *How to Make a Living. Suggestions Upon the Art of Making, Saving, and Using Money* George Cary Eggleston,2025-11-05 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

as reliant on circumstance and luck as any lottery She recounts the struggle of an undocumented immigrant while also dealing with high school young adulthood and eventually having her own children Keyla's story adds the voice of an undocumented immigrant to the conversation demonstrating that the hardships expended in achieving one's American Dream are what unite all those striving for a better life regardless of where they were born or how they got here

Battalion Alastair Borthwick, 2014-12-19 Alastair Borthwick's Battalion is the widely acclaimed story of a British Army infantry unit in the Second World War Written in Germany just after VE Day Battalion captures the immediate memories of troops at war It gives the soldier's view of events avoiding moralising or sensationalism and making full use of first hand accounts of battles The result is a sharp depiction of war and of the extraordinary circumstances in which the soldiers frequently found themselves The book is notable for the sheer amount of front line action The planning and execution of battles is minutely described and the lot of the ordinary soldier is related with humour and immediacy It is a tale of remarkable courage and application to duty It records in detail a period of history reflecting the experiences of many Allied infantrymen and providing a unique testament to the trials and tribulations of conflict The battalion in question is the 5th Seaforth Highlanders of the 51st Highland Division Alastair Borthwick joined the battalion in 1943 as the soldiers fought a series of desert battles to push the German Army out of North Africa They then took part in the conquest of Sicily and later following behind the D Day landings advanced into Germany fighting several vicious battles in the final days of the war An outstanding book Max Hastings Daily Telegraph
