Smart Women:

What Smart Women Know Steven Carter, Julia Sokol, 2000-02-01 What Smart Women Know is a straightforward and honest guide from women who have learned the hard way how to be smart about men Why Smart Men Marry Smart Women Christine B. Whelan, 2006-10-17 For years it's been common knowledge that once a woman hits thirty her chances of finding a husband diminish to the point of despair That men are intimidated by a woman's career success preferring docile helpmates to ambitious achievers That women are biologically driven to seek a strong provider That the higher a woman's IQ the less likely she is to marry let alone have babies leaving single successful women to ask themselves Are men intimidated by smart women In Why Smart Men Marry Smart Women Christine B Whelan shatters the myth that high achieving women are at a disadvantage in the marriage market There's good news for the millions of American SWANS Strong Women Achievers No Spouse that today's smart successful women marry at the same rates as all other women and that more income and education may in fact increase a woman's chances of marriage What's more as Dr Whelan shows through newly released U S Census data a large scale Harris Interactive survey commissioned especially for this book plus extended interviews conducted in cities nationwide this profound demographic shift shows every sign of progressing That means that the success penalty that has endured for generations is as soon as 2010 destined for the history books Accomplished daughters sisters and friends not to mention their mothers can finally stop worrying that the twin pinnacles of personal and professional happiness are inherently unattainable In fact smart men do marry SWANS Ninety percent of high achieving men surveyed want a woman who is as intelligent or more intelligent than they are And two thirds of men said they believed smart women make better mothers Pairing cutting edge research with sound advice Dr Whelan brings to mind what smart women everywhere have long known in their hearts that the goal is not just to get married but to have a good marriage and to lead a fulfilled life **Smart Women Love Money** Alice Finn, 2017-04-11 YOU ARE A SMART WOMAN BUT DO YOU STILL Feel you're too busy to invest your money Rely on someone else to deal Get bored by financial talk Think that investing is something only men do Worry you're not smart enough THINK AGAIN Women have made strides in so many areas and yet we still have a blind spot when it comes to managing our money Why A myriad of factors cause women to earn less than men over a lifetime making it all the more imperative that we make the money we do have work for us as much as possible And here's a reality check as many as nine out of ten of us will have to manage our finances and those of our family at some point in our lives And a lot of us think that means keeping our money safe in savings accounts and not investing it But not doing so has an opportunity cost that will lead to opportunities lost the ability to pay for a college education own a home change careers to pursue a dream or retire Alice Finn wants to change how you think about your money no matter how much or little you have In Smart Women Love Money Finn paves the way forward by showing you that the power of investing is the last frontier of feminism Drawing on more than twenty years of experience as a successful wealth management adviser Finn

shares five simple and proven strategies for a woman at any stage of her life whether starting a career home raising children or heading up a major corporation Finn's Five Life changing Rules of Investing will secure your financial future 1 Invest in Stocks for the Long Run Get the magic of compounding working for you starting now 2 Allocate your Assets Strategize your investing to get the most of your returns 3 Implement with Index Funds Take advantage of passive investing with simple low cost and diverse funds 4 Rebalance Regularly Sell high and buy low without much effort to keep you on track toward your goals 5 Keep Your Fees Low Uncover hidden fees so you don't lose half of your wealth to Wall Street Finn will also provide the tools you need to achieve long term success no matter what the markets are doing or what the headlines say So even in the face of uncertainty such as the possible dumping of the fiduciary rule requiring financial advisers to act in their client's best interests by the Trump administration Smart Women Love Money will help you protect yourself and all of your assets for your future Whether you have 10 10 000 or more it's time to get smart about your money **Smart Women and Small**

amounts in self help group programming Nowhere is this more evident than in India where the industry has further been deregulated in recent years Much of the rationale for increased investment in microcredit is based on the idea that it improves women s empowerment But is this true Researchers have fiercely debated the value of microcredit programs for women with some arguing that it is exploitative and others contending that it is empowering This book provides new insights into women s empowerment and microcredit programming elaborating on the themes of power dignity mobility and solidarity It takes a nuanced view of the complexities surrounding self help group programming and women s empowerment and argues that the model of microcredit self help group programming is key to whether it helps or harms women By focusing on the experiences and voices of microcredit self help group members in West Bengal India this book elaborates on the idea of microcredit models existing on a continuum from smart economics to more holistic feminist versions of programming It will be of interest to scholars in development studies anthropology sociology gender studies and public policy and Asian Studies
