Interior, Environment, and Related Agencies Appropriations For 2006, Part 5, 2005, 109-1 Hearings, *, 2005 **The Two-in-one** Rod Michalko, 1999 When Rod Michalko s sight finally became so limited that he no longer felt safe on busy city streets or traveling alone he began a search for a guide The Two in One is his account of how his search ended with Smokie a guide dog and a dramatically different sense of blindness Few people who regularly encountered Michalko in his neighborhood shops and cafes realized that he was technically blind like many people with physical disabilities he had found ways of compensating for his impairment Those who knew about his condition thought of him as a fully realized person who just happened to be blind He thought so himself Until Smokie changed all that In this often

moving always compelling meditation on his relationship with Smokie Michalko probes into what it means to be at home with blindness Smokie makes no judgment about Michalko's lack of sight it simply is the condition within which they work together Their partnership thus allows Michalko to step outside of the conventional and even enlightened understanding of blindness he becomes not simply resigned to it but able to embrace it as an essential part of his being in the world Drawing on his training as a sociologist and his experience as a disabled person Michalko joins a still small circle of scholars who examine disability from the inside More rare still and what will resonate with most readers is Michalko's remarkable portrayal of Smokie avoiding sentimentality and pathos it is a deeply affectionate yet restrained and nuanced appreciation of his behavior and personality From their first meeting at the dog guide training school Smokie springs to life in these pages as a highly competent sure footed take charge full speed ahead indispensable partner Sighties are always in awe watching them work Michalko has even persuaded some of them that the Smokester can locate street addresses but has a little difficulty with odd numbers Readers of *The Two in One* can easily imagine Rod and Smokie sharing the joke as they continue on their way Author note Rod Michalko is Adjunct Professor of Sociology Department of Anthropology and Sociology St Francis Xavier University

Homeland Dale Maharidge, 2004-05-04 *Homeland* is Pulitzer Prize winning author Maharidge's biggest and most ambitious book yet weaving together the disparate and contradictory strands of contemporary American society common decency alongside race rage the range of dissenting voices and the roots of discontent that defy political affiliation Here are American families who can no longer pay their medical bills who've lost high wage earning jobs to NAFTA And here are white supremacists who claim

common ground with progressives Maharidge's approach is rigorously historical creating a tapestry of today as it is lived in America a self portrait that is shockingly different from what we're used to seeing and yet which rings of truth *Letters with Smokie* Rod Michalko, Dan Goodley, 2023-09-22 Leave it to a dog to put the human back in humanities In September 2020 Rod Michalko wrote to friend and colleague Dan Goodley congratulating him on the release of his latest book *Disability and Other Human Questions* Joking that his late guide dog Smokie had taken offense to the suggestion that disability was purely a human question Michalko shared a few thoughts on behalf of his dog When Goodley wrote back to Smokie so began an epistolical exchange that would continue for the next seven months As the COVID 19 pandemic swept across the world and the realities of lockdown imposed isolation set in the Smokie letters provided the friends a space in which to come together in a lively exploration of human animal relationships and to interrogate disability as disruption disturbance and art Just as he did in life Smokie guides In these pages he offers wisdom about the world love friendship and even The Beatles His canine observations of human experience provide an avenue into some of the ways blindness might be reconceptualized and befriended Uninhibited by the trappings of traditional academic inquiry Michalko and Goodley are unleashed free to wander to wonder and to provoke within the bonds of trust and respect Funny and thoughtful the result is a refreshing exploration and re evaluation of learned cultural misunderstandings of disability
