Take Two Barbara Tapa Lupack, 1994 Scholars of contemporary literature and film analyze the film adaptations of ten contemporary American novels *Catch 22* *One Flew Over the Cuckoo's Nest* *Slaughterhouse Five* *Being There* *The World According to Garp* *Sophie's Choice* *The Color Purple* *Ironweed* *Tough Guys* *Don't Dance* and *Billy Bathgate* offering critical insight into the visions of both the novelist and the filmmaker as well as discussion of how those visions converge and diverge Paper edition unseen 18 95 Annotation copyright by Book News Inc Portland OR **Phenomenology 2010. Volume 5: Selected Essays from North America, Part 1: Phenomenology within Philosophy** Barber, Michael, Embree, Lester, Nenon, Thomas, 2010-01-01 *Moral Failure* Lisa Tessman, 2016 *Moral Failure* On the Impossible Demands of Morality asks what happens when the sense that I must collides with the realization that I can't Bringing together philosophical and empirical work in moral psychology Lisa Tessman here examines moral requirements that are non negotiable and that contravene the principle that ought implies can In some cases it is because two non negotiable requirements conflict that one of them becomes impossible to satisfy and yet remains binding In other cases performing a particular action may be non negotiably required even if it is impossible because not performing the action is unthinkable After offering both conceptual and empirical explanations of the experience of impossible moral requirements and the ensuing failures to fulfill them Tessman considers what to make of such experience and in particular what role such experience has in the construction of value and of moral authority According to the constructivist account that the book proposes some moral requirements can be authoritative even when they are impossible to fulfill Tessman points out a tendency to not acknowledge the difficulties that impossible moral requirements and unavoidable moral failures create in moral life and traces this tendency through several different literatures from scholarship on Holocaust testimony to discussions of ideal and nonideal theory from theories of supererogation to debates about moral demandingness and to feminist care ethics **New York Magazine**, 1983-02-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Politics and Morality I. Primoratz, 2006-12-08 This book is a timely contribution to the public debate of morality and politics Is political morality permissive of deception manipulation and violence Is there room for morality in international relations Should torture be used in the war on terror Is patriotism a virtue Asking key questions on pertinent issues this is an essential text Frame Innovation Kees Dorst, 2015-03-27 How organizations can use practices developed by expert designers to solve today's open complex dynamic and networked problems When organizations apply old

methods of problem solving to new kinds of problems they may accomplish only temporary fixes or some ineffectual tinkering around the edges Today's problems are a new breed open complex dynamic and networked and require a radically different response In this book Kees Dorst describes a new innovation centered approach to problem solving in organizations frame creation It applies design thinking but it goes beyond the borrowed tricks and techniques that usually characterize that term Frame creation focuses not on the generation of solutions but on the ability to create new approaches to the problem situation itself The strategies Dorst presents are drawn from the unique sophisticated multilayered practices of top designers and from insights that have emerged from fifty years of design research Dorst describes the nine steps of the frame creation process and illustrates their application to real world problems with a series of varied case studies He maps innovative solutions that include rethinking a store layout so retail spaces encourage purchasing rather than stealing applying the frame of a music festival to understand late night problems of crime and congestion in a club district and creative ways to attract young employees to a temporary staffing agency Dorst provides tools and methods for implementing frame creation offering not so much a how to manual as a do it yourself handbook a guide that will help practitioners develop their own approaches to problem solving and creating innovation

The Humanity of Private Law Nicholas McBride, 2018-12-27

The Humanity of Private Law presents a new way of thinking about English private law Making a decisive break from earlier views of private law which saw private law as concerned with wealth maximisation or preserving relationships of mutual independence between its subjects the author argues that English private law's core concern is the flourishing of its subjects THIS VOLUME presents a critique of alternative explanations of private law defines and sets out the key building blocks of private law sets out the vision of human flourishing the RP that English private law has in mind in seeking to promote its subjects flourishing shows how various features of English private law are fine tuned to ensure that its subjects enjoy a flourishing existence according to the vision of human flourishing provided by the RP explains how other features of English private law are designed to preserve private law's legitimacy while it pursues its core concern of promoting human flourishing defends the view of English private law presented here against arguments that it does not

adequately fit the rules and doctrines of private law or that it is implausible to think that English private law is concerned with promoting human flourishing A follow up volume will question whether the RP is correct as an account of what human flourishing involves and consider what private law would look like if it sought to give effect to a more authentic vision of human flourishing The Humanity of Private Law is essential reading for students academics and judges who are interested in understanding private law in common law jurisdictions and for anyone interested in the nature and significance of human flourishing
