Sotto Guide 2001:

Light Pollution Handbook Kohei Narisada, Duco Schreuder, 2004-11-30 Constituting the first holistic overview including practical remedies this handbook provides the background needed by anyone grappling with the complex issue of outdoor lighting and its effects It describes not only the problems that astronomers and other night sky observers face in reducing the problems of information loss due to light pollution as well as the problems lighting technologists face in optimising outdoor lighting installations that cause little or no light pollution The first part is directed to decision makers and managers of outdoor space and covers the areas of general interest culminating in recommendations to reduce the impact of light pollution The second part is directed primarily to scientists and engineers as a support to the design and maintenance of outdoor lighting installations with special reference to astronomical observations Elaborating issues from the first part these contributions include examples that refer to specific outdoor lighting projects and to more general policy and educational measures Written for designers of lighting equipment and managers of astronomical observatories but also aimed at the authorities and decision makers responsible for the organization and maintenance of the public space it will serve a good purpose in graduate or postgraduate curricula for scientists engineers economists and law students This handbook fills the gap that exists between astronomical textbooks engineering texts and popular brochures about light pollution Guidelines on the Collection of Demographic and Socio-economic Information on Fishing Communities for Use in Coastal and Aquatic Resources Management Lolita V. Villareal, Food and Agriculture Organization of the United Nations, 2004-01-01 These guidelines specify key indicators for the identification of demographic issues in coastal area management and for monitoring the impact of management measures on the socio economic well being of coastal and fishing communities The guidelines also identify data sources and methods for the collection of data Case studies on the use of demographic data in coastal area management in Italy and the United States of America and a summary of the proceedings of a regional workshop on the use of demographic data in coastal area management in the Philippines and other Southeast and South Asian countries provide practical examples of how demographic indicators are used **Research Handbook on Climate Change Mitigation Law** Reins, Leonie, Verschuuren, Jonathan, 2022-09-08 This meticulously revised second edition provides a comparative overview of climate change mitigation issues and international regulatory approaches bringing together expert contributors to analyse key sectors such as energy transport cities industry land use agriculture and waste Handbook of Research on Technologies and Cultural Heritage: Applications and Environments Styliaras, Georgios, Koukopoulos, Dimitrios, Lazarinis, Fotis, 2010-11-30 Handbook of Research on Technologies and Cultural Heritage Applications and Environments covers the many important uses information communication technology in enhancing the experience at cultural environments From museums to archaeological sites to festivals and artistic events to even government institutions and public buildings information communication technology is revolutionizing the way the public participates at and with these cultural sites and
