Christian Youth Work in Theory and Practice

Sally Nash, Jo Whitehead, 2014 Churches today face unique challenges as they seek to help young people engage with the Christian faith and youth workers whether employed or volunteer play a key role in supporting this process This book provides a comprehensive overview of Christian youth work drawing together practice theory and theology in a format which is both engaging and informative Serving as both a text and workbook it brings together key youth ministry thinkers and grass roots practitioners to explore significant themes and issues It will be invaluable to those thinking about youth work at a strategic level as well as youth work practitioners Each of the sixteen chapters is followed by a response written from a different perspective modelling reflective practice and theological reflection Topics covered include mission church adolescent identity appropriate relationships spiritual practices youth culture pastoral care work with families education leadership and management inclusive youth work theology lifelong learning ethical dilemmas and the Kingdom of God

The Trinitarian

Dance Sharon Tam, 2015-02-02 The Trinitarian Dance presents a model of leadership development based on the Holy Trinity Part one analyzes the present state of the cultural and ecclesiastical situation in Canada identifying specific trends and aspects relating to the need for development of effective leadership in the church This section sets the stage for Part two where a theology of trinitarian leadership is developed based on the dynamic of perichoresis with the motif of a dance used to present a paradigm of transformational leadership Part three offers church based strategies for leadership development concluding with a creative application of the doxological formula that captures the thrust of the entire book and leads it to a finale that includes a benediction of hope for the church through this leadership model

A Sociology of Mystic Practices

Dann Wigner, 2018-06-08 This book investigates the process of spiritual borrowing between the emergent church EC and the Christian mystical tradition From its inception the EC has displayed interest in mystic practices but the exact nature of this interest or how these practices are appropriated and reinterpreted in the EC context has not been researched My research shows that the emergent church is appropriating Christian mystic practices by investing these practices with their own theological content The practices themselves are changed to fit in their new context showing that EC belief shapes EC

behavior My study adds a new case study perspective to the sociological examination of the process of spiritual borrowing especially through close inspection of how a spiritual practice changes to fit a new theological context Additionally my book contributes to the study of the complex relationship between belief and behavior

Facilitation Skills for Ministry Jo Whitehead, 2013-08-15 Facilitation is a way of leading which is empowering and participative The word facilitation comes from the Latin to make easy and facilitation is a way of managing processes that enable people to engage in learning belonging participating or growing This book is designed for those who wish to encourage and empower through their leadership skills Facilitation is about managing process drawing people in enabling them to contribute and holding the boundaries and values of a context to create a safe and productive place Many ministry training courses do not teach facilitation skills per se and ministers are often left to learn on the job Some become effective facilitators through reflection on their practice others develop tacit skills Many others flounder when it comes to facilitating effectively and participatively In a culture where ministry roles increasingly involve community involvement and working with congregations who expect to participate in decision making and ministry this skill set is one that is increasingly needed This is particularly important in pioneer contexts where a more team based approach is the norm

You Belong Bible Study Guide Candace Payne, 2020-06-02 Have you ever wondered why a true sense of fulfillment abundance freedom joy and connection seems elusive Sometimes our biggest questions are answered in ways we just didn't consider With insight and exuberance Bible study teacher Candace Payne walks through the five ways God names Himself in relation to us and how each name adds a layer of truth to how we belong It has nothing to do with us but everything to do with Him and He meets us at every turn to prove it In this six session video Bible study dig deep into the characteristics of the God who claims us considers us names us and loves us Understanding who we are through who God says He is erases all the boxes we've put ourselves and others into and unleashes joy filled freedom This study challenges groups to get honest and real in their discussion time and to explore the truth in what Scripture says about who God is and what that means about us It also includes personal fun work instead of homework that will inspire you to think differently and respond to all things more like a true Child of God Sessions include Do I Belong The Good Shepherd The Heavenly Father The Bridegroom The Head of the Body The Source of Belonging

What Matters Most Leonard Sweet, 2012-03-13 Belief can exist in isolation but faith requires a relationship Why wade in the shallows of belief when you can plunge into the depths of faith Belief involves a different way of thinking but faith brings about a new way of living It grows through direct experience and a close relationship both of which come as you follow Jesus As Christians we often talk about developing a personal relationship with Christ but instead of pursuing a relationship we pursue knowledge We are tempted to place confidence in our definite settled beliefs which offer a pale substitute for the daily adventure of an honest relationship with Jesus In What Matters Most Leonard Sweet presents a challenging and compelling approach to

belief that is joined by dynamic engagement with God You are invited to explore the uncharted regions of faith by following Jesus completely on his terms Once you begin you will never go back to mere belief **Ministry Marketing Made Easy**

Despite the masses still lining up to enter mega churches with warehouse like architecture casually dressed clergy and pop Christian music the Post Boomer generation those ranging in age from twenty to forty is having second thoughts In this perceptive look at the evolving face of Christianity in contemporary culture sociologists Richard Flory and Donald E Miller argue that we are on the verge of another potential revolution in how Christians worship and associate with one another Just as the formative experiences of Baby Boomers were colored by such things as the war in Vietnam the 1960s and a dramatic increase in their opportunities for individual expression so Post Boomers have grown up in less structured households with working often divorced parents These childhood experiences leave them craving authentic spiritual experience rather than entertainment and also cause them to question institutions Flory and Miller develop a typology that captures four current approaches to the Christian faith and argue that this generation represents a new religious orientation of expressive communalism in which they seek spiritual experience and fulfillment in community and through various expressive forms of spirituality both private and public
