Souls Of Animals:

The Souls of Animals Gary Kowalski,2007 Contains twelve prose in which Reverend Gary Kowalski combines stories with science to demonstrate that animals have feelings and are intellectual The Souls of Animals Gary Kowalski,2012-10-16 Why do elephants bury their dead What makes birds sing and cranes dance Do animals appreciate art Do they know the difference between right and wrong Do they experience awe and wonder In this revised second edition of his celebrated book Reverend Gary Kowalski combines heartwarming stories with solid science to show that other creatures are not insensitive objects devoid of feeling and intellect but thinking sentient beings with an inward spiritual life *Animals Are Souls Too!* Harold Klemp,2024-04-03 Can animals experience divine love Do animals go to heaven when they die In this book you ll find incredible stories about the spiritual awareness of animals what they have to teach us and how they are carriers of divine love Every chapter features an easy spiritual exercise to help you enlarge your awareness of our divine kinship with animals as Soul and with all living things *The Divine Life of Animals* Ptolemy Tompkins,2010-06-08 A journey through 20 000 years of history and myth in search of the answer to a single question Do animals have souls Anyone who has ever mourned the loss of a cherished pet has wondered about the animal soul Do animals survive the death of the body or are they doomed to disappear completely when they leave this world behind Both scientists and religious authorities have long scoffed at the idea of animals in heaven Yet the question endures In this wise immensely readable book Ptolemy Tompkins embarks on a quest for the answer taking us on a top speed tour of the history of the animal soul Equally at home with mainstream and alternative spiritual philosophies Tompkins takes us from the savannas of Africa to the earth s first cities to the early days of the great faith traditions of both East and West Along the way he shows that despite what many of us have been taught the world s various spiritual traditions all have profoundly meaningful things to say about the animal soul if we simply know where to look Rescuing these ancient insights and blending them with vivid stories about animals today from a dwarf rabbit named Angus to a manatee named Moose to a black bear named Little Bit *The Divine Life of Animals* paints a gloriously inclusive picture of the cosmos as a place made up of both matter and spirit in which animals are every bit as important spiritually speaking as the humans with whom they share the world Though it is startlingly original *The Divine Life of Animals* also feels strangely and instantly familiar for it reveals truths that many of us have held in our hearts already waiting only for someone to give fresh voice to one of the oldest and most trustworthy intuitions we possess *The Divine Life of Animals* offers a compelling and timeless vision of the relationship between humans and animals that will have you looking at the animals in your life with new eyes **Animals** Peter Adamson,G.
