Bernstein truly awesome but very complicated Sheldon Harnick as warm and decent as he was talented Barbara Cook one of my favorites Placido Domingo Gregory Hines John Kander Fred Ebb Danny Kaye Angela Lansbury so gifted and so easy to be with and to work with Mandy Patinkin Bernadette Peters Chita Rivera Stephen Sondheim a genius and very easily bruised Barbra Streisand as professional at 24 as any veteran I've ever worked with Andrew Lloyd Webber and many more Alongside this unforgettable saga is the tale of Shepard's childhood as a small in stature piano prodigy from East Orange New Jersey and his emergence into the world as a recording producer of first classical music and then Broadway cast recordings Told with verve in Shepard's inimitable voice a striking combination of Broadway glitz and classical music elegance his journey makes for a uniquely compelling story whether or not you're among the millions of musical lovers around the world for whom his recordings are a vital link to Broadway at its best

Sound Recording David Morton, 2006-03-10 How did one of the great inventions of the nineteenth century Thomas Edison's phonograph eventually lead to one of the most culturally and economically significant technologies of the twentieth and twenty-first centuries Sound Recording traces the history of the business boom and the cultural revolution that Edison's invention made possible Recorded sound has pervaded nearly every facet of modern life not just popular music but also mundane office dictation machines radio and television programs and even telephone answering machines Just as styles of music have evolved so too have the formats through which sound has been captured from 78s to LPs LPs to cassette tapes tapes to CDs and on to electronic formats The quest for better sound has certainly driven technological change but according to David L. Morton so have business strategies patent battles and a host of other factors
