The Hawaiian Republic 1894-98 And Its Struggle To Win Annexation

Stephen Kinzer

The Hawaiian Republic 1894-98 And Its Struggle To Win Annexation:

The Hawaiian Republic, 1894-98, and Its Struggle to Win Annexation William Adam Russ, 1961 The Hawaiian Republic (1894-98) William A. Russ, Jr., 1993-02 **The Hawaiian Republic (1894-98)** William Adam Russ, 1992 In this second volume of his study William Adam Russ Jr follows up on the story of the turn of the century revolution that abrogated the monarchy and ended the sovereignty of the Kingdom of the Hawaiian Islands The Hawaiian Republic 1894 98 chronicles how the Hawaiian government leaders had to establish and preserve a stable nation with themselves in power while representing only a small minority of the citizenry and at the same time maintain a semblance of democratic principles to convince the United States Congress and the American people that Hawaii was worthy of joining the Union In January of 1893 a small group of businessmen primarily of American background launched a revolution in the Hawaiian Kingdom Their objective was to abrogate monarchy declare a provisional government and seek annexation to the United States They ultimately succeeded in the first two objectives but failed in the third In his earlier study The Hawaiian Revolution 1893 94 Russ made it clear that annexation to the United States rather than the establishment of an independent state was the primary aim of the revolutionists Their failure to achieve annexation from the Cleveland administration forced the leadership to form a permanent government until union could be reached In the present study Russ discusses the problems faced by the revolutionary Hawaiian government leading up to annexation While most of the native Hawaiians and others refused to support or cooperate with that government the government had to appear to be a popular institution with the citizenry in order to appeal to the Americans To make matters worse the population included a large majority of immigrants who were not allowed to participate in civic affairs and at the same time Japan was making demands on the government to give rights to Japanese immigrants equal to all other foreigners on the Islands This work on the Hawaiian Republic is unique as there are no comparable detailed accounts of the period in Hawaii s political history and in the history of the relations between the Islands and the United States The author uses sources rich in detailed information on the period as it was viewed from the leading players in Honolulu and Washington and in newspapers in Honolulu New York and San Francisco His use of government documents of the Republic and the United States covers the official approach to policies giving readers the substance of the attitudes beliefs and ideas of the leaders so quoted For this reason The Hawaiian Republic 1894 98 remains a valuable asset for those who study Hawaiian history BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Hawaiian Republic (1894-98) and Its Struggle to Win Annexation William Adam Russ (jr.), 1961 Sun Yatsen, Robert Wilcox and Their Failed Revolutions, Honolulu and Canton 1895 Patrick Anderson, 2021-06-27 Dynamite on the Tropic of Cancer is the radical explosive retelling of the first decade of the Father of Modern China Dr Sun Yatsen s globally shaped formation as a professional revolutionist and of the impact of the adult Sun s revolutionary relationship with Hawai i and with his varied communities of supporters there during its own most turbulent

political decade the 1890s years in which this remote island nation transformed from native monarchy via sovereign independent republic to become the USA's first overseas territory Drawn from neglected primary sources *Dynamite* reveals the hitherto untold story of the secret revolutionary alliance forged in Honolulu's backstreets between Sun's Xingzhonghui and the idiosyncratic Italophile soldier Robert Wilcox Hawai'i's Garibaldi and leader of the Kanaka Native Hawaiian counterrevolution of January 1895 This failed uprising to restore Hawai'i's tragic last Queen witnessed firsthand by Sun Yatsen became the archetype upon which ten months later Sun would base his own first attempt at armed insurrection in China the Canton uprising of 26 October 1895 With an epic sweep across the Pacific's Tropic of Cancer *Dynamite* is the most important study yet written on the origins of Sun Yatsen's Chinese Revolution and its dynamic interface with Hawaiian history

The History and Immigration of Asian Americans Franklin Ng, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory

America in the Gilded Age Sean Dennis Cashman, 1993-10-01 A lively often entertaining and generally well balanced treatment enlivened by the lavish use of colorful often amusing anecdotes History When the first edition of *America in the Gilded Age* was published in 1984 it soon acquired the status of a classic and was widely acknowledged as the first comprehensive account of the latter half of the nineteenth century to appear in many years Sean Dennis Cashman traces the political and social saga of America as it passed through the momentous transformation of the Industrial Revolution and the settlement of the West Revised and extended chapters focusing on immigration labor the great cities and the American Renaissance are accompanied by a wealth of augmented and enhanced illustrations many new to this new edition A lucid and perceptive examination a fine synthesis of primary research and recent scholarship that emphasizes personalities of the age without slighting the overriding issues It should delight students *Journal of Economic History* Clear graceful and lively An excellent collection of photographs enhances the text *The Historian*

Protestant Diplomacy and the Near East Joseph L. Grabill, 1971

Unsustainable Empire Dean Itsuji Saranillio, 2018-12-21 In a bold challenge to conventional understandings of Hawai'i's admission as a U.S. state Dean Saranillio tracks the disparate stories different groups tell about Hawaiian statehood by returning to historical flashpoints ranging from the turn of the century until shortly after 1959

[History of the Supreme Court of the United States](#) Owen M. Fiss, 2006

Overthrow Stephen Kinzer, 2007-02-06 Stephen Kinzer's *Overthrow* provides a fast paced narrative history of the coups revolutions and invasions by which the United States has toppled fourteen foreign governments not always to its own benefit Regime change did not begin with the administration of George W. Bush but has been an integral part of U.S. foreign policy for more than one hundred years Starting with the overthrow of the Hawaiian monarchy in 1893 and continuing through the Spanish American War and the Cold War and into our own time the United States has not hesitated to overthrow governments that stood in the way of its political and economic goals The invasion of Iraq in 2003 is the latest

though perhaps not the last example of the dangers inherent in these operations In *Overthrow* Stephen Kinzer tells the stories of the audacious politicians spies military commanders and business executives who took it upon themselves to depose monarchs presidents and prime ministers He also shows that the U S government has often pursued these operations without understanding the countries involved as a result many of them have had disastrous long term consequences In a compelling and provocative history that takes readers to fourteen countries including Cuba Iran South Vietnam Chile and Iraq Kinzer surveys modern American history from a new and often surprising perspective Detailed passionate and convincing with the pace and grip of a good thriller Anatol Lieven *The New York Times Book Review* **American Constitutionalism Heard Round the World, 1776-1989** George Athan Billias,2011-12 Winner of the 2010 Book Award from the New England Historical Association American constitutionalism represents this country s greatest gift to human freedom yet its story remains largely untold For over two hundred years its ideals ideas and institutions influenced different peoples in different lands at different times American constitutionalism and the revolutionary republican documents on which it is based affected countless countries by helping them develop their own constitutional democracies Western constitutionalism of which America was a part along with Britain and France reached a major turning point in global history in 1989 when the forces of democracy exceeded the forces of autocracy for the first time Historian George Athan Billias traces the spread of American constitutionalism from Europe Latin America and the Caribbean region to Asia and Africa beginning chronologically with the American Revolution and the fateful shot heard round the world and ending with the conclusion of the Cold War in 1989 The American model contributed significantly by spearheading the drive to greater democracy throughout the Western world and Billias s landmark study tells a story that will change the way readers view the important role American constitutionalism played during this era *Aloha Betrayed* Noenoe K. Silva,2004-09-07 An historical account of native Hawaiian encounters with and resistance to American colonialism based on little read Hawaiian language sources **Perversions of Justice** Ward Churchill,2003 Examines the faulty reasoning employed to legislate colonial control over North America s indigenous peoples and their lands **California and Hawai'i Bound** Henry Knight Lozano,2021-08 Henry Knight Lozano explores how U S boosters writers politicians and settlers promoted and imagined California and Hawai i as connected places and how this relationship reveals the fraught constructions of an Americanized Pacific West from the 1840s to the 1950s *The Spanish-American War and President McKinley* Lewis L. Gould,1982 This lively thought provoking analysis is based on the author s highly acclaimed Presidency of William McKinley This is by all odds the best study of the coming of the war the war itself and the aftermath of the conflict Paul S Holbo University of Oregon According to the author McKinley s enhancement of presidential power and his personal leadership in war making and diplomacy made him the first truly modern president This thesis is carefully developed and effectively argued The book s brevity readability and interpretive insights make it attractive for the classroom But this is no mere digest for

undergraduates for more advanced scholars can learn from it too Pacific Historical Review *The Text is Myself* Miriam Fuchs, 2004 German Jewish novelist Grete Weil fled to Holland but her husband was arrested there and murdered by the Nazis Chilean novelist Isabel Allende fled her country after her uncle Salvador Allende was assassinated and she later lost her daughter to disease President McKinley, War and Empire Richard F. Hamilton, 2017-09-08 This second volume of President McKinley War and Empire assesses five theories that have dominated analysis of modern societies in the last century liberalism Marxism mass society pluralism and elitism in accounting for an aberrant event in American history the Spanish American War President McKinley and the Coming of the War 1898 volume 1 of this definitive history considered the origins of that war This second volume is concerned with the war's outcome the settlement in which the U S gained an empire The book begins by reviewing various expansionist episodes in U S history some successes some failures and by analyzing the complexities support and opposition involved in expansionism It then examines the work of expansionist writers men said to have driven the 1898-99 movement finding these claims to be questionable Hamilton assesses McKinley's decision making in regard to the settlement of the Spanish American War including the influences that might have moved him as well as his own justifications He then reviews the subsequent achievements the size and character of the new American empire trade flows the Philippine experience and U S efforts in China supposedly the prime goal of the new imperialism Many contemporary writers anticipated great possibilities in China but that fabled market remained minuscule throughout the following century Much American trade continued to be with Western Europe while the biggest change in U S exports went largely unnoticed Canada became the nation's number one trading partner In much historical writing McKinley is portrayed as little more than a front man for Mark Hanna the adept businessman politician who organized and led his presidential campaign aided by generous financial contributions from business leaders across the nation Hanna certainly was a leading figure in McKinley's career but the assumption that his influence was controlling is not justified as has been shown in recent research McKinley was far more than a figurehead easily manipulated by representatives of the interests **The True Flag** Stephen Kinzer, 2017-01-24 Recalls the forgotten political debate at the beginning of the twentieth century over America's role in the world with the country's political and intellectual leaders advocating either imperial expansion or restraint A Nation of Peoples Elliott Robert Barkan, 1999-05-30 The debate over America's multiculturalism has been intense for nearly three decades dividing opponents into those insisting on such recognition and those fearing that such a formal acknowledgment will undermine the civic bonds created by a heterogeneous nation Facts have often been the victim in this dispute and few works have successfully attempted to present the broad spectrum of America's ethnic groups in a format that is readable current and authoritative The chapters in this reference book demonstrate that America has been far more than a nation of immigrants it has been a nation of peoples of virtually all races religions and nationalities inclusive of indigenous natives and peoples long present as well as myriad immigrant and refugee groups Not all groups have equally

found America to be a land of opportunity and the successes of some groups have come at the expense of others To understand the American experience the reader must not just study the story of immigrants living on the East Coast but also the history of those living in the South Southwest West and even Alaska and Hawaii As a reference book this volume provides thorough coverage of more than two dozen racial ethnic and religious groups in the United States Each chapter is written by an expert contributor and overviews the experiences of one group or a cluster of related groups The chapters are arranged alphabetically and cover groups such as African Americans American Indians Filipinos Hawaiians Mexicans Mormons and Puerto Ricans To the extent possible each chapter discusses the initial arrival of the group in America the adaptation of the first generation of immigrants the economic political and cultural integration of the group and the status of the group in contemporary American society Each chapter closes with a bibliographical essay and the volume concludes with a review of the most important general works on America s multicultural heritage

Getting the books **The Hawaiian Republic 189498 And Its Dtruggle To Win Annexation** now is not type of inspiring means. You could not single-handedly going subsequently book heap or library or borrowing from your connections to entry them. This is an utterly easy means to specifically acquire guide by on-line.
