Emenyonu, 2020-02-07 This book looks at the trends in the development of the Igbo novel from its antecedents in oral performance through the emergence of the first published novel Omenuko in 1933 by Pita Nwana to the contemporary Igbo novel Defining Igbo literature as literature in Igbo language and Igbo novel as a novel written in Igbo language the author argues that oral and written literature in African indigenous languages hold an important foundational position in the history of African literature Focusing on the contributions of Igbo writers to the development of African literature in African languages the book examines the evolution themes and distinctive features of the Igbo novel the historical circumstances of the rise of the African novel in the pre colonial era and their impact on the contemporary Igbo novel This book will be of interest to scholars of African literature literary history and Igbo studies Power and Powerlessness of Women in West African Orality Raoul Granqvist, Nnadozie Inyama, 1992 *Women, Literature and Development in Africa* Anthonia C. Kalu, 2019-12-09 This book is a powerful exploration of the role of women in the evolution of African thinking and narratives on development from the precolonial period right through to the modern day Whilst the book identifies women's oppression and marginalization as significant challenges to contemporary Africa's advancement it also explores how new written narratives draw on traditional African knowledge systems to bring deep rooted and sometimes radical approaches to progress The book asserts that Africans must tell their own stories expressed through the complex meanings and nuances of African languages and often conveyed through oral traditions and storytelling in which women play an important role The book's close examination of language and meaning in the African narrative tradition advances the illumination and elevation of African storytelling as part of a viable and valid knowledge base in its own right rather than as an extension of European paradigms and methods Anthonia C Kalu's new edition of this important book fully revised throughout will also include fresh analysis of the role of digital media education and religion in African narratives At a time when the prominence and participation of African women in development and sociopolitical debates is growing this book's exploration of their lived experiences and narrative contribution will be of interest to students of African literature gender studies development history and sociology *Nsukka Journal of the Humanities*, 2008 **Advances in African Languages, Literatures and Cultures** Charles Ogbulogo, P. sensibilities theological intelligibilities and ethical cultural and ecclesiastical backgrounds have affirmed that this worldwide quagmire constitutes a global health problem and social malady which does not have a well defined geographically limited spread The global nature of HIV AIDS as seen in the statistics does not however undermine the fact that the effects of this sickness are not felt proportionally from one nation to another This book proposes to situate the local as a veritable site of empowerment for communities dealing with HIV AIDS as it is the case with the African continent The author of this book over and above the way the problem of HIV AIDS has been constructed projected and reviewed decided to situate this epidemic of the 20th Century within the socio cultural and political context of the Nigerian nation with particular reference to the Igbo people The task of contextualizing this problem reveal the identity of the author as an Igbo and as a theologian who engages the indigenous ethical principles unsophisticated traditional wisdom cultural and religious values of his people in offering solutions that resonate the cultural identity of his people in dialogue with modern and post modern constructs
