Managing Labour in Small Firms Susan Marlow, Dean Patton, Monder Ram, 2004-08-02 The majority of employees currently working in the private sector are now employed in small firms yet little is known about their working conditions This collection of essays addresses this gap Based on theoretical analysis supported by contemporary empirical evidence the book explores key areas of the employment relationship adding a new perspective to our understanding of contemporary work

Teleworking in the Countryside Michael Antony Clark, 2018-02-06 This title was first published in 2000 Since the 1970s there has been widespread debate on the potential of information communication technologies on the organization of work and in particular the implications of and opportunities engendered through telework and the decentralization of the workplace However despite the possible spatial cultural social and economic implications much of the telework debate has been informed by anecdotal examples journalistic reporting and individual forecasts This book aims to further the debate by analyzing the scale nature and experience of telework in the countryside It examines how and by whom telework is set up and what policy and social changes are taking place to facilitate it in rural areas Individual teleworkers and the organizations using them are questioned to assess whether rural teleworking is proving as advantageous in practice as it is thought to be in theory Its conclusions suggest that teleworking may not yet be the solution to the many rural problems such as unemployment and depopulation and that businesses and local authorities still need to develop their policies and strategies to allow this type of working to reach its potential
