Small Business Barriers And Battlefields Adding Reality To The American Dream:

Small Business Barriers and Battlefields Robert Earl Fleury, 1994 **SMALL BUSINESS BARRIERS BATTLEFIELDS** looks beyond the numbers into the psyche mental traps that threaten small business survival Real life war stories illustrate how logic becomes twisted ignorance compulsive dysfunctional behavior addictions overpower logic then defeat most small businesses Readers learn to recognize illogical thought behavior patterns in themselves customers vendors employees deal effectively with resulting problems A unique addition to small business literature says Business Book Buyer Susan Pfothenhauer Inspiration came from Fleury's first book **THE SMALL BUSINESS SURVIVAL GUIDE** It maintained that small business survival was primarily due to mismanagement of cash which was due to a failure to get close to one's own accounting Students entrepreneurs praised the work However Fleury noticed that few entrepreneurs benefitted as dramatically from his concepts No Entry Accounting™ as had been expected His search for the reason led to a hidden truth Most entrepreneurs make decisions based upon a multitude of influences other than logic Tough decisions require input from accounting records But the simple logic of accounting is shunned by small business owners keeping important input from the decision process Order from Matahari Publishing 36W794 Stonebridge St Charles IL 60175 708 584 7426 **Small**
