Smart Training American Library Association, 1997-08 *A Comprehensive Library Staff Training Programme in the Information Age* Aileen Wood, 2007-02-28 This book discusses the issues surrounding the implementation and selling of a comprehensive library staff training programme. Importantly, it contains many tried and tested techniques used by the author; it also includes standard documentation that readers can use in their own organisation for training purposes. Covers the different types of training and the pros and cons of each. Discusses the administrative role as a change agent. Shows how to develop programme objectives and measurable outcomes. *A Complete Guide to Training Library Staff* Emily Leachman, A. Garrison Libby, 2024-11-14 This practical guidebook presents an infrastructure for training library staff starting with a robust onboarding process and continuing through a staff member's entire duration at an institution. Because library services and resources can change rapidly, ongoing training is an important aspect of library operations. Training can be a particular challenge at large multi-branch library systems because it can be difficult to ensure all staff are able to receive the relevant information. Written for library managers and training leaders, *A Complete Guide to Training Library Staff* presents a comprehensive lifecycle for staff development with a focus on tools and techniques to build a sustainable training program, set staff up for success in their positions, and develop a positive and supportive community across the library. Authors Emily Leachman and A. Garrison Libby spearheaded their library's movement to largely online trainings which are inclusive of staff at all branch locations. This practical guidebook helps managers and trainers develop a comprehensive plan that allows new staff to quickly become acquainted with the operations of the library, provides ongoing training to make staff aware of new procedures and services, and creates a collaborative and supportive training environment to empower staff to learn and lead.
