Smooth Justice:

Smooth Justice Michael Underwood, 2014-01-21 In Bloomsbury Magistrate's Court stipendiary magistrate Donald Ferney reigned supreme Ferney sought to acquire the public image of the kindly magistrate and his remarks even his judgements were sometimes aimed at the local reporters present in court But among those who knew him better Mr Ferney was not loved He had indeed made many enemies in all departments of his life in particular among the permanent staff who served at his court Among Mr Underwood's best P D James *Smooth Justice* Michael Underwood, 1979 *Bible and Justice*

Matthew J. M. Coomber, 2016-04-01 The Bible contains a variety of passages that defend the poor and champion the cause of the oppressed but are these ancient texts able to find a voice in confronting injustice in the modern world *Bible and Justice* examines the ways in which the Bible can speak to contemporary poverty environmental issues and state sponsored violence whilst exploring the difficulties that arise when ancient concepts of justice are applied to modern ideals The book covers a range of topics from human rights to deaf biblical interpretation and from hospitality to corporate globalization Broad and accessible *Bible and Justice* will be an invaluable resource for students of religious and biblical studies *Justice Globalism*

Manfred Steger, James Goodman, Erin K Wilson, 2012-12-18 Are political activists connected to the global justice movement simplistically opposed to neoliberal globalization Is their political vision incoherent and their policy proposals naive and superficial as is often claimed by the mainstream media Drawing on dozens of interviews and rich textual analyses involving nearly fifty global justice organizations linked to the World Social Forum the authors of this pioneering study challenge this prevailing view They present a compelling case that the global justice movement has actually fashioned a new political ideology with global reach justice globalism Far from being incoherent justice globalism possesses a rich and nuanced set of core concepts and powerful ideological claims The book investigates how justice globalists respond to global financial crises to escalating climate change and to the global food crisis It finds justice globalism generating new political agendas and campaigns to address these pressing problems *Justice globalism* the book concludes has much to contribute to solving the serious global challenges of the 21st century *Justice Globalism* will prove a stimulating read for undergraduate and graduate students in the social sciences and humanities who are taking courses on globalization global studies and global justice

Spatial Justice Andreas Philippopoulos-Mihalopoulos, 2014-10-30 There can be no justice that is not spatial Against a recent tendency to despatialise law matter bodies and even space itself this book insists on spatialising them arguing that there can be neither law nor justice that are not articulated through and in space *Spatial Justice* presents a new theory and a radical application of the material connection between space in the geographical as well as sociological and philosophical sense and the law in the broadest sense that includes written and oral law but also embodied social and political norms More specifically it argues that spatial justice is the struggle of various bodies human natural non organic technological to occupy a certain space at a certain time Seen in this way spatial justice is the most radical offspring of the spatial turn since as this

book demonstrates spatial justice can be found in the core of most contemporary legal and political issues issues such as geopolitical conflicts environmental issues animality colonisation droning the cyberspace and so on In order to argue this the book employs the lawscape as the tautology between law and space and the concept of atmosphere in its geological political aesthetic legal and biological dimension Written by a leading theorist in the area Spatial Justice Body Lawscape Atmosphere forges a new interdisciplinary understanding of space and law while offering a fresh approach to current geopolitical spatiolegal and ecological issues

International Handbook of Educational Leadership and Social (In)Justice Ira Bogotch, Carolyn M. Shields, 2013-11-11 The International Handbook on Educational Leadership and Social In Justice creates a first of its kind international forum on conceptualizing the meanings of social justice and leadership research approaches in studying social justice and combating social injustices school university and teacher leadership for social justice advocacy and advocates for social justice socio cultural representations of social injustices glocal policies and leadership development as interventions The Handbook is as much forward looking as it is a retrospective review of educational research literatures on social justice from a variety of educational subfields including educational leadership higher education academic networks special education health education teacher education professional development policy analyses and multicultural education The Handbook celebrates the promises of social justice while providing the educational leadership research community with concrete contextualized illustrations on how to address inequities and combat social political and economic injustices through the processes of education in societies and educational institutions around the world

Standard Poland-China Record Standard Poland-China Record Association, Maryville, Mo, 1919

American Poland-China Record American Poland-China Record Association, 1920

The Oxford Companion to International Criminal Justice, 2009-01-22 The move to end impunity for human rights atrocities has seen the creation of international and hybrid tribunals and increased prosecutions in domestic courts The Oxford Companion to International Criminal Justice is the first major reference work to provide a complete overview of this emerging field Its nearly 1100 pages are divided into three sections In the first part 21 essays by leading thinkers offer a comprehensive survey of issues and debates surrounding international humanitarian law international criminal law and their enforcement The second part is arranged alphabetically containing 320 entries on doctrines procedures institutions and personalities The final part contains over 400 case summaries on different trials from international and domestic courts dealing with war crimes crimes against humanity genocide torture and terrorism With analysis and commentary on every aspect of international criminal justice this Companion is designed to be the first port of call for scholars and practitioners interested in current developments in international justice

Justice Denoted Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the principal of selection is to disdain labels that reduce the variety of

the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors, major and minor, and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers' *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart, Lisa Scottoline, Margaret Maron, Scott Turow and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *à la* *noir* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller craft, notes by writers and prominent trial lawyers responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers as well as the occasional reader of legal thrillers. [The Tyranny of the Ideal](#) Gerald Gaus, 2019-01-08

In his provocative new book *The Tyranny of the Ideal*, Gerald Gaus lays out a vision for how we should theorize about justice in a diverse society. Gaus shows how free and equal people faced with intractable struggles and irreconcilable conflicts might share a common moral life shaped by a just framework. He argues that if we are to take diversity seriously and if moral inquiry is sincere about shaping the world, then the pursuit of idealized and perfect theories of justice essentially the entire production of theories of justice that has dominated political philosophy for the past forty years needs to change. Drawing on recent work in social science and philosophy, Gaus points to an important paradox: only those in a heterogeneous society with its various religious, moral and political perspectives have a reasonable hope of understanding what an ideally just society would be like. However, due to its very nature, this world could never be collectively devoted to any single ideal. Gaus defends the moral constitution of this pluralistic open society where the very clash and disagreement of ideals spurs all to better understand what their personal ideals of justice happen to be. Presenting an original framework for how we should think about morality, *The Tyranny of the Ideal* rigorously analyzes a theory of ideal justice more suitable for contemporary times.

Project Reports of the National Institute of Law Enforcement and Criminal Justice, 1971 **OECD Justice Review of Peru Towards Effective and Transparent Justice Institutions for Inclusive Growth** OECD, 2024-07-11. This report provides an in-depth analysis of Peru's justice system and offers concrete recommendations based on OECD countries.

experience and best practices for how to make it more effective efficient transparent accessible and people centred Building on the OECD s Recommendation on Access to Justice and People Centred Justice Systems the report suggests how Peru can best implement its challenging justice reform agenda so that access to justice is available to all including the most in need
