Songs Of Celtic Christianity:

Songs of Celtic Christianity Dennis Doyle, Paula Doyle, 1994-12-01 The Music of What Happens John J. Ó Ríordáin, 1996 John J O Riordain speaks of Celtic spirituality as a lived experience even in modern Ireland The author explores the richness of Celtic spirituality as it emerged in Europe around 1000 BC to the Celt s eventual absorbtion of the Christian message in the Ireland of the 5th century **God Under my Roof: Celtic Songs and Blessings** Esther de Waal, 2020-01-01 IN THIS introduction to songs and blessings collected from the oral tradition of the Hebrides Esther de Waal uses the poems themselves to evoke a vision of the wholeness of life We are seen to belong to a common creation responsible for the natural world but essentially at peace with it secure in the knowledge that wherever we go we are under God s heaven and that God can be found close at hand under our very roofs We are encouraged to make some of the prayers included here our own to find ourselves befriended by God and the saints as we talk to them with unforced simplicity and candour So we discover that it is through the rites of ordinariness that the rhythm of eternity penetrates our days and nights

Celtic Christian Spirituality Oliver Davies, Fiona Bowie, 1995 Celtic Christian Spirituality is a new accessible and authoritative introduction to the great wealth of this ancient but still vibrant Christian tradition This volume makes an ideal introduction to Celtic Christianity drawing out its deeply creative and life affirming qualities while remaining true to the historical and social realities of which it has always been a part **The Emerging Christian Way** Michael Schwartzentruber, The face of Christianity is changing In recent years and in rapidly increasing numbers people have begun to understand the core message and purpose of Christianity differently They have returned to its ancient roots and found a wisdom that speaks to their experience of faith and God According to this emerging vision Christianity is primarily about transformation the transformation of the self through a living and dynamic experience of God who is not separate from us but a part of us and the transformation of society The Emerging Christian Way Thoughts Stories and Wisdom for a Faith of Transformation is a collection of 13 essays by some of the leading authors and thinkers in the field covering every aspect of this developing Christian paradigm Contributors include Marcus Borg Matthew Fox Tom Harpur Tim Scorer Sallie McFague Cynthia Bourgeault Nancy Reeves Don Grayston the Very Rev Bill Phipps the Very Rev Anne Squire Mark Maclean Bruce Harding and Michael Schwartzentruber **The Song of Songs and the Fashioning of Identity in Early Latin Christianity** Karl Shuve, 2016-03-24 In this work Karl Shuve provides a new account of how the Song of Songs became one of the most popular biblical texts in medieval Western Christianity through a close and detailed study of its interpretation by late antique Latin theologians It has often been presumed that early Latin writers exercised little influence on the medieval interpretation of the poem since there are so few extant commentaries from the period But this is to overlook the hundreds of citations of and allusions to the Song in the writings of influential figures such as Cyprian Ambrose Jerome and Augustine as well as the lesser known theologian Gregory of Elvira Through a comprehensive analysis of these citations and allusions

Shuve argues that contrary to the expectations of many modern scholars the Song of Songs was not a problematic text for early Christian theologians but was a resource that they mined as they debated the nature of the church and of the virtuous life. The first part of the volume considers the use of the Song in the churches of Roman Africa and Spain where bishops and theologians focused on images of enclosure and purity invoked in the poem. In the second part the focus is late fourth century Italy where a new ascetic interpretation concerned particularly with women's piety began to emerge. This erotic poem gradually became embedded in the discursive traditions of Latin Late Antiquity which were bequeathed to the Christian communities of early medieval Europe. *History of Music, from the Christian Era to the Present Time* Frédéric Louis Ritter, 1876

Distinctively Baptist Essays on Baptist History Walter B. Shurden, 2005. This collection of essays by different authors is presented as a tribute to Walter B. Shurden, distinctively Baptist church historian, teacher, preacher, author, Baptist apologist extraordinaire. The rationale of this celebration of the lifework and influence of Walter Shurden is well stated for example in editor Marc Jolley's preface: During some of the initial forays of our most recent and ongoing Fundamentalist-Moderate controversy there were days when I thought about changing denominations. Shurden's works were instrumental in my remaining a Baptist not because I could see how Baptists had always had controversies and survived although that is true but because he helped me understand that the reason I had been Baptist and would remain so was due to our Baptist distinctives, our freedoms. For so much more but especially for that understanding I am forever grateful. Many students, Baptists in the pews, some at the pulpit or lectern, even some who are not distinctively Baptist could testify in like terms regarding the ongoing work and influence of Walter B. Shurden. The essays in this collection of course address some of the primary concerns of Walter Shurden, augmenting that already significant lifework. **This Is Our Song** Janet

Wootton, 2013-01-07. Women have made an amazing creative and prolific contribution to hymnody through the centuries of Christian worship. Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches, women were able to express and influence spirituality in the writing of hymns. This influence spreads across the whole range of hymn writing including writing for children which was at one time seen as women's natural place but also the introduction of new voices through translations, engagement in social campaigns such as temperance and the abolition of slavery, mission and evangelism and the general development of worshipping life. However, with the exception of the nineteenth century, the voices of women have been largely silenced or marginalized. The Hymn Explosion of the 1960s onward almost completely ignored women's writing and there has only recently been something of a recovery. There is much more to Our Song than people think. This book opens up women's writing from the beginnings of Christianity through the Middle Ages, the development of printing and the rise of popular hymnody to the present day. Living hymn writers add their voices in a series of biographical stories which complete the overarching story of Our Song. *History of Music from the Christian Era to the Present Time : in the Form of Lectures* Frédéric Louis Ritter, 1876
