Sons of the Shaking Earth Eric R. Wolf, 1985 *Sons of the shaking earth* Eric Robert Wolf, 1974 Sons of the Shaking Earth Jacques Lassaigue, 1959 **Sons of the Shaking Earth** Eric Robert Wolf, 1962 Articulating Hidden Histories Jane Schneider, Rayna Rapp, 1995-01-09 Explores the full range of Eric R Wolf's methods and concepts and pays tribute to his work in anthropology and history *Sons of the Shaking Earth* Eric R. Wolf, 1969 **Purgatory and Utopia** Alicja Iwanska, 2017-07-05 The conflict between a people's determination to preserve their socio cultural identity and the aspiration toward technological progress and knowledge has become common in the age of globalization One people that has remarkably kept a balance between tradition and progress are the Mazahuas of Central Mexico Purgatory and Utopia now available in paperback describes how the Mazahuas have preserved their cultural identity and some of their ancient social institutions while at the same time modifying their lifestyles in a gradual natural way **When Men Revolt and Why** James Chowning Davies, 1997-01-01 The environment within which humans interact has changed dramatically since the Industrial Revolution However their expectations stem from the same hopes and dreams people have had from the beginning of humankind When Men Revolt and Why encourages readers to look closer and more deeply into the relationships between humans and the institutions that have originated to help them realize their full potential The contributors not only examine people but also the need to change institutions that have outworn their usefulness When institutions inhibit rather than facilitate everyone's desire to live a full life the result is likely to be violence This book offers the ideas of many people who have tried to dig deeper into basic causes of violence Included in this volume are selections by Aristotle Tocqueville Marx and Engels and Brinton The ideas they espoused still hold vitality In his new introduction James Davies talks about the circumstances under which this book was originally published In Vietnam a people were fighting for their autonomy In the United States many Americans were protesting against American involvement in the Vietnam War Blacks were marching for their civil rights Women were fighting for equality Time has tempered these conflicts Davies maintains that we remain ignorant of the elemental forces that impel people and nations to resort to violence We are usually surprised by their anger and shocked by their violence Davies asserts that we need to learn more about how humans respond to change so as to prepare ourselves for such responses to change When Men Revolt and Why is as timely as ever as we deal with uncertainty in various areas of the world the former Yugoslavia the Middle East and Ireland among others It is especially pertinent for political scientists historians and sociologists **Sons of the Shaking Earth** Eric Robert Wolf, 1959 *Guatemala* Peter Calvert, 2019-03-04 Guatemala has long been a field for struggle between other powers and today racked by civil war it avoids the full glare of international attention only because most of the Central American region is beset by similar problems Despite a continued belief in the reconstitution of a unified Central American state and a long running claim to Belize Guatemala has played a passive rather than an active role in international politics The influence of international economic

interests explains to a large degree why Guatemala has not been more active in the international arena In this book Professor Calvert examines Guatemala s history and the principal aspects of the country s faction tom society and seeks to explain the problems and their consistently violent manifestations that have attended the course of the country s social economic and political development
