Sons And Mothers:

Breaking the Mother-Son Dynamic John Lee, 2015-08-04 Therapists and the general public are familiar with the terms s mothering helicopter moms and boomerang sons because they have been popularized in films like Monster in Law Cyrus and Failure to Launch but what makes for humorous fodder onscreen depicts a troubling issue that s being played out for real in therapists offices bedrooms and divorce courts across the nation an epidemic of men who are enmeshed in unhealthy energy sucking and emasculating relationships with their mothers Even though these men are grown and living away from Mom her influence has left them unable to fully commit or to fully love and they are plagued with anger issues indecisiveness depression or toxic stress In Breaking the Mother Son Dynamic John Lee takes an eye opening look at how a mother s love or lack thereof impacts a son s life choices and life partner or lovers Perhaps you are one of these men or maybe you recognize these behaviors in the man you love Do you hold back swallow or bottle up things you wish you could say to your mother for fear it would upset or kill her Did you grow up hearing negative things about men masculinity being a male and how you shouldn t be like the rest of them Does your mother or did she fail to respect your boundaries as a child adolescent or adult Does your mother keep referring to you as her baby or her little boy even after you became an adult If you answered yes to any of these questions you may be caught in an unhealthy mother son dynamic that is negatively affecting key areas of your life Several years ago John Lee wrote what came to be the most authoritative book on why men run from relationships The Flying Boy Healing the Wounded Man Here he visits the mother son relationship and gently but assertively shows men how to separate from the mother energy that has a massive pull on their hearts and souls no matter how young or old they may be In a work that is a combination of memoir self help psychology recovery and personal growth he discovers why a relationship of 50 50 responsibility doesn t work and what does work how men can stop sonning mothers lovers and wives why one must learn his or her own rhythm of closeness how to be really present to those we love and to life itself and much much more Using case studies personal stories and assessments the book helps men release any anger and grief toward their mothers and teaches them how to take responsibility for their adult selves most importantly Lee provides an understanding of what healthy adults should and shouldn t expect from each other Lee shows wives and girlfriends how to stop being their man s surrogate mother and shows well meaning mothers how certain behaviors may perpetuate an unhealthy cycle and how to better relate to their sons in healthier ways By helping mothers and sons identify this dynamic and providing them with the tools to dismantle it this book will change lives For anyone who is ready to make a clean clear and guilt free separation from the kind of s mothering and sonning that just hasn t worked John Lee will show them the way

The Secret Love of Sons Nicholas Weinstock, 1997 With humor and intelligence and with the help of hundreds of confidential interviews Weinstock has discovered the startling place that mothers hold in the heads and hearts of growing men By offering his own memories and reflections as well as the personal disclosures of other sons he not only explains the mindsets that drive boys from the

nest and keep them insistently independent from their moms but also illuminates the many ways in which mothers have deeply and continuously affected their sons lives What emerges in this profound book is a love letter to mothers and a smart and surprising blueprint to the emotions of sons of all ages and backgrounds Men vividly recall their maternally crafted childhoods and reflect gratefully on the solid support and high expectations of these women who knew them even before they knew themselves But sooner or later every growing boy gets the message that he is obligated to become a man to leave the secret garden he shared with his mother and assert himself in a world that frowns on mama s boys How sons seek to distinguish themselves how they act on and shelve their deeper feelings and how their mothers contributions are incorporated into their developing lives are the revelations contained in The Secret Love of Sons wisdom that both mothers and sons have gone without for far too long

Why a Son Needs a Mom Gregory E. Lang, 2004 The loving relationship between mothers and sons frequently defines the man a son will become From the warmth and security a boy experiences with his mother he gains confidence and learns about loving and accepting others listening and expressing his own ideas and feelings and exploring the world in which he lives This is one son s loving reflection on what his mother has brought to his life

Mothers and Sons Babette Smith, 1995 The mother son relationship is defined by powerful cultural myths On the one hand it is idealized the bond between mother and son is exalted as the purest and most fulfilling in a women s life and an unquestioning source of love in a man s life On the other hand it is vilified Mother love is portrayed as stifling limiting or even castrating Mothers are blamed for flaws in their son s personalities and for any sexual orientation which is not strictly heterosexual This study attempts to reveal the truth behind these myths and lifts the lid on decades of uneasy family relationships

Mothers and Sons Andrea O'Reilly, 2002-06-01 The relationship between mothers and sons has been explored for ages From Oedipus to Al Brooks Mother we are fascinated by the familial bond between a mother and her son This groundbreaking work looks at many untouched areas of the mother son relationship including race sexuality and ability The contributors to this collection speak from the heart and explore how the institution of motherhood oppresses women impedes mother son identification and fosters sexism The impact of the feminist movement on the mother son relationship which has been previously neglected in literature is explored in depth in Mothers and Sons _ These deeply personal reflections includes stories of lesbian mothers identifying challenges in raising sons in our heterosexist culture as well as black mothers and sons and Jewish mothers For all with an interest in family issues gender issues or a new perspective on mothering this book is a must read

FREUD,Taylor & Francis Group,2019-07-10 *Men and Mothers* Hendrika C. Freud,2018-03-08 Not all men vie with their fathers for the love of their mothers In some families the mother becomes the central figure for her son the father is excluded or excludes himself and does not come between mother and son The main thesis of this book using clinical vignettes and quotes from the work of Marcel Proust to illustrate the author s points is that in these cases fantasies of matricide replace patricide Men develop their male gender identity by being permitted to separate from their mother early on but when a man does not resolve his infantile tie to his mother he risks remaining in a passive and or dependent position towards her Over identification with the mother might ensue hampering masculine development Mothers who seek emotional support by binding their sons too closely can become seductive towards them The child is inclined to try to satisfy the emotional needs of his mother and he fears rejection if he asserts his independence instead of complying **Mothers of Sons** Linda Rennie Forcey,1987-02-17 A great deal has been written about the bond between mothers and daughters and fathers and daughters This book explores the equally complex and rewarding relationship between mothers and their sons It begins with a survey of the literature on the mother son relationship Forcey s study is based on the oral histories of 120 mothers who reveal their feelings of responsibility toward their sons their expectations and how they communicate In her examination of the mother son relationship the author

ultimately questions whether or not mothers foster sexist masculinity and whether they can be blamed for male dominance
