scientific method something Abraham Lincoln knew and used routinely His logic and reason are so well known that he is quoted today more than 150 years after his death Learning the six elements and how to use them to discuss any topic at any time is not only fascinating but fairly easy to understand and implement This book sets it all out step by step and color coded from beginning to end The Tyranny of Public Discourse complete with 21 diagrams on how to structure your logic is the book you have been waiting for The time is short and the hour is now *A Manual for the Use of the State High Schools of North Dakota* North Dakota.
