The Hexing:

The Power of Hex Shawn Engel, 2020-10-06 Shawn Engel is the real deal a boss mystic whose influence is great ideas sparkling and power palpable You will not find spellwork explained more accessibly or made more fun by anyone Jerico Mandybur author of *Neo Tarot* This beautifully illustrated guide introduces new witches to sigils amulets potions and spells that will encourage them to reclaim and use their power as a catalyst for social change In *The Power of Hex* author Shawn Engel shows young witches how to use their own power in an inclusive way and empowers them to create their own spells with their new knowledge Beginning with the definition of hexing unpacking the ethics and showing how disenfranchised groups have used this type of magic throughout history for protection *The Power of Hex* leads into modern takes on the practice From there an overview of focusing energy in different rituals leads into four main spell chapters rounding out to a chapter dedicated to building your own spells using aligned ingredients This book sets itself apart because it aims to simplify this powerful type of magic while enforcing morality We don't want to sink to the level of those we are cursing hexing is meant to protect and arm Hex responsibly and effectively

Casting the Circle Diane Stein, 2012-10-17 Learn how to create a sacred space and use ritual for empowerment in everyday life with this classic from Diane Stein

The Philosophy of Science Richard Boyd, Philip Gasper, J. D. Trout, 1991 The more than forty readings in this anthology cover the most important developments of the past six decades charting the rise and decline of logical positivism and the gradual emergence of a new consensus concerning the major issues and theoretical options in the field As an introduction to the philosophy of science it stands out for its scope its coverage of both historical and contemporary developments and its detailed introductions to each area discussed

A Storm of Spells and Hexes (The Hexer and the Telekinetic Book 1) N. R. Hairston, Tix Anders is the closest thing I have to a boyfriend Even though we've never talked we're still in a relationship So when someone kidnaps him right in front of me I go on the hunt What I find is a madman who wants us both dead because of our spell casting abilities Getting Tix back is just the beginning Now we'll have to join forces to take out a threat more powerful than any I've ever seen My relationship with Tix was always maintained at a distance Now we're in constant contact Can we save what we had before Or do we move forward with something new Will either of us be left standing when this is all over This is an M/M Urban Fantasy book where the two main leads interact daily but never speak until one of them is almost killed This book contains plenty of action magic and spells

Women's Spirituality Mary Faulkner, 2025-09-12 From the inside scoop on goddesses Amazons and ancient matriarchal societies to feminist theology and pagan rituals *Women's Spirituality* offers a comprehensive survey of what is happening in women's spirituality today Mary Faulkner also provides a sweeping historical and social overview of women's spiritual experience from the dawn of civilization to present day Goddesses amazons priestesses and Magic the history of early matriarchal societies ecofeminism Pagan and New Age rituals Wiccan Celtic Jewish Christian native peoples and other spiritual traditions Faulkner also highlights the work of well known writers

theologians and academics who have contributed to the field including Barbara Walker Marija Gimbutas Luisah Teish Starhawk Alice Walker Rosemary Ruether Elizabeth Cady Stanton Sallie McFague Mary Daly Judith Plaskow Carol Christ Sue Monk Kidd and many more For the novice adept or the simply curious this book offers both a sweeping history and an inside view of one of the most profound movements and moving religious impulses of today *The Routledge Companion to Philosophy of Science* Stathis Psillos, Martin Curd, 2008-01-31 This indispensable reference source and guide to the major themes debates problems and topics in philosophy of science contains fifty five specially commissioned entries by a leading team of international contributors Organized into four parts it covers historical and philosophical context debates concepts the individual sciences The Companion covers everything students of philosophy of science need to know from empiricism explanation and experiment to causation observation prediction and more and contains many helpful features **The Routledge Companion to Philosophy of Science** Martin Curd, Stathis Psillos, 2013-07-24 The Routledge Companion to Philosophy of Science is an indispensable reference source and guide to the major themes debates problems and topics in philosophy of science It contains sixty two specially commissioned entries by a leading team of international contributors Organized into four parts it covers historical and philosophical context debates concepts the individual sciences The Routledge Companion to Philosophy of Science addresses all of the essential topics that students of philosophy of science need to know from empiricism explanation and experiment to causation observation prediction and more and contains many helpful features including chapters on individual sciences such as biology chemistry physics and psychology further reading and cross referencing at the end of each chapter Expanded and revised throughout this second edition includes new chapters on Conventionalism Social Epistemology Computer Simulation Thought Experiments Pseudoscience Species and Taxonomy and Cosmology Depth Michael Strevens, 2011-09-30 What does it mean for scientists to truly understand rather than to merely describe how the world works Michael Strevens proposes a novel theory of scientific explanation and understanding that overhauls and augments the familiar causal approach to explanation What is replaced is the test for explanatorily relevant causal information Strevens discards the usual criterion of counterfactual dependence in favor of a criterion that turns on a process of progressive abstraction away from a fully detailed physical causal story The augmentations include the introduction of a new non causal explanatory relevance relation entanglement and an independent theory of the role of black boxing and functional specification in explanation The abstraction centered notion of difference making leads to a rich causal treatment of many aspects of explanation that have been either ignored or handled inadequately by earlier causal approaches including the explanation of laws and other regularities with particular attention to the explanation of physically contingent high level laws idealization in explanation and probabilistic explanation in deterministic systems as in statistical physics evolutionary biology and medicine The result is an account of explanation that has especially significant consequences for the higher level sciences biology psychology economics and other social sciences **A Court of Spells and Hexes (The Hexer**

and the Telekinetic Book 3) N. R. Hairston, The royal court of Lillion have been kidnapped and unjustly put in prison When I break the hexes to release them four of the most lethal witches alive escape It s up to me and my boyfriend Tix to find them and stop their murderous rampage Now they ve turned their sights on us Will either of us be able to survive their deadly assault Driz had no idea Tix could be so protective Driz and Tix have to deal with more than one royal court in the third addition to the series For a detailed look at all of the characters including the secondary couples please check out the author s website

Explanation and Understanding Arnon Levy,2025-06-30 Science has multiple goals to describe the world as it is now to predict the future and to make inferences about the past Science also aims to understand the world to explain why it is the way it is But what does it take to explain a phenomenon How does science generate understanding and what does that take In this thorough and clearly written introduction to scientific explanation Arnon Levy explores the following problems and questions the background to the topic of scientific explanation particularly the questions of what an explanation is what makes a good explanation and why seek them in the first place empiricism about explanation Hempel s deductive nomological model and its problems unificationism about explanation must good scientific explanations fit into an overall explanatory store causation and explanation Lewis s description based model Woodward s interventionist view and Strevens s criterion of selection theory connections between explanation and understanding models idealization and explanation non causal explanation and explanation in non scientific contexts the nature of understanding Additional features such as chapter summaries suggestions for further reading and a glossary make this an excellent resource for students of philosophy of science metaphysics and epistemology

Sister of the Circuit Amanda Orneck,2018-07-03 An action packed cyberpunk thriller Sister of the Circuit examines the intersection of religion and technology through the eyes of their most devout follower

Folkloric American Witchcraft and the Multicultural Experience Via Hedera,2021-02-26 Witchcraft and magic in America is an inherently multicultural experience and the folklore of our ancestors from every country converges here at a crossroads It s a complicated history one of uncertainty and fear displacement and enslavement merging and migration Our ancestors may not have agreed on how they saw the world or the magic that inhabits the world but they shared a very real fear of Witches Hags Devils charms and spells witchery is rooted in our deepest superstitions and folklore The traditions of people and their cultures stretch and intersect across the country and this is where the unique traditions of American witchcraft and magic are born As practitioners seek to revive and reconstruct the paths of our ancestors we ve begun to trace the interconnected roots of witchcraft folklore as it emerged in the Americas from the blending of people and their faiths For multiracial practitioners this is part of our identity as Americans and as witches of this country Folkloric American Witchcraft and the Multicultural Experience is an exploration of the folklore magic and witchcraft that was forged in the New World

Causation: The Basics Stuart Glennan,2024-04-22 Causation The Basics explores questions about what causes are and how we come to know them describe them and put them to use The book begins with an introduction to the

history of philosophical thinking about causation followed by a series of chapters introducing important contemporary accounts of causation It concludes with chapters on causation and agency causal discovery and causal explanation Key questions explored in the book include What distinguishes correlation from causation How are the causes of singular events related to more general patterns of cause and effect How are commonsense scientific and legal conceptions of causation related Can certain occurrences be singled out as the main or principle causes of some effect Is there a place in the world's causal structure for human agency and free will While introducing the major philosophical debates about the nature of causation Causation The Basics emphasizes the uses and challenges of causal reasoning as it occurs in the sciences engineering medicine and other areas of human life With a glossary of key terms and suggestions for further reading the book provides readers with a clear and concise introduction to both theoretical and practical questions about causation

Living In The Lap of Goddess Cynthia Eller,1995-12-20 A fascinating introduction to one of the fastest growing religious movements in the United States today Through interviews participant observation and analysis of movement literature Cynthia Eller explores what women who worship the goddess believe how they express those beliefs in private in public and in the political realm and the place of feminist spirituality in the history of American religion **Energy and**

Technical Building Systems - Scientific and Technological Advances Jarek Kurnitski,Andrea Ferrantelli,2020-01-31 Future buildings require not only energy efficiency but also proper building automation and control system functionalities in order to respond to the needs of occupants and energy grids These development paths require a focus on occupant needs such as good indoor climate easy operability and monitoring Another area to be tackled is energy flexibility which is needed to make buildings responsive to the price signals of electricity grids with increasing amounts of fluctuating renewable energy generation installed both in central grids and at building sites This Special Issue is dedicated to HVAC systems load shifting indoor climate and energy and ventilation performance analyses in buildings All these topics are important for improving the energy performance of new and renovated buildings within the roadmap of low energy and nearly zero energy buildings To improve energy performance and at the same time occupant comfort and wellbeing new technical solutions are required Occupancy patterns and recognition intelligent building management demand response and performance of heating cooling and ventilation systems are some common keywords in the articles of this Special Issue contributing to future highly performing buildings with reliable operation **Selected Chinese Cases on the UN Sales Convention (CISG) Vol. 2**

Peng Guo,Haicong Zuo,Shu Zhang,2023-04-03 This book focuses on Chinese cases on the CISG decided by Chinese courts of all levels mainly from 2006 to 2010 During this period the number of cases grew gradually The total number of cases still remained low the reasons of which might be the following parties were not familiar with the CISG and therefore decided to opt out of it in addition the case collection and report systems in China at that time were not as developed as now rendering many cases inaccessible This book provides a comprehensive and detailed analysis of selected cases The analysis of those

cases will be on a case by case basis For each case an English summary of the judgments will be provided In the summary the People s Court s approach to the interpretation and application of the CISG will be emphasised Following the summary are comments of the individual case written either by an academic or a current or former judge from international and comparative perspective to discuss the successes and pitfalls of the interpretation and application of the CISG This book deals with the cases from 2006 to 2010 in China These cases reflect how People s Court of all levels started to deal with various issues arising from the CISG and will help understand whether and how the People s Courts change their approaches to the interpretation and application of the CISG in future
