Event of Signature Michaela Fiserova,2022-08-01 Event of Signature formulates a new philosophical problem which focuses on the handwritten signature as sign of legal identification Author Michaela Fiserova works with three metaphysical expectations which are shared in discourses of graphology and forensic analysis The first expectation tends to reveal the signer s soul a handwritten signature naturally mirrors the unique psychological qualities of the signer The second expectation tends to guarantee the originality of the signer s trace a handwritten signature proves physical contact between the signed document and the writing tool authentically moved by the signer s hand The third expectation tends to recognize the signer s legal identity a handwritten signature is expected to reproduce the signer s personal style which enables identification by legal authorities In a methodologically inventive and semiotically based dialogue with Derrida s deconstruction Fiserova situates this triple expectation in the interval between life and law Challenging coverage of this topic finally shows that none of the metaphysical expectations will ever be fulfilled in the event of manual signing Legal uses of handwritten signature are characterized by the complex aporia of repeating the unrepeatable The Hidden Secret of the Sumerians Juan Moises de la Serna,2021-01-16 An exhibition of the ancient civilizations of humanity will begin one of the most intriguing and exciting adventures through the streets of New York where persecutions will happen by the most mysterious encounters and intriguing characters An incessant search for what may be the greatest discovery of Western civilization to find where the knowledge originated that made it take a qualitative leap that turned a fishing village into what was considered the cradle of culture and development of the known world only a few centuries ago An intrigue that will keep you in suspense until the end where the most advanced espionage techniques confronted with the most secret ancient knowledge all set in today s New York always a cosmopolitan city that encloses between its neighborhoods and streets a great cultural diversity *Anastasia Again: the Hidden Secret of the Romanovs* J Froebel-Parker,2020-04-29 In 2018 the author published the first edition of *Anastasia Again The Hidden Secret of the Romanovs* to coincide with the centenary of the alleged massacre of the Romanov family in Ekaterinburg Russia After many years of interest in the claims of the woman known as Evgenia Smetisko at times Eugenia Smith or even Eugenie Smetisko he began to give credibility to her claim that she had been the youngest daughter of Tsar Nicholas II and his wife Empress Alexandra Had she died with the entire family
