Neely, Harold Holzer, 2006 This intimate collection of family photographs provides a rare glimpse into the personal life of one of the greatest figures in American history Abraham Lincoln This expanded edition provides both new pictures and new introductory materials by renowned Lincoln scholars Mark E Neely Jr and Harold Holzer MEMOIRS MARJORIE HARBAUGH BENNETT, 2013-02-07 For many years I have studied and recorded the lives of pioneers as part of my study of folklore Finally my children requested I tell my story of my life So for my children grandchildren and those to come here are my memories of my life **Brotherhood of Locomotive Engineers' Monthly Journal** , 1923 *A Flood of Pictures* Michael Leja, 2025-07-22 Explores how the widespread circulation of pictures reshaped a nineteenth century US culture that was accustomed to printed and spoken words When and how did pictures start to permeate everyday lives in the United States What happened to those daily lives when they did And what happened to pictures in the process In this full color heavily illustrated book Michael Leja traces the beginnings of a transformation in cultural life in the United States when the widespread circulation of pictures reshaped a culture accustomed to printed and spoken words In the three decades before the Civil War the ordinary experiences of a large segment of the population came to include pictures of many kinds including illustrations in books pamphlets and newspapers photographs on cards full sheet printed pictures collected in scrapbooks or albums or hung on walls posters and broadsheets spectacular paintings displayed

in theatrical venues and more Pictures supplemented verbal texts and in some cases overshadowed them for conveying news and information portraying people places and events focusing public discourse selling things educating and instructing generating excitement and aesthetic gratification promoting and disguising political agendas shaping social identities and building and undermining social bonds A Flood of Pictures recovers a time before successful pictorial formulas for mass appeal were established before an audience habituated to consumption of pictures existed and before pictures had become thoroughly commodified Through its exploration of these nineteenth century developments the book reveals the foundations of our picture saturated twenty first century Gardner, McAnallen, Ralston and Fehrenbach Family History Beatrice F. Mansfield,2004 Hearing friends talk about their ancestors and genealogical research prompted the author to wonder about her ancestors and started her on a journey that may never end With the help of distant cousins contacted on the Internet it was soon apparent that James Gardner of Butler County Pennsylvania was her great great great grandfather But there the trail grew cold Where was he born and who were his parents Was he part of the William and Sarah Gardner family that moved from Maryland to the wild frontier of Westmoreland County Pennsylvania either before or during the Revolutionary War Most of the descendants of James and Martha Molly McAnallen Gardner married had children and brought many other surnames to the Gardner family tree Among those surnames are Ackerman Brinkley Cameron Cann Carson Dover Duffy Fehrenbach Grossman Harriger Hoge Johnson Mansfield Marmie McAnallen Mershimer Ott Rohrer Shoaf Teal Welsh and Wimer With the help of more research and information from yet unknown cousins this family tree will continue to grow and spread its branches Perhaps we will even learn about the ancestors of James Gardner *Sis and Pa* Kappy Flanders,Andy Bronfman,2003 **Locomotive Engineers Journal** ,1929 *Magician of the Modern* Eugene R. Gaddis,2011-11-09 The story of Chick Austin is the story in Virgil Thomson s words of a whole cultural movement in one man Becoming director of Hartford s Wadsworth Atheneum at the age of twenty six Austin immediately set about to introduce modern art to America and to transform this conservative insurance capital into a cultural mecca that would become the talk of the art world during the yeasty years between the two world wars The first in the United States to mount a major Picasso retrospective Austin was soon acquiring works by Dal Mondrian Mir Balthus Max Ernst and Alexander Calder In the museum s new theater which he designed he staged the premiere of the revolutionary Gertrude Stein and Virgil Thomson opera Four Saints in Three Acts with an all black cast At Lincoln Kirstein s instigation he brought Balanchine to America And he embraced all the new art forms making film photography architecture and contemporary music part of the life of his museum For his own family he built a Palladian villa now a recently restored national historic landmark filling it with the baroque and the Bauhaus and inviting all the locals in to see how it felt to be modern Austin s instinct for quality proved infallible Whether acquiring a matchless Caravaggio or a startling Dal he balanced the old masters with the modern Mounting provocative shows that linked the past to the present he created dramatic installations and he threw himself into everything hanging fabrics creating

backdrops stitching up costumes He loved to teach to paint to act to give lavish costume balls and to dazzle audiences of all ages with his performances as a magician the Great Osram Brilliant at using his magician s sleight of hand he could manipulate his conservative trustees to get what he wanted but only up to a point One more purchase of an incomprehensible abstract canvas one outrageous party too many one more shocking theatrical role eventually led to a crisis Never one to be idle for long Austin left Hartford and took on a new challenge to make an artistic triumph of the pink and white palace in Sarasota Florida known as the John and Mable Ringling Museum of Art which housed the circus king s moldering but magnificent collection Here is the colorful life of Chick Austin and as we relish his audacious career the risks he took the successes he enjoyed along with the inevitable setbacks we understand what a far reaching influence he had on the way Americans look at and think about art Not only a brilliant portrait of an extraordinary man this wonderfully American story gives us a fascinating behind the scenes glimpse into the art world as it was then and in many ways still is today *Silenced Voices* Inez Hollander,2008 Like a number of Netherlanders in the post World War II era Inez Hollander only gradually became aware of her family s connections with its Dutch colonial past including a Creole great grandmother For the most part such personal stories have been if not entirely silenced at least only whispered about in Holland where society has remained uncomfortable with many aspects of the country s relationship with its colonial empire Unlike the majority of memoirs that are soaked in nostalgia for tempo dulu Hollander s story sets out to come to grips with her family s past by weaving together personal records with historical and literary accounts of the period She seeks not merely to locate and preserve family memories but also to test them against a more disinterested historical record Hers is a complicated and sometimes painful personal journey of realization unusually mindful of the ways in which past memories and present considerations can be intermingled when we seek to understand a difficult past *Silenced Voices* is an important contribution to the literature on how Dutch society has dealt with its recent colonial history **The Long Accomplishment** Rick Moody,2019-08-06 A moving funny hauntingly brilliant memoir about marriage Caroline Leavitt The San Francisco Chronicle Rick Moody the award winning author of *The Ice Storm* shares the harrowing true story of the first year of his second marriage in this eventful month by month account At this story s start Moody a recovering alcoholic and sexual compulsive with a history of depression is also the divorced father of a beloved little girl and a man in love his answer to the question Would you like to be in a committed relationship is fully and for the first time in his life Yes And so his second marriage begins as he emerges humbly and with tender hopes from the wreckage of his past only to be battered by a stormy sea of external troubles miscarriages the deaths of friends and robberies just for starters As Moody has put it this is a story in which a lot of bad luck is the daily fare of the protagonists but in which they are also in love To Moody s astonishment matrimony turns out to be the site of strength in hard times a vessel infinitely tougher and more durable than any boat these two participants would have traveled by alone Love buoys the couple lifting them above their hardships and the reader is
