

SITE DESIGN AND CONSTRUCTION DETAILING

THEODORE D. WALKER

THIRD EDITION

Site Design Construction Detailing

Niall Kirkwood

Site Design Construction Detailing:

Site Design and Construction Detailing Theodore D. Walker, 1992 Instructor's Manual for Site Design and Construction Detailing Theodore D. Walker, 1983 *Construction Detailing for Landscape and Garden Design* Paul Hensey, 2016-05-12 Designs for gardens and landscapes need to contain accurate information to ensure that both the designer's intent is clear and to enable the highest quality constructions. This book contains the elements most often used when detailing surfaces with key information on standards, guidance and construction that the practitioner must be aware of. Alongside the text are 2D and 3D images with suggestions of measurements, design considerations and materials. Key topics covered in this book are Vehicular paving, Pedestrian paving and patios, Steps and ramps, Margins, edges and kerbs, Drainage channels. To be used in conjunction with the book is an innovative online library of freely downloadable CAD SketchUp format details which link directly to those in the book. These details are available for the reader to edit, adapt and use in their own designs and make the task of detailing for projects that little bit easier.

Details and Materials for Resilient Sites Meg Calkins, 2025-07-17 Providing comprehensive information for closing material loops and reducing carbon impacts of site construction, this ground-breaking book is an essential resource for landscape architects and engineers to meet the environmental challenges of the 21st century. It provides strategies, tools and detailed information for the practice of climate positive design. Reduced carbon resource efficient materials and material mixes are addressed for both standard and alternative materials including stone, concrete, asphalt, pavement, brick, earth based materials, wood, biobased materials, metals and plastics. Construction considerations are discussed and illustrated and strategies to reduce environmental impacts are offered. Emphasis is placed on durable resource efficient structures and reduced embodied carbon approaches for pavements, porous pavements, green roofs, bioengineered embankments, retaining walls, freestanding walls, decks and boardwalks and rails, fences and screens. Exemplary case studies from around the world are highlighted and key resources such as assessment tools, information transparency tools and benchmarking measures are provided. Responding to the need for landscape architecture to account for climate change, resource consumption and habitat destruction, this important book is key reading for both professionals and students alike.

The Art of Landscape Detail Niall Kirkwood, 1999-09-13 Introducing a revolutionary new approach to detail design in landscape architecture. In this groundbreaking book, Niall Kirkwood of the Harvard Graduate School of Design takes a fresh holistic approach to the theories, approaches and practices of landscape detail. With the support of a wealth of graphic and written material taken from historic and contemporary landscape designwork, he clearly demonstrates the role that landscape detail plays in the design process. Going beyond theoretical considerations, Professor Kirkwood outlines landscape detail as a primary design activity, both pragmatic and poetic, using a range of built landscape design examples. A valuable resource for professionals and students in landscape architecture, urban design and environmental design. *The Art of Landscape Detail* Provides a practical

introduction to the aesthetic concerns form language and expression of landscape detail Explores a wide range of detail issues including materials climate durability implementation and failure and their influence on the overall detail design process Examines detail design processes and research approaches that designers can apply in the analysis and development of their own work Contains in depth case studies of eight award winning landscape architecture design projects including provocative discussions with the designers on the establishment and evolution of their detail design philosophy Features more than 150 images illustrating forms and site detail from national and international built landscapes ,

Construction Drawings and Details for Interiors Rosemary Kilmer,W. Otie Kilmer,2021-10-19 CONSTRUCTION DRAWINGS AND DETAILS FOR INTERIORS DISCOVER FOUNDATIONAL CONCEPTS AND THE LATEST DEVELOPMENTS IN INTERIOR CONSTRUCTION DOCUMENTS In the newly revised Fourth Edition of Construction Drawings and Details for Interiors distinguished interior design professors Rosemary Kilmer and W Otie Kilmer deliver a comprehensive and practical perspective on the preparation and understanding of construction documents The authors use a highly visual presentation and offer extensive sample drawings and details as well as photographs to show readers the fundamentals of drafting drawing types plans and schedules and computer aided design The Fourth Edition includes new sections on contract administration field measuring tools safety and security and smart systems and controls A companion website offers PowerPoint lecture slides an instructor s manual activities test questions and solutions New appendices feature examples of interior design projects and common symbols for construction drawings The book also includes A thorough introduction to drawing communication equipment and classification systems including information about Building Information Modeling and building certification programs for sustainability A discussion of green building certification programs An exploration of the design process including concept development hand sketching design development preliminary designs sketches and presentations A practical review of contract documents including specifications contracts construction drawings as built drawings and demolition plans and floor plans An in depth examination of structural mechanical and plumbing systems Construction Drawings and Details for Interiors is perfect for interior design students early career professionals hoping to improve their understanding of project drawing conventions or anyone studying for the NCIDQ exam Feedback: Phase 2 : Site planning and design United States.
