Situational Analysis:

Situational Analysis Adele E. Clarke, 2005-03-23 This book provides a detailed and comprehensive introduction to situational analysis of qualitative data Adele E Clarke personally created the situational analysis approach no other book currently deals with it She carefully situates herself and the situational analysis approach vis vis other current approaches to grounded theory specifically and to qualitative data analysis more generally Situational analysis is unique in that it both uses and extends grounded theory it employs established coding and memoing strategies while extending the method to include three new kinds of maps and analyses of the situation focused upon in one s research This is also the first publication about using grounded theory with historical visual and discursive materials

Situational Analysis Adele E. Clarke, Carrie Friese, Rachel S. Washburn, 2017-07-20 The Second Edition offers an innovative extension of grounded theory useful in qualitative research projects that draws on interviews observations and visual narrative and historical discourse materials To engage the dense complexities of real world situations Situational Analysis SA braids together Strauss s ecological social worlds arenas theory Foucault s discourse analysis and Deleuze and Guattari s rhizomes and assemblages The book will serve as an invaluable resource for advanced undergraduate and graduate level students as well as professional researchers and consultants from diverse backgrounds pursuing qualitative projects

Situational Analysis in Practice Adele E. Clarke, Rachel Washburn, Carrie Friese, 2022-04-19 Situational Analysis SA uses analytic maps of the situation processes and relations identified using approaches pioneered in Grounded Theory Creator of the method award winning sociologist Adele E Clarke with Rachel Washburn and Carrie Friese show how the method can be and has been used in a variety of critical qualitative studies The entirely new second edition of this book offers several chapters on the method and new introductory material from the editors about developments in using SA in qualitative inquiry Part I introduces readers to the method of SA discussing recent developments in the field Part II offers five new chapters about various facets of the SA method including a history of Grounded Theory and Situational Analysis SA as critical pragmatist interactionism using SA in managing a mixed methods project and SA mapping in the social policy classroom and in clinical counseling as innovatively collaborative analysis Part III offers six new exemplary research articles drawn from energy research and international relations public health research methods disabled access to public transportation participation in conservation in a biosphere reserve and PTSD and the military Authors reflections on their experiences in using the method are also included These carefully selected new readings vividly demonstrate how widely this method has travelled successfully meeting the needs of diverse researchers seeking an innovative relational approach to critically analyzing a wide array of data Situational Analysis in Practice will be of interest to undergraduate and graduate students practicing the SA method across the social sciences including sociology and healthcare among other disciplines as well as research scholars interested in qualitative inquiry

Quantitative Situational Analysis Heather Johnston Nicholson, 1979

Karl Popper and Situational Analysis Alfonso

Palacio-Vera,2024-08-02 Situational Analysis represents Karl Popper s methodological proposal for the social sciences Although it has been widely studied and interpreted this book argues that Situational Analysis remains underestimated and undeveloped and if properly reformulated could yet become a broad methodological framework that encompasses both the historical social sciences and a large section of the theoretical social sciences The first part of this book develops this idea by returning to Popper s texts This book calls for both a reformulation of Situational Analysis and a clarification of the status and role of Popper s Rationality Principle This book also develops Situational Analysis by addressing two aspects of the Problem Situation facing individual actors that are only sketched out in Popper s work institutions and expectations The second part of this book utilizes the reformulated version of Situational Analysis to shed light on the core methodological differences across some of the most widespread approaches in contemporary economics and sociology In particular by showing that many of these approaches are variants of the reformulated version of Situational Analysis presented in the first part of this book this book argues that apparent methodological differences across these approaches may be reinterpreted as differences in the way social scientists reconstruct the Problem Situation facing individual actors This book will be vital reading for academic economists sociologists philosophers of science and other social scientists interested in methodology

Aquaculture sector situational analysis of Uzbekistan Diffey, S., Kurbanov, A.,2022-07-07 Uzbekistan has abundant inland water resources namely rivers and lakes which are suitable for freshwater aquaculture However the production of fish is generally low compared to the resource potential due to the collapse of collectivized farms a lack of interest in commercial operations and producer associations by local farmers and the limited capacity of government extension and research facilities to promote fish production Growing interest by the Government in fish production has led to an increase in investment in the aquaculture sector This has resulted in significant gains in fish production in recent years Government land distribution schemes for smallholder fish farmers to establish individual fishponds to produce carp are a major contributing factor to these gains There is no existing national fisheries or aquaculture sector specific development policy or plan and reference to government policy towards the sector are through a number of existing presidential decrees Given that the sector has witnessed a significant increase in fish production over recent years addressing this issue using other country fisheries policy and legislation as a potential model was seen as an important first step for any coherent strategic plan for the sector The report was compiled in 2020 as one of the outcomes of the TCP UZB 3703 project focusing on national review and strategy for aquaculture sector and fish value chain in Uzbekistan Due to the COVID 19 pandemic this report was based solely on data sourced from the internet academic papers and field data provided by the national consultant including aquaculture value chain mapping and analysis of the project The report includes a description of the Uzbekistan aquaculture sector analyses its problems and opportunities and presents options for its development *A Situational Analysis of Orphans and Vulnerable Children in Four Districts of South Africa* Alicia Davids,2006 In 2002 the Human Sciences Research

Council was commissioned by the WK Kellogg Foundation to develop and implement a five year intervention project focusing on orphans and vulnerable children OVC in southern Africa In collaboration with several partner organizations the project currently focuses on how children families and communities in Botswana South Africa and Zimbabwe are coping with the impact of HIV AIDS The aim of the project is to develop models of best practise so as to enhance and improve support structures for OVC in the southern African region as a whole This report forms part of a series that examines the work undertaken as part of the Kellogg OVC Intervention Project from 2002 to 2005 *Situation Analysis of informal settlements in Kisumu Kenya Slum Upgrading Programme, 2005* **Neutrosophic Cognitive Maps for Situation Analysis** Aasim Zafar, Mohd Anas Wajid, There are various factors which lead to the criminal behaviour in humans Prominent researchers monitoring the situation of crime in Nigeria cite poverty unemployment family breakdown bribing corruption lack of co operation from public and negative perception of police to be the major causes behind criminal behaviour **Neutrosophic Frameworks for Situation Analysis** Anne-Laure Jousselme, Patrick Maupin, In situation analysis an agent observing a scene receives information from heterogeneous sources of information including for example remote sensing devices human reports and databases The aim of this agent is to reach a certain level of awareness of the situation in order to make decisions
