Divided into five thematic sections, it considers the legal aspects of overseeing a public sector organization as well as how research, technology, and training can assist modern police leaders in performing their duties more effectively and efficiently. The book covers problematic issues such as officers accepting gratuities, undercover work, and the time criteria required for promotional consideration. It concludes with a chapter comparing administrative issues in Australia with many of the subjects previously addressed with regard to U.S. protocol. Using a range of perspective, differing viewpoints, and controversial issues, *Handbook of Police Administration* provides a springboard to stimulate discussion at the cutting edge of debate in the dynamic field of policing.
