Strategic Management In Nonprofit Organizations:

Strategic Management in Nonprofit Organizations William A. Brown, 2014-03-11 Nonprofit organizations are complex and distinctive organizational entities. The literature of strategic management poses some interesting challenges and is only partially developed to inform decision making for nonprofit managers. *Strategic Management in Nonprofit Organizations* uses a strategic management framework to consider key decisions that nonprofit managers and volunteer leaders confront as they plan and work to position their organizations for optimal success. Key Features: Fills a gap in the current literature by providing a thorough examination of management and planning issues experienced by nonprofit managers including challenges such as muted markets and specific performance expectations. Blends together theoretical, empirical, and normative literature with descriptive stories of managing in the sector. Suggests some optimal practices for managers who want to strengthen their organizations. Perfect for graduate students in nonprofit management programs. Supported by a complete package of instructor ancillary materials including an Instructor's Manual, PowerPoints, and Test Bank. Contents: Chapter 1 Nature of Nonprofit Organizations, Chapter 2 Framing Strategic Choices, Chapter 3 External Environment, Chapter 4 Internal Capabilities, Chapter 5 Public Benefit Strategies, Chapter 6 Analysis of the Task Environment, Chapter 7 Corporate Strategy Structures and Planning, Chapter 8 Service Strategies, Chapter 9 Social and Political Strategies, Chapter 10 Financial Resource Strategies, Chapter 11 Inter Organizational Relationships, Chapter 12 Strategic Leadership. *Strategic Management for Voluntary Nonprofit Organizations* Roger Courtney, 2002 This UK European text provides a much needed summation of strategic management issues in nonprofit organizations, addressing both academic theory and current practice.
