Strategic Studies And World Order:

Strategic Studies and World Order Bradley S. Klein, 1994-05-05 In this 1994 book Bradley Klein draws upon debates in international relations theory to raise important questions about the nature of strategic studies. He argues that post-modern critiques of realism and neorealism open up opportunities for new ways of thinking about nuclear deterrence. In clear and uncluttered language he explores the links between modernity, state building and strategic violence and argues that American foreign policy and NATO undertook a set of dynamic political practices intended to make and remake world order in the image of Western identity. Klein warns against too facile a celebration of the end of the Cold War, concluding that it is even more imperative today to appreciate the scope and power of the Western strategic project. The book will be of interest to students of international relations theory, strategic studies, peace studies and US foreign policy.

Report of Strategic Studies in China (2018) Honghua Men, 2019-08-10 This book is devoted to taking a lead in establishing a multi-disciplinary and inter-disciplinary platform for exchanging fresh thinking in the field of strategic studies. The book gathers invited reports from various prestigious scholars from home and abroad. The aim of this book is threefold: firstly to provide a comprehensive overview of the emerging evolution in international and regional orders as well as the recent strategy adjustments among major world powers; secondly to discuss major strategic issues facing China and to further propose the Chinese wisdom and a Chinese strategic approach to sustaining peace and development and to reaching a benign international interaction between China and other entities in the world such as achieving cooperation and mutual benefits between China and the world; thirdly to investigate the key factors in enhancing China's domestic governance such as strengthening state political capacity, national environmental governance etc. The editorial group selected 10 high quality reports to disseminate the findings and promote future research collaboration in this area. This timely book offers both theoretical insights and rigorous quantitative methods that impact China's peaceful rise in the international arena.

Report of Strategic Studies in China (2019) Honghua Men, Xi Xiao, 2020-09-28 This book is devoted to taking a lead in establishing a multi-disciplinary and inter-disciplinary platform for exchanging fresh thinking in the field of strategic studies. The book gathers invited reports from prestigious scholars in such research areas as political philosophy, economy, history, international security and diplomacy. The theme of the book is grand in nature for the world is undergoing once in a century great transformation; meanwhile China faces the critical moment for its great rejuvenation; how China thinks about and designs its relations with the world is a key issue in the international arena. The book reveals that the greatest challenge to China in this context is how to secure and extend its period of strategic opportunity and actively shaping this period should be regarded as the core trend of its response. The aim of this book is threefold: firstly to provide a

comprehensive overview of the undergoing world transformation and its interaction with China to analyze how China deals with internal and external challenges why China could still have strategic opportunities and what will and should China do to sustain and reshape its period of strategic opportunity secondly to analyze how China deals with fierce strategic competition with the U S and how it develops its relations with other countries especially great powers to analyze the challenges that the BRI faces and how China reshapes its relations with other developing countries via cooperation on the BRI thirdly to provide a vivid picture of world transformation and China's design of its grand strategy to investigate the key factors in securing China's sustainable development and its period of strategic opportunity and indicates that the key is to develop a global vision and provide new strategic opportunities for the world and the support comes from a stronger presence in the region and an optimized geopolitical and economic environment The book provides Chinese visions and wisdom on world transformation and strategic opportunities reveals Chinese wisdoms in dealing with transformation and crises all readers could learn more if they could keep calm and think

Gray,2021-09-15 Strategic studies as a field of civilian scholarship has developed along distinctive lines in the United States since World War II The rapid proliferation and increasing sophistication of weapons technology have required constant revision of strategic theory while the shifting political climate both internationally and in the United States has had an equally powerful impact One of the field s leading theorists now examines the history and development of American strategic studies the varied roles assumed by civilian strategists and their relationship with those charged with developing and carrying out American military and diplomatic policy This provocative book clearly demonstrates the importance of a sound strategic theory if America is to survive in an age of high arms technology and increased world tensions **China, Russia, and Twenty-first Century Global Geopolitics** Paul J. Bolt,Sharyl Cross,2018 This book provides a comprehensive analysis of the Chinese Russian bilateral relationship grounded in a historical perspective and discusses the implications of the burgeoning strategic partnership between these two major powers for world order and global geopolitics The volume compares the national worldviews priorities and strategic visions for the Chinese and Russian leadership examining several aspects of the relationship in detail The energy trade is the most important component of economic ties although both sides desire to broaden trade and investments In the military realm Russia sells advanced arms to China and the two countries engage in regular joint exercises Diplomatically these two Eurasian powers take similar approaches to conflicts in Ukraine and Syria and also cooperate on non traditional security issues including preventing coloured revolutions cyber management and terrorism These issue areas illustrate four themes Russia and China have common interests that cement their partnership including security protecting authoritarian institutions and re shaping aspects of the global order They are key players not only influencing regional issues but also international norms and institutions The Sino Russian partnership presents a potential counterbalance to the United States and democratic nations in shaping the contemporary and emerging geopolitical landscape Nevertheless the West is still an important partner for China and Russia Both seek better relations with the West but on the basis of mutual respect and equality Lastly Russia and China have frictions in their relationship and not all of their interests overlap The Sino Russian relationship has gained considerable momentum particularly since 2014 as Moscow turned to Beijing attempting to offset tensions with the West in the aftermath of Russia s annexation of Crimea and intervention in Ukraine However so far China and Russia describe their relationship as a comprehensive strategic
