Strategy, Economic Organization, and the Knowledge Economy Nicolai J. Foss, 2005-02-03 The rise of the knowledge economy has far reaching implications for the nature of economic organization as well as firm strategy

Not surprisingly thinking in management studies as well as in economics has been profoundly affected by these changes Thus management thinking in particular has been increasingly characterized by a schism between those who advocate knowledge or capabilities based approaches in the strategy and organization fields and those who adopt more economics influenced approaches notably the economics of organization This book is a sustained attempt to overcome this schism Its basic argument is that knowledge based and organizational economics approaches are not substitutes but complements In particular organizational economics has much to contribute with respect to furthering the understanding of efficient organization and strategy in the emerging knowledge economy This theme is taken through several theoretical as well as empirical variations Themes such as the incentive liabilities of flat knowledge based organizations and the role of complementary HRM practices for fostering knowledge sharing and creation are extensively treated The book thus contains important implications for knowledge management organizational design and firm strategy The book encompasses nine chapters which critically examine current thinking on strategy and organization The reasoning is non technical While primarily aimed at a management studies audience economists and other social scientists will also benefit from it including Advanced Students Academics and Researchers

Virtual Teams That Work Cristina B. Gibson,Susan G.

Cohen,2003-03-21 Virtual Teams That Work offers a much needed comprehensive guidebook for business leaders and managers who want to create the organizational conditions that will help virtual teams thrive Each chapter in this important book focuses on best practices and includes case studies and illustrative examples from a wide variety of companies including British Petroleum Lucent Technologies Ramtech SoftCo and Whirlpool Corporation These real life examples demonstrate how the principles identified in the book play out within virtual teams Virtual Teams That Work shows how organizations can put in place the structure to help team members who speak different languages and have different cultural values develop effective ways of communicating when there is little opportunity for the members to meet face to face The authors also reveal how organizations can implement performance management and reward systems that will motivate team members to cooperate across multiple boundaries And they offer the information to determine which technologies best fit a variety of virtual team tasks and the level of information technology support needed

Exceptional Leadership by Design

Rob Elkington,Madeleine van der Steege,Judith L. Glick-Smith,Jennifer Moss Breen,2018-09-17 This collection of stories examples and narratives about exceptional leadership by design provides tangible examples of how the design process can be applied to leadership practice It uses evidence based organizational behavioral and leadership science to inform a framework that will equip leaders and organizations to be more effective

The Expansion of Economics Shoshana

Grossbard-Shechtman,Christopher K. Clague,2016-07-08 Economics like most other social sciences is not a pure discipline Indeed it has been enhanced by the fact that there is so much overlap between it and the related fields of business industrial relations political science social psychology and sociology This book is the first attempt to explain how work in economics has

influenced and benefited from a merging of economic analysis with the research practices of these related fields of study. With contributions from leading economists from around the world it demonstrates how economics is leading the way toward a more unified social science. *Research in Organizational Change and Development* William A. Pasmore, Richard W. Woodman, Abraham B. (Rami) Shani, 2013-07-12 This book brings new perspectives to classic issues in the field such as organizational complexity change leadership emotional intelligence and interorganizational change. **Organizational Behavior** Linda K. Stroh, Gregory B. Northcraft, Margaret A. Neale, (Co-author) Mar Kern, (Co-author) Christopher Langlands, 2001-07-01 This textbook in Organizational Behavior is appropriate for undergraduate as well as MBA students of management and psychology. Very readable this textbook authored by accomplished Management professors will focus on the latest research in OB. **Handbook of Organizational Consultation, Second Edition** Robert Golembiewski, 2019-02-21 The second edition of the Handbook of Organizational Consultation includes more than 35 additional chapters and an expanded list of international contributors. It addresses all aspects of organizational consulting including normative empirical and political topics and offers a broad view of consultation diagnoses problem centers and interventions. Perspectives on Political Science said this book is a reference guide training handbook and practitioner's tool that stands alone as a comprehensive source of information and guidance on the consultancy enterprise. A careful reading of this book will be a profitable endeavor for both consulting practitioners and their clients. *America at Work* Edward E. Lawler, James O'Toole, 2008-05-13 This wide ranging volume brings together the commissioned papers that are the basis of James O'Toole and Edward E. Lawler's *The New American Workplace*. They follow up to the groundbreaking 1973 *Work in America* report. Here leading scholars in the fields of business management and human resources offer new research and insightful analyses of existing studies providing a definitive assessment of the state of the workplace today. Covering wage trends worker health education and the workforce the effects of outsourcing careers human resources management and a variety of other vital issues this illuminating collection will prove indispensable for scholars professionals and policymakers. **Leadership and Management in the Information Age** The Emirates Center for Strategic Studies and Research, 2001-04-26 The book *Leadership and Management in the Information Age* represents a collection of papers by leading thinkers and pioneers in the fields of leadership and management. These papers contain the substance of the ECSSR's Sixth Annual Conference held in Abu Dhabi November 5-7 2000. This volume contains dynamic thinking on the topics of successful leadership management of organizational change in the public and private sectors transformation in human resources effective management of genetic engineering and biotechnology advancements the future of the national economy and the nature of defense and national security in a changed global environment. Thus a key aspect of the world economy as shaped by the Information Revolution and the forces of Globalization is the role of leaders and managers as motivators planners and administrators. The traditional roles are at variance with new global dynamics. More and more leaders are finding themselves having to take decisions in a

rapidly changing environment characterized by vast flows of information and highly competitive markets They are also being called upon to transform the human resources at their disposal and to make full use of individual capacity in their organizations

Voice and Involvement at Work Paul J. Gollan, Bruce E. Kaufman, Daphne Taras, Adrian Wilkinson, 2014-08-21 In the last decade nonunion employee representation NER has become a much discussed topic in the fields of human resource management employment relations and employment labor law This book examines the purpose structure and performance of various types of employee representation bodies created by companies in non union settings to promote collective forums for voice and involvement at the workplace This unique volume presents the first longitudinal evidence on the performance success and failure of NER plans over an extended time period Consisting of twelve detailed in depth case studies of actual NER plans in operation across four countries this volume provides unparalleled evidence on such matters as the motives behind the initial establishment of NER different organizational forms of NER in industry key success and failure factors over the long term pro and con evaluations for employers and employees and more Voice and Involvement at Work captures an unequalled international and comparative perspective through a wide cross section of different NER forms

Handbook of American Public Administration Edmund C. Stazyk, H. George Frederickson, 2018-10-26 Currently public administration as art and science ponders a challenging and uncertain future Thus no better time exists to take stock and ponder the practical and theoretical value of its topical coverage to date Stazyk and Frederickson have assembled an eclectic and impressive group of senior and junior scholars to join them in this intellectual exercise Collectively the contributors offer a stiletto like dissection of where and how the field's energy has been expended what knowledge it has produced what its limitations are and where future energies might best be expended Kudos to all Robert F Durant American University US This forward thinking Handbook draws on the expertise of established and emerging scholars to provide a comprehensive review of the current state and future direction of theory and practice in US public administration Chapters offer a cross disciplinary holistic review of the field pulling together leaders from subfields such as public administration public and nonprofit management finance human resource management networks nonprofits policy and politics Chapter authors conclude that the field is intellectually rich and highly nuanced but also identify numerous opportunities for growth and expansion in the coming years The Handbook charts an agenda for future research in the field The Handbook of American Public Administration is geared toward academics researchers and advanced graduate students As an authoritative text on the history and state of US public administration it proves equally suitable for national and international audiences Practitioners who may be looking for background information or state of the art knowledge about practice will also benefit from this Handbook Contributors include G Arnold G A Brewer B J Cook R S Davis L DeHart Davis M D Farnworth P S Federman S Fernandez H G Frederickson H Getha Taylor R K Ghore D Hatmaker K Hendren C J Hill N Humphrey K R Isett S Jo J E Kellough S Y Kim Y Kim L Langbein M Leighninger L E Lynn Jr D S T Matkin B Merriman C C Merritt A V Moldavanova
