Strategies For Preaching Paul:

Strategies for Preaching Paul Frank J. Matera, 2001 Despite their importance Paul's teachings seldom are proclaimed from the pulpit. In *Strategies for Preaching Paul* Matera provides pastors with the comprehensive background needed to successfully preach the Pauline readings. It provides preachers with three strategies for preaching the Pauline readings in the Sunday Lectionary during Ordinary Time. It offers summaries first of the historical setting, then the literary context, and finally the theological themes of all the Pauline readings.

Missions Strategies of Korean Presbyterian Missionaries in Central and Southern Philippines Hoo-Soo Jose Nam, Hu-su Nam, 2006. MISSIONS STRATEGIES OF KOREAN PRESBYTERIAN MISSIONARIES IN CENTRAL AND SOUTHERN PHILIPPINES is the most important book on Presbyterian missions in the Philippines to be published in this century. Historians of Asia and scholars of Christian history interested in learning about the planting of the Presbyterian movement in the Philippines cannot ignore this book. This book describes the origin and growth of the Presbyterian Church of the Philippines (PCP), a major Presbyterian denomination in the Philippines, and it explains the strategies used by Presbyterian missionaries to accomplish Presbyterianism in the Philippines. Written by the current director of the main missionary training agency of the Korean Presbyterian Church, Ko Shin, one of the biggest Korean Presbyterian denominations with thousands of churches throughout the world and dozens of cooperative daughter Korean Presbyterian denominations worldwide in the USA, Australia, the European Union, Indonesia, etc., this book provides a picture into the secrets of success behind Korean Presbyterian missions work. This book is written by Rev. Dr. Hoo Soo Jose Nam, who has served as the President of Cebu Bible College in the Philippines for over a decade and trained hundreds of Christian clergy and leaders. Rev. Dr. Nam is not only an academic but personally founded or helped found over 10 Filipino Presbyterian churches in the Philippines. This book is an authoritative book on Presbyterian missionary activity in the Philippines by one who was an important part of that history.

Preaching Paul Dr. Brad R. Braxton, 2010-08-01. Helpful and insightful strategies for preaching from the writings of Paul. Few biblical figures are more compelling to preachers than the apostle Paul. The story of his dramatic conversion on the road to Damascus is a favorite example of the way that God turns lives around. His writings contain the earliest witness we have to the Christian gospel. His message of God's offer of grace in the life, death, and resurrection of Jesus Christ is deeply appealing. So why is it that when it comes time to choose a text for this Sunday's sermon, preachers so often choose something other than Paul? When Brad Braxton asked himself that question, he realized that preachers are often daunted by the size and complexity of the Pauline corpus. Drawing on his expertise as a New Testament scholar and homiletics professor, as well as on his experience as a pastor, Braxton offers the reader tools with which to wrestle more effectively with the complex yet essential message of Paul. Eschewing either a solely historical approach or a completely spiritual one, the author brings the two together to explore the meaning of Paul's message in its original context as well as its contemporary application. Written with imagination and depth of understanding, this book is for

anyone who wishes to know Paul better and to preach from his letters more effectively **Paul's Theology of Preaching** Duane Litfin, 2015-05-22 Duane Litfin former president of Wheaton College explores how Paul's theology of preaching can inform the church's preaching today Through a detailed study of 1 Corinthians 1-4 Litfin shows how Paul's method of proclamation differed from Greco-Roman rhetoric and how Pauline preaching can be a model for the contemporary preaching task **Strategies and Tactics of Satan** Theodore Lot, PhD, 2023-02-09 God the Father Jesus Christ God the Son and the Holy Spirit make up the Godhead who have been in existence since eternity past They constitute the Divine Trinity consisting of three distinct persons working in unity They then created the heavens and the earth out of nothing in the dateless past Among their creations were angels and pre-Adam beings One of the chief angels created by God was called Lucifer He was an anointed cherub full of wisdom and perfect in beauty He was made ruler of the earth and was perfect in his walk until iniquity was found in him He became proud exalted himself and wanted to be like the Most High God This iniquity that originated from his heart led him to rebel against God making him the originator of sin He then slandered God causing numerous angels and the pre-Adam beings of the earth to join him in the rebellion against God He and the rebellious angels were thrown out of heaven by God and he lost his position as ruler of the earth which had been destroyed as a result of the rebellion Lucifer became Satan adversary or the devil God recreated the heavens and the earth universe and formed man to rule over all the earth The universe formed by God was again perfect Since Satan's rebellion his main goal has been to incite all beings to join him in rebelling against God To achieve such objective he uses various strategies tactics and methods to cause man to join him in rebelling against God The strategies tactics and methods that Satan uses to deceive human beings are largely similar It is therefore important for us to understand them so that we can effectively resist him That has been the focus of this book Beginning with the causes of Lucifer's sin we have examined his strategies and tactics as he has applied them on some selected persons in the course of history These include his encounters with Adam and Eve Job Jesus Christ and Paul the apostle The aim of this approach has been to identify Satan's strategies tactics and methods which he employs as his tools of warfare against human beings Such knowledge will help us resist him **101 Questions & Answers on Paul** Witherup, Ronald D., 2003 Brings together in a convenient format responses to the most important and frequently asked questions about St Paul his world and his writings **Paul's Territoriality and Mission Strategy** Ksenija Magda, 2009 A revision of the author's thesis Ph D London School of Theology 2008 *Letter & Spirit, Vol. 11: "Our Beloved Brother Paul" - Reception History of Paul in Catholic Tradition* St. Paul Center for Biblical Theology, Ben Blackwell, Benjamin Blosser, Daniel Keating, Matthew Levering, John Kincaid, Ian Christopher Levy, Andrew Swafford, Matthew Ramage, Brant Pitre, 2016-09-01 **Preaching Romans** Frank J. Matera, 2013-02-22 Although Paul's letter to the Romans is the most theologically charged writing of the New Testament it is rarely preached from Catholic pulpits Perhaps some of the Pauline themes Redemption and sanctification justification and reconciliation resurrection and parousia seem too daunting for homiletic purposes Not so

insists Frank Matera who has learned to preach in a Pauline key that has invigorated the whole of his preaching Homilists who heretofore have avoided Romans will appreciate Matera's insights on this text that open innovative and important ways of proclaiming the gospel This slender volume is a gift to homilists who wish to preach from Romans with greater confidence And to proclaim Paul's theologically rich and assuring message of God's saving grace Frank J Matera is the Andrews Kelly Ryan Professor of Biblical Studies at the Catholic University of America A former president of the Catholic Biblical Association of America he has published commentaries on Romans 2 Corinthians and Galatians and has written books on New Testament Theology New Testament Christology and New Testament Ethics Matera's previous works published by Liturgical Press include Galatians in the Sacra Pagina series and Strategies for Preaching Paul Apostle of the Crucified Lord Gorman, Michael, 2017 THIS COMPREHENSIVE WIDELY USED TEXT by Michael Gorman presents a theologically focused historically grounded interpretation of the apostle Paul and raises significant questions for engaging Paul today After providing substantial background information on Paul's world career letters gospel spirituality and theology Gorman covers in full detail each of the thirteen Pauline epistles Enhancing the text are questions for reflection and discussion at the end of each chapter as well as numerous photos maps and tables throughout The new introduction in this second edition helpfully situates the book within current approaches to Paul Gorman also brings the conversation up to date with major recent developments in Pauline studies and devotes greater attention to themes of participation transformation resurrection justice and peace *Preaching the New Testament as Rhetoric* Tim MacBride, 2014-11-05 Since the rise of the New Homiletic a generation ago it has been recognized that sermons not only say something to listeners they also do something A truly expository sermon will seek not merely to say what the biblical text said but also to do what the biblical text did in the lives of its original audience In *Preaching the New Testament as Rhetoric* MacBride looks how at the discipline of rhetorical criticism can help preachers discern the function of a New Testament text in its original setting as a means of crafting a sermon that can function similarly in contemporary contexts Focusing on the letters of Paul he shows how understanding them in light of Greco Roman speech conventions can suggest ways by which preachers can communicate not just the content of the letters but also their function In this way the power of the text itself can be harnessed leading to sermons that inform and most importantly transform **Developing a Strategy for Missions (Encountering Mission)** J. D. Payne, John Mark Terry, 2013-09-15 In this addition to the highly acclaimed *Encountering Mission* series two leading missionary scholars offer an up to date discussion of missionary strategy that is designed for a global audience The authors focus on the biblical missiological historical cultural and practical issues that inform and guide the development of an effective missions strategy The book includes all the features that have made other series volumes useful classroom tools such as figures sidebars and case studies Students of global or domestic mission work and mission practitioners will value this new resource **Spiritual Warfare Strategy** C. Peter Wagner, 2011-07-19 Discover how Jesus and the early Church overcame the enemy and you can

overcome too We live in a day when the Holy Spirit is speaking strongly to the churches about aggressively retaking the dominion over creation that Adam forfeited to satan This level of spiritual warfare is a new ministry area to many Kingdom minded believers Spiritual Warfare Strategy provides a biblical and theological rationale as well as practical tools for advancing God s Kingdom Dr C Peter Wagner examines the role spiritual warfare played in Christ s ministry and among His first followers and applies it to today s battle

Cultural Contextualization of Apologetics Matt W. Lee, 2022-03-03 In the post Christian world we find sincere efforts in traditional Christian apologetics repeatedly running into invisible walls These blocks happen when cultural issues are neglected With mere rational arguments presented as a defense of Christianity logical answers alone are not attracting the nonbelievers nor resolving their skepticism People today have different obstacles in coming to the Christian faith particularly their own cultural presuppositions How do we present defend and commend Christianity to people whose culture gives them a frame of mind the one that cares very little about how rational the arguments are Cultural Contextualization of Apologetics explores the world of the New Testament and the ministry of the apostle Paul to excavate a fresh model for apologetics with cultural engagement to present an answer Matt W Lee analyzes the dynamics involved in Paul s cultural connection with his audience and how it relates to their receptivity uncovering a scheme of apologetics engagement patterned in his apologetics speeches From the background of Paul s world to the forefront of contemporary apologetics preaching Cultural Contextualization of Apologetics offers a vision of apologetics communication that is both biblical and practical
