Teaching Reading and Writing in Elementary Classrooms invites readers to consider the complexities of the reading process in diverse settings. The text is designed to meet the challenges and needs of undergraduate and graduate teacher candidates in elementary education programs, helping them to have a better first year in the classroom experience. The text introduces teacher candidates to the notion that reading is a complex, multi-layered process that begins early in a child's life. Reading by all accounts is more than decoding symbols on a page. While this is one component of the reading process, it is important for teacher candidates to see a broader, more complete picture of reading. Given the role that reading plays in the elementary school curriculum, it is imperative that teachers have a well-developed understanding of the reading process and what it means to be a teacher of readers.

Literate Lives: Teaching Reading and Writing in the Elementary Classroom covers the major theories and application strategies of the reading process as well as current debates in the field, using a unique framework that builds upon the following themes: believing that literacy is based in social, cultural, and historical contexts; assuming an inquiry stance; being problem posers and wondering why; using *kidwatching* (Goodman, 1985) as an assessment tool to make informed instructional decisions; recognizing and using the multiple literacies that children bring to the classroom; lingering and reflecting on one's decisions in light of what one knows and believes.

Literacy Triangle (LeAnn Nickelson, Melissa Dickson, 2022-06-28) Accelerate learning with high impact strategies. Beginning and veteran teachers alike will find insights and practices they can use immediately. The authors dovetail their proven instructional process of chunk, chew, check, change with before, during, and after reading strategies in this must-have guide for powerful literacy instruction. No matter what content area you teach, this book will help you develop the strategic reader in every student. K-8 teachers who are interested in high impact teaching strategies will learn how to incorporate the literacy triangle's three points: reading, discussing, and writing into instruction for any subject. Cut through the conflict caused by the reading wars and gain clarity on the science behind effective, well-rounded literacy instruction. Help students enjoy reading, gain comprehension, and build reading stamina. Get differentiation ideas for scaffolding and enriching each strategy using best practices in literacy instruction. Discover how to engage students in opportunities for making meaning, choosing texts, and leading discussions. Understand how setting a student's purpose for reading can encourage focus, engagement, deeper conversations, and a motivation to keep reading with literacy strategies.
