This profoundly and comprehensively explores the requirements and techniques of teaching listening and speaking skills. Additionally, it examines the challenges of teaching these skills and the practical techniques for overcoming them in order to have successful teaching and learning processes. More importantly, this book provides highly engaging, multi-tiered assessment tools that empower teachers to activate and enrich students' listening potentials and trigger their speaking creativity through evaluating their current listening and speaking capabilities, rectifying their points of weaknesses, and building on their points of strengths. This book also demonstrates various ways of using technology in order to add more vividness and diversity to teaching and enhancing both listening and speaking skills. In a nutshell, this book is an extremely useful springboard for teaching, acquiring, and boosting these core skills owing to its practicality, diversity, and rich resources. Contemporary ELT Strategies in Engineering Pedagogy S. Mekala, Geetha R, 2022-03-17. This book explores innovative pedagogical practices and teaching and learning strategies in the engineering curriculum for empowered learning. It highlights the urgency for developing specific skill sets among students that meet the current market recruitment needs. The authors present a detailed framework for fostering a higher level of competence in students, especially in their communication skills, their knowledge of media and technology tools, and their leadership skills. The book offers examples of new and effective teaching strategies, including cognitive, metacognitive, and socio-affective strategies, which align well with the existing and evolving technical curriculum. The book will be of interest to teachers, students, and researchers of education, engineering, and higher education. It will also be useful for English language teachers, educators, and curriculum developers.

Exploring the Role of Strategic Intervention in Form-focused Instruction Olga Trendak, 2014-11-11. The monograph is devoted to the notion of strategic intervention and its application in the foreign language classroom, in particular with reference to teaching grammar structures. The first four chapters, which are theoretical in nature, address such concepts as form-focused instruction, language learning strategies, and strategies-based instruction. The last chapter provides insight into the results of a study investigating the grammar learning strategies employed by advanced learners of English. Additionally, the chapter presents the views of foreign language teachers on the idea of introducing strategy training in the foreign language classroom. The book closes with the discussion concerning the implementation of strategy training and its value in teaching target language grammar.
