Presidential Polls And The News Media Paul J Lavrakas, Michael Traugott, Peter V Miller, 2019-06-26 Most news media are data rich but analysis poor when it comes to election polling Since election polls clearly have the power to influence campaigns and election post mortems it is important that spin not take precedence over significance in the reporting of poll results In this volume experts in the media and in academe challenge the conventional approaches that most news media take in their poll based campaign coverage The book reports new research findings on news coverage of recent presidential elections and provides a myriad of examples of how journalists and news media executives can improve their analysis of poll data thereby better serving our political processes **Renovation Nation** Fiona R. account of home in all its manifestations It's about our fetish for home and ownership Why are Australians so obsessed with interest rates home ownership home beautification investment properties real estate Fiona Allon looks at our own homes why we renovate why shows like *The Block* were so incredibly popular why housing affordability has become one of the key political and social issues and finds that we have become more inward looking than ever She also looks at the national home and at why we became so anxious about keeping some people out of the country or away from places some thought they owned like Cronulla Beach Provided by publisher *Mr. Speaker!* James Grant, 2012-05-15 Originally published New York

young activists **Numbered Voices** Susan Herbst, 1995-08-15 Quantifying the American mood through opinion polls appears to be an unbiased means for finding out what people want But in Numbered Voices Susan Herbst demonstrates that the way public opinion is measured affects the use that voters legislators and journalists make of it Exploring the history of public opinion in the United States from the mid nineteenth century to the present day Herbst shows how numbers served both instrumental and symbolic functions not only conveying neutral information but creating a basis authority Addressing how the quantification of public opinion has affected contemporary politics and the democratic process Herbst asks difficult but fundamental questions about the workings of American politics An original and thought provoking analysis of why we have polls what they accomplish and how they affect the current political scene Herbst s scholarship is impeccable her writing is clear and crisp and her findings are original Every reader will benefit by carefully weighing the issues she raises and the conclusions she draws Doris A Graber Political Science Quarterly An intelligent theoretically rich and historically broad account of public opinion over several millennia The historical accounts are interesting and her interpretations are thought provoking Paul Brace Journal of American History **Senatorial Campaign Expenditures, 1930: Nebraska, pts. 1-3** United States.
