Streamline English, 1994 A Corpus of Formal British English Speech Gerry Knowles, Lita Taylor, Briony Williams, 2014-07-22 This work provides 50 000 words of prosodically transcribed text from a variety of sources The introduction explains fully the transcription conventions the structure of the corpus and its relationship to other computer corpora and provides examples of different versions of texts Working with Words Ruth Gairns, Stuart Redman, 1986 A practical guide on how to select organise and teach vocabulary to students of all levels **The Construction of English** J. Gray, 2010-09-29 This book takes the view that ELT global coursebooks in addition to being curriculum artefacts are also highly wrought cultural artefacts which seek to make English mean in highly selective ways and it argues that the textual construction and imaging of English parallels the processes of commodity promotion more generally *Grammar in ELT and ELT Materials* Graham Burton, 2023-06-06 This book investigates the content of the grammar syllabus typically employed in mainstream English Language Teaching Using a mixed methods approach the author examines how the syllabuses used in coursebooks are actually constructed how they evolved and how valid their contents are as a basis for teaching The research reported consists of a broad exploration of primary sources in order to outline the evolution of ELT pedagogical grammar ten interviews with key ELT authors and publishing professionals which allows for the investigation of the decision making processes underlying the choice of grammar content in ELT teaching materials and finally the presentation of case studies which examine three areas of grammar analysing the evolution of their treatment in ELT materials both historical and contemporary and comparing their current treatment to data on real learner use This book contributes to the literature on syllabus design and pedagogical grammar and builds on existing research into materials design It will be of interest to researchers and professionals working in the fields of applied linguistics pedagogical grammar curriculum design and materials design **Streamline English** Bernard Hartley, Peter Viney, 1996 A classic and flexible course Materials development for TESOL Freda Mishan, 2015-06-03 Materials development has become much more important in the field of TESOL in the last twenty years modules on materials development are now commonplace on MA TESOL courses around the world The overall aim of the book is to introduce readers to a wide range of theoretical and practical issues in materials development to enable them to make informed and principled choices in the selection evaluation adaptation and production of materials The book aims to show how these choices need to be informed by an awareness of culture context and purpose **Approaches and Methods in Language Teaching** Jack C. Richards, Theodore S. Rodgers, 2014-04-16 In addition this third edition includes content on the teaching and learning environment with chapters on learners and methods teachers and methods plus approaches methods and the curriculum **The Oxford Handbook of Comparative Law** Mathias Reimann, Reinhard Zimmermann, 2019-03-26 This fully revised and updated second edition of The Oxford Handbook of Comparative Law provides a wide ranging and diverse critical survey of comparative law at the beginning of the twenty first

century It summarizes and evaluates a discipline that is time honoured but not easily understood in all its dimensions In the current era of globalization this discipline is more relevant than ever both on the academic and on the practical level The Handbook is divided into three main sections Section I surveys how comparative law has developed and where it stands today in various parts of the world This includes not only traditional model jurisdictions such as France Germany and the United States but also other regions like Eastern Europe East Asia and Latin America Section II then discusses the major approaches to comparative law its methods goals and its relationship with other fields such as legal history economics and linguistics Finally section III deals with the status of comparative studies in over a dozen subject matter areas including the major categories of private economic public and criminal law The Handbook contains forty eight chapters written by experts from around the world The aim of each chapter is to provide an accessible original and critical account of the current state of comparative law in its respective area which will help to shape the agenda in the years to come Each chapter also includes a short bibliography referencing the definitive works in the field
