Critical Theory at a Crossroads Stijn De Cauwer, 2018-07-31 We are living in an age of crisis or an age in which everything is labeled a crisis Financial debt and refugee crises have erupted The word has also been applied to the Arab Spring and its aftermath Brexit the 2016 U S election and many other international events Yet the term has contradictory political and strategic meanings for those challenging power structures and those seeking to preserve them For critics of the status quo can the rhetoric of crisis be used to foment urgency around issues like climate change and financialization or does framing a situation as a crisis play into the hands of the existing political order which then seeks to tighten the leash by creating a state of emergency Critical Theory at a Crossroads presents conversations with prominent theorists about the crises that have marked the past years the protest movements that have risen up in response and the use of the term in political discourse Tariq Ali Rosi Braidotti Wendy Brown Maurizio Lazzarato Angela McRobbie Jean Luc Nancy Antonio Negri Jacques Rancière Saskia Sassen and Joseph Vogl offer their views on contemporary challenges and how we might address them candidly discussing the alternatives that new social movements have offered alongside an exchange between Zygmunt Bauman and Roberto Esposito on theories of community Sparring over crucial developments in these past years of catastrophe and the calamity of everyday life under capitalism they shed light on how crises and the discourse of crisis can both obscure and reveal fundamental aspects of modern societies Growing Up Communist in the Netherlands and Britain Elke Weesjes, 2025-10-01 Growing Up Communist in the Netherlands and Britain Childhood Political Activism and Identity Formation documents communists attempts successful and otherwise to overcome their isolation and to connect with the major social and political movements of the twentieth century Communist parties in Britain and the Netherlands emerged

from the Second World War expecting to play a significant role in post war society due to their domestic anti fascist activities and to the part played by the Soviet Union in defeating fascism The Cold War shattered these hopes and isolated communist parties and their members By analysing the accounts of communist children Weesjes highlights their struggle to establish communities and define their identities within the specific cultural social and political frameworks of their countries

Hill, 2018-08-09 *Peace and Power in Cold War Britain* explores the ban the bomb and anti Vietnam War movements from the perspective of media history focusing in particular on the relationship between radicalism and the rise of television In doing so it addresses two questions both of which seem to recur with each major breakthrough in communications technology what do advances in communications media mean for democratic participation in politics and how do distinctive types of media condition the very nature of that participation itself In answering these the book views the ban the bomb and anti Vietnam War movements in relation to communication power and media discourse It highlights how these movements intersected with parts of public life that were being transformed by television themselves shaping struggles for social change among activists and public intellectuals on the streets in the Labour Party and in the law courts The significance of this relationship between media and movements was complex and wide ranging Christopher R Hill demonstrates that it contributed to the enrichment of democracy in Cold War Britain with radicals serving to innovate and pioneer creative forms of political expression from both in and outside of media organisations However the movements

increasingly succumbed to news coverage and values that revolved around human interest and violence feeding into the revolutionary spectacle of 1968 and the turn towards identity politics **1971** Srinath Raghavan,2013-11-12 The war of 1971 that created Bangladesh was the most significant geopolitical event in the Indian subcontinent since partition in 1947 It tilted the balance of power between India and Pakistan steeply in favor of India Srinath Raghavan contends that the crisis and its cast of characters can be understood only in a wider international context **Canada's 1960s** Bryan D. Palmer,2009-01-01 Focusing on the major movements and personalities of the time as well as the lasting influence of the period Canada s 1960s examines the legacy of this rebellious decade s impact on contemporary notions of Canadian identity
