**Lloyd's Register of Shipping 1890** Lloyd's Register Foundation,1890-01-01 The Lloyd s Register of Shipping records the details of merchant vessels over 100 gross tonnes which are self propelled and sea going regardless of classification Before the time only those vessels classed by Lloyd s Register were listed Vessels are listed alphabetically by their current name      Television and the Second Screen James Blake,2016-11-10 Television is changing almost beyond recognition In the battle for consumers social media sites smart phones and tablets have become rivals to traditional linear TV However audiences and producers are also embracing mobile platforms to enhance TV viewing itself This book examines the emerging phenomenon of the second screen where users are increasingly engaging with content on two screens concurrently The practice is transforming television into an interactive participatory and social experience James Blake examines interactive television from three crucial angles audience motivation and agency advances in TV production and the monetisation of second screen content He also tracks its evolution by bringing together interviews with more than 25 television industry professionals across the major UK channels including commissioning editors digital directors producers and advertising executives These reveal the successes and failures of recent experiments and the innovations in second screen projects As the second screen becomes second nature for viewers and producers the risks and opportunities for the future of television are slowly beginning to emerge Television and the Second Screen will offer students and scholars of television theory industry professionals and anyone with an abiding interest in television and technology an accessible and illuminating guide to this important cultural shift      *The National Provisioner* ,1903      **St. Nicholas** ,1900      **Transcendental Wordplay** Michael West,2000 Throughout the first half of the nineteenth century America was captivated by a muddled notion of etymology New England Transcendentalism was only one outcropping of a nationwide movement in which schoolmasters across small town America taught students the roots of words in ways that dramatized religious issues and sparked wordplay Shaped by this ferment our major romantic authors shared the sensibility that Friedrich Schlegel linked to punning and christened romantic irony Notable punsters or etymologists all they gleefully set up as sages creating jocular masterpieces from their zest for oracular wordplay Their search for a primal language lurking beneath all natural languages provided them with something like a secret language that encodes their meanings To fathom their essentially comic masterpieces we must decipher it Interpreting Thoreau as an ironic moralist satirist and social critic rather than a nature loving mystic Transcendental Wordplay suggests that the major American Romantics shared a surprising conservatism In this award winning study Professor West rescues the pun from critical contempt and allows readers to enjoy it as a serious form of American humor      Service and Regulatory Announcements United States.
