## **Streetwise The Complete Manual Of Personal Security And Self Defence:**

**Streetwise** Peter Consterdine, 1998-02 This illustrated guide covers all aspects of self defence and personal security in the street car and home In addition to providing explanations of the various combat and martial arts techniques the author describes how to recognize an impending attack and how to deal with the attack **The Security Society** Francis

Dodsworth, 2019-05-07 This book provides a critical engagement with the idea of the security society which has been the focus of so much attention in criminology and the social sciences more broadly Security has been argued to constitute a new mode of social ordering displacing the disciplinary society that Foucault saw as characteristic of the liberal era He saw a control society or risk society characteristic of Neo Liberalism in which the deviant behaviour of particular individuals as less important than general attempts to offset risk and reduce harm Dodsworth argues that much of this literature is extraordinarily present ist in orientation denying the long history of attempts to mitigate risk prevent harm and manage security which have always been a part of the government of order This book develops a critical history of security a thematic analysis of debates about security and aspects of the security society which puts contemporary arguments and practices in dialogue with the texts and practices of the past In doing so the book develops a cultural analysis of the meanings of security and the way these meanings have been articulated in particular practical contexts in order to understand how the promise of security has so effectively captured the imagination and channeled the effective engagement of people throughout the modern period **Beyond the Bodyguard** Gavriel Schneider, 2009 This book is an advanced well rounded and in depth

view about what it takes to be the best in the international arena in a world where change is the only constant It is endorsed by a wide range of industry experts This well researched book will take you to higher levels enabling you to be among the best in the demanding world of the truly professional bodyguard by giving you the tools to develop and measure yourself Who would benefit from this unique and powerful book 1 Everyone who is in or wants to be involved in the close protection industry 2 Everyone in the security industry worldwide including Police military and related agencies Anti terror and counter terrorist units Current Close Protection or bodyguarding organizations Private security organizations and companies 3 High level corporate and all users of Close Protection or special security services 4 Specialist security trainers worldwide 5 Academic institutions that have security education departments 6 Security regulators and standards bodies This book is unique because it is one of the only works on the market based on scientific research principles and practical experience Beyond the Bodyguard is endorsed by a wide range of industry experts *Can I See your Hands* Gavriel

Schneider, 2017-09-01 The title of this book CAN I SEE YOUR HANDS refers to one of the key outcomes of this book being able to tell whether or not people want to cause us harm To put it very simply if you can see someone s hands and they are not concealing them holding a weapon or positioning to strike you one s levels of trust and confidence can increase This simple example can serve as a reminder to all of us in many of the complex moments we have to deal with and difficult

decisions we have to make in everyday life      *Mental Health Nursing* Stephan D. Kirby, Denis Hart, Dennis Cross, 2017-03-14
